**Forest Recollections** Tiyananich Kamala,1997-03-01 I stayed in the forest for two nights The first night nothing happened The second night at about one or two in the morning a tiger came which meant that I didn't get any sleep the whole night I sat in meditation scared stiff while the tiger walked around and around my umbrella tent klot My body felt all frozen and numb I started chanting and the words came out like running water All the old chants I had forgotten now came back to me thanks both to my fear and to my ability to keep my mind under control I sat like this from 2 until 5 a m when the tiger finally left A forest monk During the first half of this century the forests of Thailand were home to wandering ascetic monks They were Buddhists but their brand of Buddhism did not copy the practices described in ancient doctrinal texts Their Buddhism found expression in living day to day in the forest and in contending with the mental and physical challenges of hunger pain fear and desire Combining interviews and biographies with an exhaustive knowledge of archival materials and a wide reading of ephemeral popular literature Kamala Tiyananich documents the monastic lives of three generations of forest dwelling ascetics and challenges the stereotype of state centric Thai Buddhism Although the tradition of wandering forest ascetics has disappeared a victim of Thailand's relentless modernization and rampant deforestation the lives of the monks presented here are a testament to the rich diversity of regional Buddhist traditions The study of these monastic lineages and practices enriches our understanding of Buddhism in Thailand and elsewhere

Gordon Melton, Martin Baumann, 2010-09-21 This masterful six volume encyclopedia provides comprehensive global coverage of religion emphasizing larger religious communities without neglecting the world s smaller religious outposts Religions of the World Second Edition A Comprehensive Encyclopedia of Beliefs and Practices is an extraordinary work bringing together the scholarship of some 225 experts from around the globe The encyclopedia s six volumes offer entries on every country of the world with particular emphasis on the larger nations as well as Indonesia and the Latin American countries that are traditionally given little attention in English language reference works Entries include profiles on religion in the world s smallest countries the Vatican and San Marino profiles on religion in recently established or disputed countries Kosovo and Nagorno Karabakh as well as profiles on religion in some of the world s most remote places Antarctica and Easter Island

Religions of the World is unique in that it is based in religion on the ground tracing the development of each of the 16 major world religious traditions through its institutional expressions in the modern world its major geographical sites and its major celebrations Unlike other works the encyclopedia also covers the world of religious unbelief as expressed in atheism humanism and other traditions *The Mind and the Way* Sumedho,2012-06-25 What would life be like if each one of us chose compassion over anger loving kindness over hatred awareness over ignorance The Mind and the Way demonstrates a radically simple approach to life one in which we are able to awaken to our true loving nature and delight in the mystery and wonder of the world With warmth and a wonderful sense of humor Ajahn Sumedho draws on the experiences of ordinary life to convey Buddhist insights that for 2 500 years have continued to remain vital and pertinent to our lives **Dhamma Reflections** Bhikkhu Bodhi,2017-01-15 This volume brings together 53 essays of Bhikkhu Bodhi previously published by the Buddhist Publication Society in newsletters and other publications These essays reveal the depth and breadth of Bhikkhu Bodhi s ability to communicate the timeless teachings of the Buddha and his skillful guidance in applying the Dhamma in everyday life **Plant Lives** Ellison Banks Findly,2008 This book examines for the first time those threads in Indian thought that present a prolife view of plants Using texts from Vedic Hindu Jain and Buddhist traditions the author argues that there is strong support in early materials that plants are thought to be alive to be sentient and have the one sense of touch to feel pleasure and pain to have an interior consciousness and to be bearers of karma Moreover while plants are traditionally thought to be of tamasic quality with their immobility and dullness they are sometimes described as sattvic with their calmness even mindedness and service to others In fact the author argues plants are frequently used to provide a model for the practiced ascetic in that they bend but don t break with the wind aren t distracted when buzzed by a mosquito and flourish in their steadfastness Given the theoretical discussion of plants within the range of sentient being the book then focus on the intimate life humans have with plants Texts devoted to botany medicine law art literature and religion for example depict human conversation with trees humans marrying trees and humans delineating their responsibilities for the well being of plants in the greatest detail Most difficult is the problem of eating and in that ahimsa or non violence towards plants would be the ideal in the extreme vegetarianism shows up the compromise that is made once plants are brought into the sentient realm Finally the author explores the founding premises of several current environmental leaders and movements in India that focus on plants e g tree protection tree planting seed saving biodiversity to examine whether contemporary plant oriented ecological activism in India reflects older traditional ideas about plants Asking whether new Hindu Jain or Buddhist movements reflect respective older ideas the author finds that contemporary Indian practices remain on the whole authentic reflections of their older roots *Lessons from the Dying* Rodney Smith,2012-01-30 Are a person s perceptions and values altered when facing the end of life Are a person s perceptions and values altered when facing the end of life Do the dying see the world in a way that could help the rest of us learn how to live This book takes us into the lessons
