Product Lifecycle Management (Volume 3): The Executive Summary John Stark,2017-12-28 This third volume provides an executive overview of Product Lifecycle Management PLM and details the roles that executives play in PLM initiatives This book also explains why PLM emerged why it is so important the principles of PLM strategy and the typical steps in a PLM initiative Throughout the book the author presents examples and cases studies demonstrating the various roles of executives in PLM initiatives The coverage is informed by John Stark s experience of working with companies on more than 100 PLM initiatives The present book broadens

the reader's understanding of PLM nurturing the skills needed to implement PLM successfully and to achieve world class product performance across the product lifecycle The book provides the executive reader with a thorough explanation of PLM and the required knowledge to lead or participate in a PLM Initiative **University of Michigan Official**

Publication ,1948 **Technical Abstract Bulletin** , **Fundamentals of O-RAN** Nishith Tripathi,Vijay K.

Shah,2025-03-25 Comprehensive reference on O RAN technology covering its history architecture security ecosystem and more with didactic resources included throughout Discussing both basic and advanced concepts Fundamentals of O RAN delivers a comprehensive summary of O RAN covering its history architecture control loops and microservices i.e xApps and rApps security ecosystem R for example by working with an end to end O RAN system using a network slicing functionality where the rApp provides slicing specified policies to the xApp which then allocates the base station's spectrum resources based on the slicing policy to each user belonging to a certain slice Readers will also gain an understanding of cellular networks particularly radio access networks software virtualization and software defined networking concepts and the knowledge needed to design build and test a 5G O RAN system Some of the sample topics explored in Fundamentals of O RAN include RAN evolution from black box 4G RAN to software based and virtualized RAN vRAN Components of the O RAN architecture including SMO Non RT RIC Near RT RIC O CU CP O CU UP O DU O RU and O Cloud xApp design and prototyping from scratch using open cellular software srsRAN and O RAN Software Community OSC software Examination of various security dimensions inherent in the O RAN architecture Testing and integration covering Open Test and Integration Centers OTICs global PlugFests certification and badging and end to end test specifications Work Groups WGs including WG1 to WG11 and focus groups with information on how to obtain WG specifications Fundamentals of O RAN is an essential reference for the workforce of tomorrow's cellular industry including graduate students teachers researchers faculty members engineers and employees involved in the field of wireless networks especially radio networks *Third-Party*
Certifiers Jan De Bruyne,2019-07-12 Third Party Certifiers Jan De Bruyne Third party certifiers are organisations that are independent a requesting entity They attest that a product service information or person possesses certain qualifications or meets safety quality or technical standards This important book presents an in depth analysis of the liability and obligations of certifiers evaluates existing certification processes in selected fields and proposes new mechanisms which could increase the accuracy and reliability of certifiers ratings marks or reports Highlighting the risks of errors in this activity inaccurate certification was a major factor in the global financial crisis of 2008 the author takes a comparative approach looking at the certification process in several European countries Australia and the United States Such aspects of the process as the following are thoroughly described obligations and liability of certifiers during the certification process risk of information asymmetry between the requesting entity and the end user and relationship between the civil liability of certifiers and public law aspects The analysis includes detailed research on key industries and jurisdictions and a specific proposed framework for

more accurate and reliable certification Because the efficient and effective functioning of third party certifiers is extremely important in today s world especially in such areas as health the environment safety or economic values this deeply researched contribution to an important area of commercial law combining analysis of current issues with proposed reforms will be welcomed by practitioners when confronted with legal issues with regard to the certification process The book s conceptual framework will also prove highly useful for policymakers charged with developing reliable certification mechanisms

Application of Big Data, Blockchain, and Internet of Things for Education Informatization Yinjun Zhang,Nazir Shah,2024-06-24 The five volume set LNICST 580 584 constitutes the proceedings of the Third EAI International Conference on Application of Big Data Blockchain and Internet of Things for Education Informatization BigIoT EDU 2023 held in Liuzhou China during August 29 31 2023 The 272 full papers presented in these proceedings were carefully reviewed and selected from 718 submissions With a primary focus on research fields such as Digitization of education Smart classrooms and Massive Online Open Courses MOOCs these papers are organized in the following topical sections across the five volumes Part I Application of data mining in smart education Application of intelligent algorithms in English teaching Part II Application of decision tree algorithm in intelligent management system of universities Research on the application of Big data in smart teaching Part III Exploration of the application of computer aided technology in intelligent translation Application of neural network algorithms in intelligent teaching Application of artificial intelligence algorithms in the field of smart education Part IV Research on smart teaching in deep learning Research and application of recommendation algorithms in personalized intelligent education Application of cloud computing in intelligent teaching resource library Application research of computer aided online intelligent teaching Part V Application and practice of new media in smart teaching Application of clustering algorithm in intelligent education resource library Application of association rule algorithm in intelligent education system

Advances in Internet, Data & Web Technologies Leonard Barolli,Elis Kulla,Makoto Ikeda,2022-02-01 This book presents original contributions to the theories and practices of emerging Internet data and Web technologies and their applicability in businesses engineering and academia Internet has become the most proliferative platform for emerging large scale computing paradigms Among these data and Web technologies are two most prominent paradigms in a variety of forms such as Data Centers Cloud Computing Mobile Cloud Mobile Web Services and so on These technologies altogether create a digital ecosystem whose corner stone is the data cycle from capturing to processing analysis and visualization The investigation of various research and development issues in this digital ecosystem is boosted by the ever increasing needs of real life applications which are based on storing and processing large amounts of data As a key feature it addresses advances in the life cycle exploitation of data generated from the digital ecosystem data technologies that create value for the knowledge and businesses toward a collective intelligence approach Researchers software developers practitioners and students interested in the field of data and Web technologies find this book useful and a
