**See Under--love** David Grossman, 1990-01 *See under love* David Grossman, 1986 Theological Stains Assaf Shelleg, 2020-11-20 *Theological Stains* offers the first in depth study of the development of art music in Israel from the mid twentieth century to the turn of the twenty first In a bold and deeply researched account author Assaf Shelleg explores the theological grammar of Zionism and its impact on the art music written by emigrant and native composers He argues that Israeli art music caught in the tension between a biblicentric territorial nationalism on the one hand and the histories of deterritorialized Jewish diasporic cultures on the other often features elements of both of these competing narratives Even as composers critically engaged with the Zionist paradigm they often reproduced its tropes and symbols thereby creating aesthetic hybrids with theological stains Drawing on newly uncovered archives of composers autobiographical writings and musical sketches Shelleg closely examines the aesthetic strategies that different artists used to grapple with established nationalist representations As he puts the history of Israeli art music in conversation with modern Hebrew literature he weaves a rich tapestry of Israeli culture and the ways in which it engaged with key social and political developments throughout the second half of the twentieth century In analyzing Israeli music and literature against the backdrop of conflicts

over territory nation and ethnicity Theological Stains provides a revelatory look at the complex relationship between art and politics in Israel *Véase: amor* David Grossman,1993 **Translating Israel** Alan L. Mintz,2001-06-01 Reflects the rise of literature in modern day Israel and the problematic reception of literature in America and within the American Jewish community Israeli literature provides a unique lens for viewing the inner dynamics of this small but critically important society In addition its leading writers such as S Y Agnon Yehuda Amichai Amos Oz and A B Yehoshua among others are recognized internationally as major world literary figures Despite this international recognition the rich literary tradition of Israeli literature has failed to reverberate and find significant readership or a following in America even among the American Jewish community Alan L Mintz traces the reception of Israeli literature in America from the 1970s to the present He analyzes the influences that have shaped modern Israeli literature and reflects on the cultural differences that have impeded American and American Jewish appreciation of Israeli authors Mintz then turns his attention to specific writers examining their reception or lack thereof in America and places them within the emerging unfolding critical dialogue between the Israeli and American literary culture **Contemporary World Fiction** Juris Dilevko,Keren Dali,Glenda Garbutt,2011-03-17 This much needed guide to translated literature offers readers the opportunity to hear from learn about and perhaps better understand our shrinking world from the perspective of insiders from many cultures and traditions In a globalized world knowledge about non North American societies and cultures is a must Contemporary World Fiction A Guide to Literature in Translation provides an overview of the tremendous range and scope of translated world fiction available in English In so doing it will help readers get a sense of the vast world beyond North America that is conveyed by fiction titles from dozens of countries and language traditions Within the guide approximately 1 000 contemporary non English language fiction titles are fully annotated and thousands of others are listed Organization is primarily by language as language often reflects cultural cohesion better than national borders or geographies but also by country and culture In addition to contemporary titles each chapter features a brief overview of earlier translated fiction from the group The guide also provides in depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions **Dante Gabriel Rossetti** Rodolphe Louis Mégroz,1928 The Oxford Guide to Contemporary World Literature John Sturrock,1997 opinion the Guide offers a discriminating and sometimes controversial view of a broad range of contemporary literatures Games and Gaming in Medieval Literature Serina Patterson,2015-07-29 The first of its kind Games and Gaming in Medieval Literature explores the depth and breadth of games in medieval literature and culture Chapters span from the twelfth to the sixteenth centuries and cover England France Denmark Poland and Spain re examining medieval games in diverse social settings such as the church court and household **Awake to the Moment** Laurel C. Schneider,Stephen G. Jr. Ray,2004-12-01 Most introductory textbooks in theology see their primary task as explaining Christian doctrines that no one quite understands anymore While this is one of theology's jobs it is by no means the only nor

even the most important one Theology has also been called to change the world to help people connect deeply rooted beliefs about the world's source and goal to questions of personal meaning and communal thriving Theology is here to help us make sense of the complex flawed world into which we've been thrust and to assist us in our attempt to love our neighbors and live toward the common good For more than forty years the Workgroup on Constructive Theology has brought the liberal and liberationist theological traditions into creative encounter with lived human experience In this introduction to the methods and tasks of theology they invite a new generation of readers many who will have little or no exposure to Christian doctrine to see theology as a partner in the struggle for a better world They demonstrate how theological ideas have legs playing themselves out not only in religious communities but in the public square as well Theology the authors tell us is constructive when it joins in God's work of building human lives and human societies Readers will learn to think about all of life in light of their religious commitments and to see theology as an essential tool for a life well lived
