century however blunted their hopes and encouraged nationalist movements in both countries Fredrickson teases out the connections between movements and nations examining the transatlantic appeal of black religious nationalism known as Ethiopianism and the pan Africanism of Du Bois and Garvey He brings to vivid life the decades of struggle organizing and debate as blacks in the United States looked to Africa for identity and South Africans looked to America for new ideas and hope The book traces the rise of Communist influence in black movements in the two nations in the 1920s and 30s and the adoption of Gandhian nonviolent protest after World War II The story of India s struggle however was not to be repeated in either America or South Africa in one nation nonviolence revealed its limitations encouraging splits in the civil rights movement in the other it failed fostering an armed struggle against white supremacy Fredrickson brings the story up through the present exploring the divergence between African American identity politics and the nonracialism that has triumphed in South Africa In a career spanning thirty years George Fredrickson has won recognition as the leading scholar of the struggle over racial domination in the United States and South Africa In *Black Liberation* he provides the essential companion volume to his award winning *White Supremacy* telling the story of how blacks fought back on both sides of the Atlantic *The ANC and Black Workers in South Africa, 1912-1992* Peter Limb, 1993 Identifies over 4 000 information sources on the 80 year struggle against segregation and apartheid in South Africa focusing on the relationship between the main opposition party and black worker organizations in which its main support lay Cites and briefly describes or summarizes books and articles
