Seeds We Sow:

Seeds We Sow... Little Do We Know Dinah Vinson, 2021-08 *Seeds We Sow Little Do We Know* is somewhat controversial. However, after reading it, one is not inclined to immediately run to the showers. This book is a compilation of short stories that may encourage us to strive to make positive changes in our own lives and to understand and lend a hand in helping others. *Seeds We Sow Little Do We Know* shares important heartfelt events that happened in the lives of ten different men and women. Those strong events happened while they were children. Such events tend to almost declare their expected adult outcomes. The background for these ten interesting short stories is Raleigh, North Carolina. This short but powerful novel runs about 30,000 words. I strongly believe those few words will remain with you forever. **What We Sow** Jennifer

Jewell, 2023-09-19 An insightful personal and timely exploration into the wonderful world of seeds. In *What We Sow*, Jennifer Jewell brings readers on an insightful year-long journey exploring the outsized impact one of nature's smallest manifestations, the simple seed. She examines our skewed notions where organic seeds are grown and sourced, reveals how giant multinational agribusiness has refined and patented the genomes of seeds we rely on for staples like corn and soy, and highlights the efforts of activists working to regain legal access to heirloom seeds that were stolen from Indigenous peoples and people of color. Throughout, readers are invited to share Jewell's personal observations as she marvels at the glory of nature in her Northern California hometown. She admires the wild seeds she encounters on her short daily walks and is amazed at the range of seed forms from cups and saucers to vases, candelabras, ocean-going vessels, and airliners. *What We Sow* is a tale of what we choose to see and what we haven't been taught to see, what we choose to seed and what we choose not to seed. It urgently proves that we must work hard to preserve and protect the great natural diversity of seed.

Christianity Is Not for Cowards Roberta Palmer Grummond, 2010-08 Are you hesitant to reveal your Christian faith in the world today? Do you sit in silence as others ridicule church and Jesus Christ? Do you cringe but turn a deaf ear when others curse and take the name of the Lord in anger? You are not alone. Christians everywhere are shrinking into the background of life to avoid confrontation with a world that is blind to the ways of the Kingdom of God. Roberta Palmer Grummond's *Christianity Is Not for Cowards* offers a wealth of ways to combat unbelievers and remain grounded in faith even during trying times, including doing good works, spending time alone with God's Word, and facing fear head-on. Realizing that the world has been shaken to its core in these last days, she reveals signs that will identify Christians and encourages believers everywhere in a time when Christians inevitably face challenges to their faith in God. Christianity is not a religion for wimps and milquetoasts. It takes courage to be a Christian today, along with strength of character, wisdom, and a whole lot more, as outlined in this thought-provoking book. Indeed, *Christianity Is Not for Cowards*. My faith has been visited by this powerful book and has been strengthened. Now I feel compelled to be a more vocal and active Christian, a soldier for my Father Jesus.
