Murphy-Lupo,2016-01-15 Florida s size and shape meant a largely remote interior until shortly before the Civil War The catalysts for blasting through that anonymity were three ambitious and very different visionaries who built railroads linking east to west and north to south Henry Morrison Flagler David Levy Yulee and Henry Bradley Plant Their iron horses transported people rich tourists from New York slaves from Africa sold in Havana and goods from around the state and the globe oysters cattle sugar cane molasses and phosphate Versions of the main lines run today hauling freight in and out of the

sleep eat drink shop and visit along the way Old Souls Thomas Shroder, 2011-05-17 A riveting firsthand account of one man's mission to investigate and document some of the most astonishing phenomena of our time: children who speak of past life memory and reincarnation. All across the globe, small children spontaneously speak of previous lives, beg to be taken home, pine for mothers and husbands and mistresses from another life, and know things that there seems to be no normal way for them to know. From the moment these children can talk, they speak of people and events from the past, not vague stories of centuries ago, but details of specific identifiable individuals who may have died just months, weeks, or even hours before the birth of the child in question. For thirty-seven years, Dr. Ian Stevenson has traveled the world from Lebanon to suburban Virginia, investigating and documenting more than two thousand of these past life memory cases. Now, his essentially unknown work is being brought to the mainstream by Tom Shroder, the first journalist to have the privilege of accompanying Dr. Stevenson in his fieldwork. Shroder follows Stevenson into the lives of children and families touched by this phenomenon, changing from skeptic to believer as he comes face to face with concrete evidence he cannot discount in this spellbinding and true story.

The Most Famous Writer who Ever Lived Tom Shroder, 2016 Author and journalist Tom Shroder has made a career of investigative journalism and human interest stories, from examining the claims of children who appear to remember previous lives for his book *Old Souls* to chronicling an Iraq war veteran's near-fatal struggle with PTSD and the psychedelic drug treatments that saved him in his most recent *Acid Test*. Shroder's most fascinating reporting, however, comes from within his own family: his grandfather, MacKinlay Kantor, was world famous in the 1950s and 1960s for his seminal Pulitzer-winning novel of the Civil War, *Andersonville*. As a child, Shroder was in awe of the larger-than-life character Kantor; his friends included Ernest Hemingway, Carl Sandberg, Gregory Peck, and James Cagney. He was an early mentor to John D. MacDonald and discovered the singer Burl Ives. He wrote the novel *Glory for Me*, which became the multi-Oscar-winning film *The Best Years of Our Lives*. He also ghostwrote General Curtis LeMay's memoirs, penning the infamous Twentieth Century United States Photographers. Kristin G. Congdon, Kara Kelley Hallmark, 2008-04-30 Profiles seventy-six American photographers, both well known and more obscure, who have made significant contributions to the field of photography throughout the twentieth century.
