## **Sekretnaia Voina:**

*Russia and the Napoleonic Wars* Janet M. Hartley, Paul Keenan, Dominic Lieven, 2015-09-15 Russia played a fundamental role in the outcome of Napoleonic Wars the wars also had an impact on almost every area of Russian life Russia and the Napoleonic Wars brings together significant and new research from Russian and non Russian historians and their work demonstrates the importance of this period both for Russia and for all of Europe The Korean War Wada Haruki, 2018-03-29 This classic history of the Korean War from its origins through the armistice is now available in a paperback edition including a substantive introduction that considers the heightened danger of a new Northeast Asian war as Trump and Kim Jong un escalate their rhetoric Wada Haruki one of the world s leading scholars of the war draws on archival and other primary sources in Russia China the United States South Korea Taiwan and Japan to provide the first full understanding of the Korean War as an international conflict from the perspective of all the actors involved Wada traces the North Korean invasion of South Korea in riveting detail providing new insights into the behavior of Kim Il Sung and Syngman Rhee He also provides new insights into the behavior of Communist leaders in Korea China Russia Eastern Europe and their rivals in other nations He traces the course of the war from its origins in the North and South Korean leaders failed attempts to unify their country by force ultimately escalating into a Sino American war on the Korean Peninsula Although sixty five years have passed since the armistice the Korean conflict has never really ended Tensions remain high on the peninsula as Washington and Pyongyang as well as Seoul and Pyongyang continue to face off It is even more timely now to address the origins of the Korean War the nature of the confrontation and the ways in which it affects the geopolitical landscape of Northeast Asia and the Pacific region With his unmatched ability to draw on sources from every country involved Wada paints a rich and full portrait of a conflict that continues to generate controversy Revolution and Resistance in Eastern Europe Kevin McDermott, Matthew Stibbe, 2006-10-01 The history of Eastern Europe during the Cold War is one punctuated by protest and rebellion Revolution and Resistance in Eastern Europe covers these flashpoints from the Stalin Tito split of 1948 to the dramatic collapse of the Berlin Wall in 1989 Covering East Germany Czechoslovakia Hungary Yugoslavia Poland and Romania the authors provide comprehensive critical analysis of the varying forms of dissent in the East European socialist states They take a comparative approach and show how the different movements affected one another Incorporating archival material only accessible since 1989 they discuss issues such as the diverse manifestations of non conformity among different strata of the population the complex relationship between Moscow and the national Communist Parties the loosening of Soviet control after 1985 and everyday resistance to state authority This book offers a firm grounding in the tumultuous decades of communist rule which is essential to understanding the contemporary politics of Eastern Europe **Russia and Its Northeast Asian Neighbors** Kimitaka Matsuzato, 2016-12-07 As a result of the Aigun 1858 and Beijing Treaties 1860 Russia had become a participant in international relations of Northeast Asia but historiography has

underestimated the presence of Russia and the USSR in this region This collection elucidates how Russia's expansion affected early Meiji Japan's policy towards Korea and the late Qing Empire's Manchurian reform Russia participated in the mega imperial system of transportation and customs control in Northern China and created a transnational community around the Chinese Eastern Railway and Harbin City The collection vividly describes daily life of the emigre Russians community in Harbin after 1917 The collection investigates mutual images between the Russians and Japanese through the prism of the descriptions of the Japanese Imperial House in Russian newspapers and memoirs written by Russian POWs in and after the Russo Japanese War and war journalism during this war The first Soviet ambassador in Japan V Kopp proposed to restore the division of spheres of interest between Russia and Japan during the tsarist era and thus conflicted People's Commissar of Foreign Affairs G Chicherin the Soviet ambassador in Beijing L Karakhan and Stalin since the latter group was more loyal to the cause of China's national liberation As a whole the collection argues that it is difficult to understand the modern history of Northeast Asia without taking the Russian factor seriously

**Reconstructing the Cold War** Ted Hopf, 2012-04-12 General answers are hard to imagine for the many puzzling questions that are raised by Soviet relations with the world in the early years of the Cold War Why was Moscow more frightened by the Marshall Plan than the Truman Doctrine Why would the Soviet Union abandon its closest socialist ally Yugoslavia just when the Cold War was getting under way How could Khrushchev's de Stalinized domestic and foreign policies at first cause a warming of relations with China and then lead to the loss of its most important strategic ally What can explain Stalin's failure to ally with the leaders of the decolonizing world against imperialism and Khrushchev's enthusiastic embrace of these leaders as anti imperialist at a time of the first detente of the Cold War It would seem that only idiosyncratic explanations could be offered for these seemingly incoherent policy outcomes Or at best they could be explained by the personalities of Stalin and Khrushchev as leaders The latter although plausible is incorrect In fact the most Stalinist of Soviet leaders the secret police chief and sociopath Lavrentii Beria was the most enthusiastic proponent of de Stalinized foreign and domestic policies after Stalin's death in March 1953 Ted Hopf argues instead that it was Soviet identity that explains these anomalies During Stalin's rule a discourse of danger prevailed in Soviet society where any deviations from the idealized version of the New Soviet Man were understood as threatening the very survival of the Soviet project itself But the discourse of danger did not go unchallenged Even under the rule of Stalin Soviet society understood a socialist Soviet Union as a more secure diverse and socially democratic place This discourse of difference with its broader conception of what the socialist project meant and who could contribute to it was empowered after Stalin's death first by Beria then by Malenkov and then by Khrushchev and the rest of the post Stalin Soviet leadership This discourse of difference allowed for the de Stalinization of Eastern Europe with the consequent revolts in Poland and Hungary a rapprochement with Tito's Yugoslavia and an initial warming of relations with China But it also sowed the seeds of the split with China as the latter moved in the very Stalinist direction at home just rejected by Moscow And

contrary to conventional and scholarly wisdom a moderation of authoritarianism at home a product of the discourse of difference did not lead to a moderation of Soviet foreign policy abroad Instead it led to the opening of an entirely new and bloody front in the decolonizing world In sum this book argues for paying attention to how societies understand themselves even in the most repressive of regimes Who knows their ideas about national identity might come to power sometime as was the case in Iran in 1979 and throughout the Arab world today

