Murphy, 2003-01-14 In 1930 a group of southern intellectuals led by John Crowe Ransom Allen Tate Donald Davidson and Robert Penn Warren published I ll Take My Stand The South and the Agrarian Tradition A stark attack on industrial capitalism and a defiant celebration of southern culture the book has raised the hackles of critics and provoked passionate defenses from southern loyalists ever since As Paul Murphy shows its effects on the evolution of American conservatism have been enduring as well Tracing the Agrarian tradition from its origins in the 1920s through the present day Murphy shows how what began as a radical conservative movement eventually became alternately a critique of twentieth century American liberalism a defense of the Western tradition and Christian humanism and a form of southern traditionalism which could include a defense of racial segregation Although Agrarianism failed as a practical reform movement its intellectual influence was wide ranging Murphy says This influence expanded as Ransom Tate and Warren gained reputations as leaders of the New Criticism More notably such neo Agrarians as Richard M Weaver and M E Bradford transformed Agrarianism into a form of social and moral traditionalism that has had a significant impact on the emerging conservative movement since World War II Desegregating Texas Schools Robyn Duff Ladino, 2010-01-01 This study of school integration struggles in 1950s Texas demonstrates how power politics denied black students their constitutional rights In the famous Brown v the Board of Education decisions of 1954 and 1955 the United States Supreme Court ruled that separate but equal schools for black and white students were

unconstitutional Yet it took more than a decade of struggle before black students gained full access to previously white schools Mansfield Texas a small community southeast of Fort Worth was the scene of an early school integration attempt In this book Robyn Duff Ladino draws on interviews with surviving participants media reports and archival research to provide the first full account of the Mansfield school integration crisis of 1956 Ladino explores how politics at the local state and federal levels ultimately prevented the integration of Mansfield High School in 1956 Her research sheds new light on the actions of Governor Allan Shivers who in the eyes of the segregationists validated their cause through his actions and it underscores President Eisenhower s public passivity toward civil rights during his first term of office Despite the short term failure however the Mansfield school integration crisis helped pave the way for the successful integration of Central High School in Little Rock Arkansas in 1957 Thus it deserves a permanent place in the history of the civil rights movement

**Blessed Are the Peacemakers** S. Jonathan Bass, 2021-03-03 Martin Luther King Jr s Letter from Birmingham Jail is arguably the most important written document of the civil rights protest era and a widely read modern literary classic Personally addressed to eight white Birmingham clergy who sought to avoid violence by publicly discouraging King s civil rights demonstrations in Birmingham the nationally published Letter captured the essence of the struggle for racial equality and provided a blistering critique of the gradualist approach to racial justice It soon became part of American folklore and the image of King penning his epistle from a prison cell remains among the most moving of the era Yet as S. Jonathan Bass explains in the first comprehensive history of King s Letter this image and the piece s literary appeal conceal a much more complex tale This updated edition of *Blessed Are the Peacemakers* includes a new foreword by Paul Harvey a new afterword by James C. Cobb and a new epilogue by the author

**Katherine Anne Porter** Janis P. Stout, 1995 Katherine Anne Porter s life closely paralleled

that of her century not only in its span 1890 1980 but in its interests and contradictions A communist sympathizer who became a quasi fascist a cosmopolitan who embraced southern agrarianism a femme fatale whose writings nonetheless evince feminist feeling Porter embodied often at their extremes the major currents of her time and ours In this new biography Janis P Stout argues that these inconsistencies can be viewed as part and parcel of modernism itself Drawing on Porter's rich and voluminous correspondence as well as published works Stout here sets out to craft an intellectual biography of a woman who by her own admission was not really an intellectual Stout reveals the extent of Porter's involvement in events of public significance and her interactions with prominent figures from President Alvaro Obregon of Mexico in 1920 to Hermann Goering in Berlin in 1931 to Robert Penn Warren Eudora Welty Allen Tate and others in the 1930s and 1940s to members of the Lyndon Johnson White House in the 1960s Against the backdrop of world war and cold war Porter's conflicting views on politics race religion and feminism reflected Porter's ambivalence toward her own Texas roots

**Our Conrad** Peter Mallios, 2010-09-21 *Our Conrad* is about the American reception of Joseph Conrad and its crucial role in the formation of American modernism Although Conrad did not visit the country until a year before his death his fiction served as both foil and mirror to America's conception of itself and its place in the world Peter Mallios reveals the historical and political factors that made Conrad's work valuable to a range of prominent figures including Fitzgerald Faulkner Richard Wright Woodrow Wilson and Theodore and Edith Roosevelt and explores regional differences in Conrad's reception He proves that foreign authored writing can be as integral a part of United States culture as that of any native Arguing that an individual writer's apparent national gendered racial political identity is not always a good predictor of the diversity of voices and dialogues to which he gives rise this exercise in transnational comparativism participates in post Americanist efforts to render American Studies less insular and parochial

