Secrets Of Christ Novel:

Secrets of Christ Dean C. Dauw, 1997 **Secret Scriptures Revealed** Tony Burke, 2013-12-19 The Christian Apocrypha burst into the public consciousness in 2003 following the publication of *The Da Vinci Code* by Dan Brown. Interest in the wide assortment of texts not included in the Bible has remained strong ever since. Although much has been written and said on the subject, misunderstandings still abound. Tony Burke's *Secret Scriptures Revealed* dismantles the many myths and misconceptions about the Christian Apocrypha and straightforwardly answers common questions like these: Where did the apocryphal texts come from and who wrote them? Why were they not included in the Bible? Is reading these texts harmful to personal faith? The book describes and explains numerous fascinating apocryphal stories, including many that are not well known. Instead of dismissing or smearing the Christian Apocrypha, Burke shows how these texts can help us better understand early Christian communities and the canonical Bible.

The Secret Library Oliver Tearle, 2016-09-29 As well as taking in the well-known titles that have helped shape the world in which we live, *The Secret Library* brings to light more neglected items among the bookshelves of the world.

The Secret Disciple Mark Penderghast, 2019-04-18 There met him out of the tombs a man with an unclean spirit who lived among the tombs and no one could bind him anymore even with a chain. And Jesus asked him, "What is your name?" He replied, "My name is Legion, for we are many." Mark 5:29. *The Secret Disciple* offers a riveting and plausible alternative version of the advent of Christianity based on a close reading of the gospels. This religious mystery story comes to the startling conclusion that the risen Jesus was in fact Legion. Jeremiah, the secret disciple. If you are among those who have always questioned the story of the resurrection or wondered about the family of Jesus, this book is for you. **WHAT OTHERS ARE SAYING** *The Secret Disciple* retells the Christ story in beautiful language, demystifying the resurrection miracle and envisaging Jesus as a true prophet of his times whose demon-haunted follower Jeremiah becomes his most devoted disciple with startling consequences. Readers also meet narrator Mary Magdalene, thick-headed Simon Peter, and James, the younger brother of Jesus. A magnificent and fascinating read. Bill Schubart, author *The Priest*.

The Book of Unexplained Mysteries Will Pearson, 2019-10-17 How were the hunter-gatherers of Göbekli Tepe able to build a series of stunning stone monuments six thousand years before Stonehenge? Was the so-called Wow Signal a radio transmission from deep space or the ambient resonating frequency of a passing comet? What happened mid-Atlantic to the passengers and crew of the *Mary Celeste*, leaving the abandoned ship to sail on by itself? Wonderful and weird, here are twenty incredible mysteries that continue to enthrall and perplex. Each unexplained mystery, whether ancient or modern, presents the reader with its own unique challenge.

The Gnostic Mysteries Jacquelyn Small, 2019-08-13 Based on Christianity's Gnostic foundations and the lost secret teachings of Jesus, this book is a thought-provoking conjecture on ways to manifest the Kingdom of Heaven on Earth, an inspirational reminder of what Christianity was intended to be.

The New Psychology of Leadership S. Alexander Haslam, Stephen D. Reicher, Michael J. Platow, 2010-09-13 Winner of the University of San Diego Outstanding Leadership Book Award 2012 Shortlisted for the British Psychological Society Book Award 2011 Shortlisted for the CMI Chartered Management Institute Management Book of the Year Award 2011 2012 According to John Adair the most important word in the leader s vocabulary is we and the least important word is I But if this is true it raises one important question why do psychological analyses of leadership always focus on the leader as an individual as the great I One answer is that theorists and practitioners have never properly understood the psychology of we ness This book fills this gap by presenting a new psychology of leadership that is the result of two decades of research inspired by social identity and self categorization theories The book argues that to succeed leaders need to create champion and embed a group identity in order to cultivate an understanding of us of which they themselves are representative It also

shows how by doing this they can make a material difference to the groups organizations and societies that they lead Written in an accessible and engaging style the book examines a range of central theoretical and practical issues including the nature of group identity the basis of authority and legitimacy the dynamics of justice and fairness the determinants of followership and charisma and the practice and politics of leadership The book will appeal to academics practitioners and students in social and organizational psychology sociology political science and anyone interested in leadership influence and power

The Woman with a Secret Alice King,1872 *The Expository Times* ,1898 **Why Harry Met Sally** Joshua Louis Moss,2017-07-18 Explicating one of the most potent and recurring mass culture fantasies this book explores Jewish Christian couplings across a century of popular American literature theater film and television *The laird's secret* Jane H. Jamieson,1885 *The Christian's Secret of a Happy Life* Hannah Smith (formerly Whitall.),1876 **The Christian's Secret of a Happy Life, by H W S** Hannah Whitall Smith,1875 Settle down on this one thing wrote Hannah Whitall Smith that Jesus came to save you now in this life from the power and dominion of sin and to make you more than conquerors through His power The exciting message of freedom from the bondage of sin to the life of Christ is what has made The Christian s Secret of a Happy Life a favorite for more than a century Smith s masterwork is personal practical and powerful and overflowing with substance for thought This handsome softcover edition features the original unabridged text *The Life of Christ: book 3. Seed time. book 4. The first conflicts. book 5. The crisis. chap. 1-2* Bernhard Weiss,1883 **Secret Scrolls** Robert M. Price,2010-12-27 Secret Scrolls is the very first examination of some forty novels in which someone discovers a new gospel Sometimes it turns out to be a hoax will it be debunked before it can work its mischief If it proves genuine will it be brought to light Or will corrupt church officials manage to prevent it The book evaluates what each author has to say about historical Jesus scholarship or New Testament research in general Sometimes the authors have done their homework other times they haven t bothered and they wind up dishing up crazy rewrites of history and outlandish theories These novels deal with abiding issues of faith even without some new discovery As soon as one engages in biblical apologetics one has stepped onto the marshy ground of probabilistic arguments an entirely different epistemology that automatically replaces simple faith And so one comes to hold one s religious convictions more tentatively having become genuinely vulnerable to new evidence One may not remain a believer for long On the other hand one invites fanaticism if one s faith is dangerously predicated on the assurance that no new discovery will send one back to the drawing board Secret Scrolls assesses what each author imagines it would take to derail and debunk Christianity How mighty a blow must be dealt before the religion would fall Dan Brown s notion that a married Jesus would debunk the Nicene Creed is laughable As Wilbert Francis Howard once argued in his brief and fascinating history of New Testament research there is a genuine romance of New Testament scholarship and many of us are delighted to have the adventure continue in the speculative imaginations of capable novelists These books can both entertain and educate and so will Secret Scrolls *The Secret of My*
