Seeing You Asked:

The Real Doctor Will See You Shortly Matt McCarthy, 2015-04-07 A scorchingly frank look at how doctors are made bringing readers into the critical care unit to see one burgeoning physician's journey from ineptitude to competence In medical school Matt McCarthy dreamed of being a different kind of doctor the sort of mythical unflappable physician who could reach unreachable patients But when a new admission to the critical care unit almost died his first night on call he found himself scrambling Visions of mastery quickly gave way to hopes of simply surviving hospital life where confidence was hard to come by and no amount of med school training could dispel the terror of facing actual patients This funny candid memoir of McCarthy's intern year at a New York hospital provides a scorchingly frank look at how doctors are made taking readers into patients rooms and doctors conferences to witness a physician's journey from ineptitude to competence McCarthy's one stroke of luck paired him with a brilliant second year adviser he called Baio owing to his resemblance to the Charles in Charge star who proved to be a remarkable teacher with a wicked sense of humor McCarthy would learn even more from the people he cared for including a man named Benny who was living in the hospital for months at a time awaiting a heart transplant But no teacher could help McCarthy when an accident put his own health at risk and showed him all too painfully the thin line between doctor and patient The Real Doctor Will See You Shortly offers a window on to hospital life that dispenses with sanctimony and self seriousness while emphasizing the black comic paradox of becoming a doctor How do you learn to save lives in a job where there is no practice *The MRCGP Clinical Skills Assessment (CSA) Workbook* Monal Wadhwa, Rajeev Gulati, 2011 This revision book for the clinical skills assessment CSA portion of the Membership of the Royal College of General Practitioners MRCGP exams includes a range of scenarios representative of those candidates will encounter each created with direct input from an MRCGP examiner The book enables candidates to role play the scenarios with colleagues providing notes for both candidates and actors The book's structure follows the scheme of the exam covering information gathering clinical management and interpersonal skills It includes sections focusing specifically on the history examination and management plan for scenarios while table summaries help candidates to focus on key areas Each chapter concludes with a tutorial of relevant information and a suggested reading list What the authors have developed in this text is a guide to excellence in this assessment method how it runs how it is structured how it is marked Anyone anxious about performance and success in the CSA and all of us are will find a practical way to prepare and pass from the Foreword by John Spicer **See You Later, Alligator** William F.
