Governing Codes Karrin Vasby Anderson, Kristina Horn Sheeler, 2005-08-23 Familiar narratives and simplistic stereotypes frame the representation of women in U.S. politics Pervasive containment rhetorics such as the distinction between women as mothers and caregivers and men as rational thinkers create unique hurdles for any woman seeking public office While these governing codes generally act to constrain female political power they can also be harnessed as a resource depending on the particular circumstances e.g. party affiliation geographic location and personal style One of these governing codes the metaphor is an especially powerful tool in politics today particularly for women By examining the political careers of four of the most prominent and influential women in contemporary U.S. politics Democrats Ann Richards and Hillary Rodham Clinton and Republicans Christine Todd Whitman and Elizabeth Dole_Karrin Vasby Anderson and Kristina Horn Sheeler

illustrate how metaphors in public discourse may be both familiar narratives to embrace and boundaries to overturn

The Making of the President 2016 Roger Stone, 2017-01-31. In the tradition of Theodore White's landmark books, the definitive look at how Donald J. Trump shocked the world to become president. From Roger Stone, a New York Times bestselling author, longtime political adviser and friend to Donald Trump, and consummate Republican strategist, comes the first in-depth examination of how Trump's campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming. In the early hours of November 9, 2016, one of the most contentious, polarizing, and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J. Trump to concede, shocking a nation that had only hours before given little credence to his chances. Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media. Stone, a long-time Trump retainer and confidant, gives us the inside story of how Donald Trump almost single-handedly harnessed discontent among forgotten Americans despite running a guerrilla-style grass roots campaign to compete with the smooth running and free spending Clinton political machine. From the start, Trump's campaign was unlike any seen on the national stage: combative, maverick, and fearless. Trump's nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security. Here, Stone outlines how Donald Trump skillfully ran as the anti-Open Borders candidate as well as a supporter of American sovereignty and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters. The veteran adviser to Nixon, Reagan, and Trump charts the rise of the alt-conservative media and the end of the mainstream media monopoly on voter impacting information dissemination. This is an insider's view that includes studying opposition research into Bill Hillary and Chelsea Clinton's crimes and the struggle by the Republican establishment to stop Trump, and how they underestimated him. Stone chronicles Trump's triumph in three debates where he skillfully lowered expectation levels but skewered Mrs. Clinton for the corruption of the Clinton Foundation, her mishandling of government email, and her incompetence as Secretary of State. Stone gives us the inside word on Julian Assange, Wikileaks, Clinton campaign chief John Podesta, Huma Abedin, Anthony Weiner, Carlos Danger, Doug Band, Jeffery Epstein, and the efforts to hide the former first lady's infirmities and health problems. Stone dissects the phony narrative that Trump was in cahoots

with Russian strongman Vladimir Putin or that the e mails released by Wikileaks came from the Russians

The Making of the President 2016 reveals how Trump brilliantly picked at Hillary Clinton s weaknesses particularly her reputation as a crooked insider and ignited the passions of out of work white men and women from the rust belt and beyond at a time when millions of Americans desperately wanted change

Stone also reveals how and why the mainstream media got it wrong including how the polls were loaded and completely misunderstood who would vote

Stone s analysis is akin to Theodore H White s seminal book *The Making of the President 1960* It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard bitten political survivor who Donald Trump called one tough cookie

Women and the Criminal Justice System Katherine Stuart van Wormer, Clemens Bartollas, 2021-12-30 This book presents an up to date analysis of women as victims of crime as individuals under justice system supervision and as professionals in the field The text features an empowerment approach that is unified by underlying themes of the intersection of gender race and class and evidence based research Personal narratives supplement research and statistics to help students connect the text material with real life situations This new edition is informed by consideration of major ongoing social movements such as MeToo Black Lives Matter and the fight to reduce mass incarceration The text stresses contemporary topics such as recognition of lesbian bisexual and transgender issues in juvenile and adult facilities the introduction of trauma informed care in detention centers and prisons the criminalization of Black girls and women the effects of an increasingly militarized police culture and the contributions of Ruth Bader Ginsburg and other influential women With its emphasis on critical thinking this text is ideal for undergraduate courses concerning women in the justice system

Madame Secretary Raúl Eduardo Chao, 2016-08-11 This book presents 40 reasons why Hillary Clinton should not be elected to the presidency of the United States in 2016 All historical references and arguments are taken from prestigious magazines and newspapers like the New York Times the Washington Post CNN and the Wall Street Journal The author contends that the only path for Hillary s road to the White House is to destroy her adversary much like Barrack Obama did against Mitt Romney in the 2012 elections No candidate to the presidency of the US has ever had so many scandals lies and conflicts of interest than Hillary Clinton If she reaches the presidency her appointments to the Supreme Court will affect the growth and constitutional order in the US for several generations into the future America should not go back to the corruption and crony capitalism of the 1990s She should be stopped while there is time Not voting in 2016 will get Americans a Supreme Court that will forever distort and destroy the legacy of our founding fathers

Hillary's America Dinesh D'Souza, 2016-07-18 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country

Stench David Brock, 2024-09-17 A blistering expos of Clarence Thomas and the conservative regime of corruption that has usurped the Supreme Court by a Democratic activist and former Republican political operative Public confidence in the Supreme Court has plummeted to new lows in the last few years and for good reason In the past three decades six conservative justices have gained a supermajority

through questionable means a dubious intervention in a presidential election perjury during Senate testimony and a GOP Senate Leader's unethical blockade of a Supreme Court nomination Behind this strategic dismantling of our Supreme Court is a vast well funded political machine backed by the extreme right wing Federalist Society the notoriously secretive Catholic organization Opus Dei and GOP megadonors operating from behind closed doors Armed with an insider's perspective from his time within the conservative movement David Brock reveals how the efforts to stack the Court in service of extreme right wing interests stem from a decades long strategy to weaponize our judicial system into an extension of the Republican Party itself Stench investigates the ethics scandals that surround Clarence Thomas and his wife the right wing activist Ginni Thomas culling new material from Thomas's accusers along with original reporting and Brock's firsthand knowledge of the inner workings of the GOP Stench is a staggering exposé one that only Brock could write exhaustive in its research and revelatory in its access to the world of what has effectively become the Thomas Court