*The Race Beat* Gene Roberts, Hank Klibanoff, 2007-09-04 An unprecedented examination of how news stories editorials and photographs in the American press and the journalists responsible for them profoundly changed the nation s thinking about civil rights in the South during the 1950s and 60s Roberts and Klibanoff draw on private correspondence notes from secret meetings unpublished articles and interviews to show how a dedicated cadre of newsmen black and white revealed to a nation its most shameful shortcomings that compelled its citizens to act Meticulously researched and vividly rendered The Race Beat is an extraordinary account of one of the most calamitous periods in our nation s history as told by those who covered it

**Impermanent Blackness** Korey Garibaldi, 2025-02-04 Revisiting an almost forgotten American interracial literary culture that advanced racial pluralism in the decades before the 1960s In Impermanent Blackness Korey Garibaldi explores interracial collaborations in American commercial publishing authors agents and publishers who forged partnerships across racial lines from the 1910s to the 1960s Garibaldi shows how

aspiring and established Black authors and editors worked closely with white interlocutors to achieve publishing success often challenging stereotypes and advancing racial pluralism in the process Impermanent Blackness explores the complex nature of this almost forgotten period of interracial publishing by examining key developments including the mainstream success of African American authors in the 1930s and 1940s the emergence of multiracial children's literature postwar tensions between supporters of racial cosmopolitanism and of Negro literature and the impact of the Civil Rights and Black Power movements on the legacy of interracial literary culture By the end of the 1960s some literary figures once celebrated for pushing the boundaries of what Black writing could be including the anthologist W S Braithwaite the bestselling novelist Frank Yerby the memoirist Juanita Harrison and others were forgotten or criticized as too white And yet Garibaldi argues these figures at once dreamers and pragmatists have much to teach us about building an inclusive society Revisiting their work from a contemporary perspective Garibaldi breaks new ground in the cultural history of race in the United States

Free All Along Stephen Drury Smith, Catherine Ellis, 2019-01-15 Featured in the New Yorker's Page Turner One of Mashable's 17 books every activist should read in 2019 This is an expression not of people who are suddenly freed of something but people who have been free all along Ralph Ellison speaking with Robert Penn Warren A stunning collection of previously unpublished interviews with key figures of the black freedom struggle by the Pulitzer Prize winning author In 1964 in the height of the civil rights movement of the 1960s Pulitzer Prize winning author and poet Robert Penn Warren set out with a tape recorder to interview leaders of the black freedom struggle He spoke at length with luminaries such as James Baldwin Martin Luther King Jr Stokely Carmichael Ralph Ellison and Roy Wilkins eliciting reflections and frank assessments of race in America and the possibilities for meaningful change In Harlem a fifteen minute appointment with Malcolm X unwound into several hours of vivid conversation A year later Penn Warren would publish Who Speaks for the Negro a probing narrative account of these conversations that blended his own reflections with brief excerpts and quotations from his interviews Astonishingly the full extent of the interviews remained in the background and were never published The audiotapes stayed largely unknown until recent years Free All Along brings to life the vital historic voices of America's civil rights generation including writers political activists religious leaders and intellectuals A major contribution to our understanding of the struggle for justice and equality these remarkable long form interviews are presented here as original documents that have pressing relevance today

**Recollecting America's Original Sin** Alison M. Benders, 2022-04-15 Recollecting America's Original Sin A Pilgrimage of Race and Grace journeys into anti black racism throughout US history through a Christian spirituality lens The reflections are fashioned as a spiritual pilgrimage that integrates listening reflecting and daily living It recollects the nation's freedom struggles around race our original sin which constrains and stains us now as ever Walking a holy road of past present and future meaning the chapters interlace historical moments and places into a web of provocative concerns Anyone desiring to respond faithfully to the justice reckonings now seizing our country will

travel the race and grace journey in these pages      **Civil Rights in the White Literary Imagination** Jonathan W. Gray, 2013-01-14 The statement The Civil Rights Movement changed America though true has become something of a cliché Civil Rights in the White Literary Imagination seeks to determine how exactly the Civil Rights Movement changed the literary possibilities of four iconic American writers Robert Penn Warren Norman Mailer Eudora Welty and William Styron Each of these writers published significant works prior to the Brown v Board of Education case in 1954 and the Montgomery Bus Boycott that began in December of the following year making it possible to trace their evolution in reaction to these events The work these writers crafted in response to the upheaval of the day from Warren's Who Speaks for the Negro to Mailer's The White Negro to Welty's Where Is the Voice Coming From to Styron's Confessions of Nat Turner reveal much about their own feeling in the moment even as they contribute to the national conversation that centered on race and democracy By examining these works closely Gray posits the argument that these writers significantly shaped discourse on civil rights as the movement was occurring but did so in ways that intentionally or not often relied upon a notion of the relative innocence of the South with regard to racial affairs and on a construct of African Americans as politically and/or culturally naïve As these writers grappled with race and the myth of southern nobility their work developed in ways that were simultaneously sympathetic of and condescending to black intellectual thought occurring at the same time
