radicalization in the 1940s Hirayama discusses the emergence of the Chinese Youth Party as a robust revolutionary movement on the right characterized by its cultural conservatism political intellectualism and national socialism Although its history is relatively unknown Hirayama argues that the Chinese Youth Party represented a serious competitor to the Chinese Communist Party and Guomindang and proved to be of particular significance during World War II and China's Civil War Shedding light on the ideas and practices of the Chinese Youth Party provides a significant lens through which to view the Chinese radical right in the first half of the twentieth century

China on Film Paul G. Pickowicz, 2013-02-28 Leading scholar Paul G. Pickowicz traces the dynamic history of Chinese filmmaking and discusses its course of development from the early days to the present Moving decade by decade he explores such key themes as the ever shifting definitions of modern marriage in 1920s silent features East West cultural conflict in the movies of the 1930s the strong appeal of the powerful melodramatic mode of the 1930s and 1940s the polarizing political controversies surrounding Chinese filmmaking under the Japanese occupation of Shanghai in the 1940s and the critical role of cinema during the bloody civil war of the late 1940s Pickowicz then considers the challenging Mao years including chapters on legendary screen personalities who tried but failed to adjust to the new socialist order in the 1950s celebrities who made the sort of artistic and political accommodations that would keep them in the spotlight in the post revolutionary era and insider film professionals of the early 1960s who actively resisted the most extreme forms of Maoist cultural production The book concludes with explorations of the highly cathartic films of the early post Mao era edgy postsocialist movies that appeared on the eve of the Tiananmen demonstrations of 1989 the relevance of the Eastern European velvet prison cultural production model and the rise of underground and independent filmmaking beginning in the 1990s Throughout its long history of film production China has been embroiled in a seemingly unending series of wars

revolutions and jarring social transformations Despite daunting censorship obstacles Chinese filmmakers have found ingenious ways of taking political stands and weighing in for better or worse on the most explosive social cultural and economic issues of the day Exploring the often gut wrenching controversies generated by their work Pickowicz offers a unique and perceptive window on Chinese culture and society

Andrew George Walder, 2015-04-06 China's Communist Party seized power in 1949 after a long period of guerrilla insurgency followed by full scale war but the Chinese revolution was just beginning China Under Mao narrates the rise and fall of the Maoist revolutionary state from 1949 to 1976 an epoch of startling accomplishments and disastrous failures steered by many forces but dominated above all by Mao Zedong Walder convincingly shows that the effect of Maoist inequalities still distorts China today It will be a mind opening book for many and is a depressing reminder for others Jonathan Mirsky The Spectator Andrew Walder's account of Mao's time in power is detailed sophisticated and powerful Walder takes on many pieces of conventional wisdom about Mao's China and pulls them apart What was it that led so much of China's population to follow Mao's orders in effect to launch a civil war against his own party There is still much more to understand about the bond between Mao and the wider population As we try to understand that bond there will be few better guides than Andrew Walder's book Sober measured meticulous in every deadly detail it is an essential assessment of one of the world's most important revolutions Rana Mitter Times Literary Supplement

American Editor in Early Revolutionary China Neil O'Brien, 2004-03-01 This is a study of Sino American relations and the editorial policy of the China Weekly Review China Monthly Review published in Shanghai by John William Powell during the Chinese Civil War and the Korean War The Review supported US attempts in early 1946 to avert civil war through the creation of a coalition government By 1947 it reflected growing disillusionment with Guomindang policies and increasing sympathy for the demands of impoverished students and faculty for multi party democracy and peace As the Civil War shifted in favour of the Communists in late 1948 Powell and the Review counseled US businessmen to remain in Shanghai and urged the US government to establish working relations with the Communists and later to recognize the new regime Staying in Shanghai to report changes engendered by the Communist victory the Review's staff accommodated themselves to the new orthodoxy and to the regime's coordination of the press During the Korean War the Review opposed the expanding US air war becoming the foremost American purveyor of Chinese and North Korean allegations of American use of bacteriological weapons The Review was also utilized for the political indoctrination of US prisoners of war by the Chinese and North Koreans After closing the Review in July 1953 and returning to the United States Powell his wife Sylvia Campbell and assistant editor Julian Schuman were put on trial for sedition As the government narrowed its focus to the bacteriological warfare issue Powell and his lawyers countered by trying to prove the veracity of the charges seeking witnesses in China and North Korea Adverse publicity led to a mistrial in January 1959 and limitations in both the sedition and treason statutes ended plans to renew prosecution Powell and the Review had insisted that positive diplomatic and economic relations between China and the United States were both possible and desirable The gradual normalization of trade investment and political relations since the 1970s seemed to validate this belief In the post Cold War age when Sino American relations are often strained and tempestuous this book serves as a reminder of the value of making the extra effort to achieve understanding

Historical Dictionary of the Chinese Civil War Christopher R. Lew, Edwin Pak-wah Leung, 2013-07-29 The Chinese Civil War which lasted several years or several decades depending on how you define it was one of the most momentous wars of the 20th century for it determined the fate of the world's most populous country and was bitterly fought with millions of combatants involved and hundreds of millions of civilians affected More to the point it was won by the Chinese Communist Party under Mao Zedong who imposed Communist rule while the Nationalists retreated to Taiwan It also heated up the Cold War for quite some time as the Communists were supported by

the Soviet Union and the Nationalists by the United States This second edition of the Historical Dictionary of the Chinese Civil War studies the longer broader war and its chronology carefully tracks the major events The introduction then provides a broad overview describing the contending forces and showing how the Communists come out on top The details and these are crucial are laid out in over 200 cross referenced dictionary entries dealing with the opposing forces and parties the major campaigns and battles the Long March and of course the leadership on both sides This book one of few such in English provides a very solid basis for study but that can be accomplished more effectively by consulting the titles listed in an extensive bibliography
