Seeds Of Wealth:

Seeds of Wealth Henry Hobhouse, 2012-08-23 Henry Hobhouse was the first to recognise plants as a causal factor in history in his *Seeds of Wealth*. In this new book he examines four plants: rubber, timber, tobacco, and the wine grape, each of which enormously increased the wealth of those who dealt in them, created great new industries, and changed the course of history. Ancient Rome's monopoly on wine production had huge economic and hygienic importance. Without rubber, there would have been no development of cars, buses, and trucks, bicycles, waterproof clothing, or even tennis balls and condoms. Tobacco has largely been condemned for its effects on health, and its true role in history ignored. Tobacco has often been used in place of currency, and its growth in Virginia supported a colony that produced much of the talent that made Independence possible. Timber shortages led the British Royal Navy to become dependent on American timber. The dearth of timber drove English coal mines deep, which led to the steam pumps, steam engines, and ultimately the Industrial Revolution. These are fascinating stories, the effect of minutiae on the great waves of history. You cannot help but admire and enjoy the company of a man who takes such a novel and global view of history. *Spectator*

Seeds of Wealth Henry Hobhouse, 2005 In this collection of four essays, Hobhouse focuses on the exploitation of timber, tobacco, rubber, and the wine grape, which enormously increased the wealth of those who dealt with them, created new industries, shaped destinies, and changed the course of history.

Seeds for Covenant Wealth Sharon Nesbitt, 2023-08-30 *Seeds for Covenant Wealth* is powerful and thought-provoking. Dr. Nesbitt shares revelation that exposes the lies of the enemy and digs up the root of poverty that plagues believers everywhere. She gives the reader solutions and daily tools that, if applied, will transform the mind and bring the manifestation of covenant wealth that God intends for his people to have.

Seeds and Secrets Peter Wade, 2008 This book re-examines God's plan for His family and looks first at the Genesis record and demonstrates that God placed in Adam seeds of greatness that are our inheritance. Then God's command to Joshua is used as a foundation for eight secrets of success. An example of the mental principles you need to apply covers the record of the 12 spies' unnecessary journey into the Promised Land. You will learn that you are IN dependent when you have Christ within, not co-dependent on others. You really can be a victor, not a victim. When you grasp these truths, then you can excel in everything.

The World's Richest Man: Carlos Slim In His Own Words Tanni, 2014-04-21 When Carlos Slim claimed the top spot on Forbes's annual list of the world's richest people in 2010, it was the first time since 1994 that the spot wasn't occupied by an American, and even more impressively, the first time that a person from a developing country topped the list. Although Slim is fabulously wealthy, he lives a relatively modest life, residing in the same house in Mexico City for the last 40 years. His extreme wealth and steadfast humility make him a unique creature in the world of the rich and famous. The most revelatory book available about this Mexican business magnate comprised entirely of Slim's own thought-provoking and inspiring quotes. *The World's Richest Man: Carlos Slim In His Own Words* is a comprehensive guidebook to the inner workings of the world's wealthiest man and
