**Women Who Seize the Moment** Angela Priestley, 2014-03-01 Great careers are improvised There are women who wait and women who don't Author Angela Priestley once fell into the former camp I waited for things to happen to me rather than making them happen myself It wasn't a matter of being lazy or unambitious but rather of simply believing the success I wanted and the things I desired from my career would simply arrive for me Women who Seize the Moment addresses the common issues that many women face in their careers In our society it is not uncommon for people to dislike their job but still work extremely hard There is an assumption that we will get that raise eventually we will get promoted eventually I will get my dream job eventually Women who Seize the Moment reveals 11 steps women should take to stop waiting for these turning points and make them happen Coming up with excuses is easy waiting to finish a diploma waiting for the perfect job opening waiting until you're 25 30 35 waiting to get that industry experience However embracing all opportunities is what will turn your career around Turning points are so important in shaping a woman's career Women still have so many challenges to overcome in order to achieve the success they want you don't want to also be your own enemy Society has certainly come a long way however managing the competing interests of caring responsibilities with paid work conscious and unconscious bias in the office and battling a male based hierarchy of leadership style still exists in many industries In Women who Seize the Moment Angela shares stories from women who've made the most of career turning points those turning points they have created themselves and those that were beyond their control They're the women who didn't wait to get the career they wanted and still don't wait to get the success they desire Just Don't Seize the Day, Seize the Moment Michael J. Onoroto, 2017-03-13 I wrote my book partially because I've had a great life and I've also have seen the other side of the fence There were times in the life when I've found myself in poor health broke and homeless I've traveled down some rough roads but I had to come to a realization that I was partially to blame for my own mistakes and I had to dig deep within my own soul and dig myself out of my own problems One of my biggest battles I've ever fought was when I was severely injured w Seizing the Nonviolent Moments Nancy Small, 2015-01-08 Life is filled with opportunities to practice nonviolence If we kept track we'd be surprised at how often we get to choose a violent or nonviolent response to a given situation Seizing these moments is a spiritual practice that shapes a nonviolent heart Many people doing this together shapes the heart of a nonviolent world This book is a humble and accessible approach to nonviolence based on the belief that no one is perfectly nonviolent We are all works in progress Each chapter presents an imaginative interpretation of a scripture story about seizing a nonviolent moment that sheds new light on nonviolence and its spirituality Stories of contemporary peacemakers woven throughout offer lessons for living a spirituality of nonviolence for our times Prophetic words from the US Catholic bishops emphasize the essential role of peacemaking in renewing the earth Questions following each chapter inspire personal reflection and make the book a welcome resource for classrooms parishes and small groups The more we seize the nonviolent moments in our lives the more we are transformed by them And the more we experience the power of nonviolence within

ourselves the more we believe in its potential to transform our troubled world      *Seize the Moment-Besher't* Abraham N. Fenster, Ph.D.,2009-04-06 Seizing the moment at the attosecond of time is when it is meant to be The author relates to how scientific theories can be integrated into an overarching explanation of how the macro workings of the infinite universe are intertwined with the micro activities of an individual s activities in the physical world and how this can be blended with the unseen world of spirituality of the universe as coexisting parallel intertwined worlds Science and spirituality are not in opposition to one another but complement each other and provide a more revealing explanation to our fundamental questions of is it meant to be or is it meant to be Besher t In the process of trying to determine the complex concepts implied by meant to be the author explores how one can have a predetermined existence and make free will decisions at the same time Detailing some of the author s own Besher t life experiences he ultimately concludes that one must recognize the spirituality teachings of Kabbalah and current scientific hypothesis of the Unified Theory to understand this complex question of how does free will have a role in predetermination      **The Art of Gratitude** Jeremy David Engels,2018-04-25 In The Art of Gratitude Jeremy David Engels sketches a genealogy of gratitude from the ancient Greeks to the contemporary self help movement One of the most striking things about gratitude Engels finds is how consistently it is described using the language of indebtedness A chief purpose of this he contends is to make us more comfortable living lives in debt with the nefarious effect of pacifying the citizenry so we are less likely to speak out about social and economic injustice To counteract this he proposes an alternative art of gratitude as thanksgiving that is inspired by Indian philosophy particularly the yoga philosophy of the Bhagavad Gita and Patanjali s Yoga Sutras He argues that this art of gratitude can challenge neoliberalism by reorienting our politics away from resentment anger and guilt and toward a democratic ethic of thanksgiving and the common good      **The Passion of the Ruby Cat 'On Life'** Maril Ozanne Garrison,2022-07-11 Poetry is powerful and necessary Blake has said In sum the poet is someone that humans cannot do without Poetry is beauty practicality grace structure gentleness and power that gives us peace simplicity and wisdom Poetry does nothing to earn its keep no more than a singing bird Yet it defines our roles levels our road empowers our spirits and fills our hearts with courage Mrs Garrison has loved taught and defined poetry over the years as she has studied and read many of the former poets soaking up their styles and commenting on their writing Poetry is like music without music Easy to memorize and easy to write if you pay attention to the masters especially Poe Poetry is a short condensed mode of writing it can be beautiful loud soft invigorating soul filled and vibrant RUBY CAT The Passion of the Ruby Cat is a collection of poems rubaiyat on life plus a collection of quatrains and haikus It is the third poetry book after the first two THE PASSION OF POETRY and PASSION LAUGHS OUTLOUD that are all general poetry There is a glossary in the end of each of these books giving definitions of not often used words to help the reader quickly enjoy every whimsical glance and nod      *Intuitive Witchcraft* Astrea Taylor,2020-04-08 An absolutely terrific book full of heart practical advice and some of the best witchcraft to make the printed page in years Jason Mankey author of
