Sleeping With the Lights On Darryl Jones, 2018-10-04 Four o'clock in the morning and the lights are on and still there's no way we're going to sleep not after the film we just saw The book we just read Fear is one of the most primal human emotions and one of the hardest to reason with and dispel So why do we scare ourselves It seems almost mad that we would frighten ourselves for fun and yet there are thousands of books films games and other forms of entertainment designed to do exactly that As Darryl Jones shows the horror genre is huge Ranging from vampires ghosts and werewolves to mad scientists Satanists and deranged serial killers the cathartic release of scaring ourselves has made its appearance in everything from Shakespearean tragedies to internet memes Exploring the key tropes of the genre including its monsters its psychological chills and its love affair with the macabre Darryl Jones discusses why horror stories disturb us and how society responds to literary and film representations of the gruesome and taboo Should the enjoyment of horror be regarded with suspicion Are there different levels of the horrific and should we distinguish between the commonly reviled carnage of contemporary torture porn and the culturally acceptable bloodbaths of ancient Greek tragedies Analysing the way in which horror manifests multiple personalities and has been used throughout history to articulate the fears and taboos of the current generation Jones considers the continuing evolution of the genre today As horror is mass marketed to mainstream society in the form of romantic vampires and blockbuster hits it also continues to maintain its former shadowy presence on the edges of respectability as banned films and violent internet phenomena push us to question both our own preconceptions and the terrifying capacity of human nature

SAW Ben Poole,2011-09-18 Like all game changers within the horror genre SAW was an independent success a low budget champion that flourished without the patronage of a big studio Not bad for the most successful horror franchise ever which has spawned subsidiary media and masses of merchandise including a theme park rollercoaster ride What is it about SAW that attracted such a following In his contribution to the Devil s Advocates series Ben Poole considers the SAW phenomenon from all aspects of film and media studies from its generic pedigree in both literature and film to the visceral audience pleasures what would I do of the text to the contrasting representations of men and women and the film s implicit criticism of masculinity

The wounds of nations Linnie Blake,2013-07-19 The wounds of nations Horror cinema historical trauma and national identity explores the ways in which the unashamedly disturbing conventions of international horror cinema allow audiences to engage with the traumatic legacy of the recent past in a manner that has serious implications for the ways in which we conceive of ourselves both as gendered individuals and as members of a particular nation state Exploring a wide range of stylistically distinctive and generically diverse film texts its analysis ranges from the body horror of the American 1970s to the avant garde proclivities of German

Reunification horror from the vengeful supernaturalism of recent Japanese chillers and their American remakes to the post Thatcherite masculinity horror of the UK and the resurgence of hillbilly horror in the period following September 11th 2001 In each case it is argued horror cinema forces us to look again at the wounds inflicted on individuals families communities and nations by traumatic events such as genocide and war terrorist outrage and seismic political change wounds that are all too often concealed beneath ideologically expedient discourses of national cohesion By proffering a radical critique of the nation state and the ideologies of identity it promulgates horror cinema is seen to offer us a disturbing yet perversely life affirming means of working through the traumatic legacy of recent times **I Spit on Your Grave** David

Maguire,2018-03-27 There is no denying that Meir Zarchi's I Spit on Your Grave 1978 deserves its title as one of the most controversial films ever made While many condemn it as misogynistic others praise it for raising uncomfortable issues about sexual violence While its reputation as a cult film has undoubtedly been cemented by its unique position in the 1970s 80s exploitation era and the video nasties scandal it has also become mythologized by its own official and unofficial franchises David Maguire examines why the film still continues to provoke fierce debate forty years on not only investigating the historical social and political landscape into which the film was first released and condemned but also examining how it has inadvertently become ground zero for the rape revenge genre because of its countless imitators The book explores how academic study has reevaluated the film's importance as a cultural statement on gender the conflicting readings that it throws up the timeless appeal of its story as examined through folklore and mythology and its updating to reflect contemporary issues in a post 9 11 world of vengeance and retaliation **Nazisploitation!** Daniel H. Creepshow Simon Brown, 2019-07-09 Released in cinemas in 1982 Creepshow is typically regarded as a minor entry in both the film output of George A Romero and the history of adaptations of the works of Stephen King Yet this lack of critical attention hides the fact that Creepshow is the only full collaboration between America's bestselling author of horror tales and one of the masters of modern American horror cinema Long considered too mainstream for the director of Dawn of the Dead 1978 too comic for the author that gave audiences the film versions of Carrie 1976 and The Shining 1980 and too violent for a cinemagoing public turning away from gore cinema in the autumn of 1982 Creepshow is here reassessed by Simon Brown who examines the making and release of the film and its legacy through a comic book adaptation and two sequels His analysis focuses on the key influences on the film not just Romero and King but also the anthology horrors of Amicus Productions body horror cinema and the special make up effects of Tom Savini the relationship between horror and humor and most notably the tradition of EC horror comics of the 1950s from which the film draws both its thematic preoccupations and its visual style Ultimately the book argues that not only is Creepshow a major work in the canons of Romero and King but also that it represents a significant example of the portmanteau horror film of the blending of horror and comedy and finally decades before the career of Zack Snyder Watchmen Man of Steel of attempting to recreate a comic book aesthetic on the big screen
