is that history has shown how certain species have persuasively coexisted with humans for so many millennia yet a conflict happens between animals and humans and within humans over animals It is thus logical to believe that the forces which create this conflict cannot solely be natural to the species in question and have to come from outside from the settlement patterns of both species and the net resultant force and dynamics The book looks at these dichotomies in four distinct but interrelated ways It delves deep inside four niches which form the dynamics of any settlement spatial cultural ecological and economic and explores all scales at which the succession and evolution of animals take place in highly urbanized settlements

Michael Walker,2018-06-30 This book can be very helpful to those who find it hard to talk to people about their problems Those who find it hard to interact with other people whose lives are so hectic with work and children which are so demanding they cant even find time to go to Church He wants them to have the consolation that God is right by their side and they are not alone We also have the assurance that he is always willing to help them when they call out to him Looking at the situation of the world in which we are living in today and observing the suffering and pain that the nations are going through I have always sought to find a solution whenever any problems arise in life When I study the Bible the Word of God I find that he has given us the solutions but it seems that we refuse to accept his guidance and seek to find our own

answers but sad to say that our answers do not help us When God Created the World he put every thing in motion to sustain life and to heal our Sickness and Diseases We have however gone so far away from his teachings and we have now developed our own ways and rejected his way My advice is that we seek to find his way and obey his will Let us not forget the words of Jesus Christ who told us that God is our Father and as Father he has the responsibility for our well being