The Personal History of a Bukharan Intellectual Muḥammad Sharif-i Šadr-i Ziyā, 2021-11-22 Šadr i Ziya s Diary lends valuable perspective to numerous studies narrowly focused upon the modern Reformists Jadids of his area It also and perhaps in the first place reveals the endless occupational and mortal uncertainties tormenting a Central Asian Islamic judge practicing his profession within an aged political and economical system deteriorating during the last decades ca 1880 1920 of the state of Bukhara By supplying a Bukharan intellectual s personal history Šadr i Ziya author poet and calligrapher also reveals himself as an admirable human being who enjoys life but endures the repeated scalding experience of losing beloved children their mothers and other family members in an era when medicine and prayer scarcely deterred the multitude of prevailing inflictions Notwithstanding this strong focus upon his personal life Šadr i Ziya provides an unparalleled view of the central role played by the omnipresent religious hierarchy in his homeland

**Historical Dictionary of Russian and Soviet Cinema** Peter Rollberg, 2016-07-20 Russian and Soviet cinema occupies a unique place in the history of world cinema Legendary filmmakers such as Sergei Eisenstein Vsevolod Pudovkin Dziga Vertov Andrei Tarkovsky and Sergei Paradjanov have created oeuvres that are being screened and studied all over the world The Soviet film industry was different from others because its main criterion of success was not profit but the ideological and aesthetic effect on the viewer Another important feature is Soviet cinema s multinational Eurasian character while Russian cinema was the largest other national cinemas such as Georgian Kazakh and Ukrainian played a decisive role for Soviet cinema as a whole The Historical Dictionary of Russian and Soviet Cinema provides a rich tapestry of factual information together with detailed critical assessments of individual artistic accomplishments This second edition of Historical Dictionary of Russian and Soviet Cinema contains a chronology an introduction and a bibliography The dictionary section has over 600 cross referenced entries on directors performers cinematographers composers designers producers and studios This book is an excellent access point for students researchers and anyone wanting to know more about Russian and Soviet Cinema

**Men Out of Focus** Marko Dumančić, 2021 Men Out of Focus charts conversations and polemics about masculinity in Soviet cinema and popular media during the liberal period often described as The Thaw between the death of Stalin in 1953 and the invasion of Czechoslovakia in 1968 The book shows how the filmmakers of the long 1960s built stories around male protagonists who felt disoriented by a world that was becoming increasingly suburbanized rebellious consumerist household oriented and scientifically complex The dramatic tension of 1960s cinema revolved around the male protagonists inability to navigate the challenges of postwar life Selling over three billion tickets

annually the Soviet film industry became a fault line of postwar cultural contestation. By examining both the discussions surrounding the period's most controversial movies as well as the cultural context in which these debates happened, the book captures the official and popular reactions to the dizzying transformations of Soviet society after Stalin. **The Personal History of a Bukharan Intellectual** Sharif Jān Makhdūm Ṣadr Z̧iyā', 2004. The Diary offers priceless documentation and guidance for an understanding of the rigidity that characterized the Bukharan Amirate throughout its tumultuous final decades of existence ca. 1880-1920. *Sacrifice of the Generals* Michael Parrish, 2004-06-24. It also includes a preface that contributes important contextual information on personnel organization and losses of the Soviet Army, essays containing extensive bibliographies, and a foreword by John Erickson, the foremost Western historian of the Soviet armed forces. This unique research tool greatly increases our understanding of the Soviet Union's mighty World War II effort and related Stalinist politics during its greatest hour. Based on the latest declassified sources, Parrish combines into one volume crucial information that has been widely scattered among many different locations and difficult to access. Jacket. *Leadership Transition in a Fractured Bloc* Woodrow Wilson International Center for Scholars, 1998. *Reforming the Tsar's Army* David Schimmelpenninck van der Oye, Bruce W. Menning, 2004-03-18. This volume examines how Imperial Russia's armed forces sought to adapt to the challenges of modern warfare. From Peter the Great to Nicholas II, rulers always understood the need to maintain an army and navy capable of preserving the empire's great power status. Yet they inevitably faced the dilemma of importing European military and technological innovations while keeping out political ideas that could challenge the autocracy's monopoly on power. Within the context of a constant race to avoid oblivion, the impulse for military renewal emerges as a fundamental and recurring theme in modern Russian history. **Bulletin**, 1998. **Russia in the Nineteenth Century** A. I. U. Polunov, Thomas C. Owen, L. G. Zakharova, 2015-02-12. This is a comprehensive interpretive history of Russia from the defeat of Napoleon to the eve of World War I. It is the first such work by a post-Soviet Russian scholar to appear in English. Drawing on the latest Russian and Western historical scholarship, Alexander Polunov examines the decay of the two central institutions of tsarist Russia: serfdom and autocracy. Polunov explains how the major social groups—the gentry, merchants, petty townspeople, peasants, and ethnic minorities—reacted to the Great Reforms and why, despite the emergence of a civil society and capitalist institutions, a reformist evolutionary path did not become an alternative to the Revolution of 1917. He provides detailed portraits of many tsarist bureaucrats and political reformers, complete with quotations from their writings to explain how the principle of autocracy, although significantly weakened by the Great Reforms, in mid-century reasserted itself under the last two emperors. Polunov stresses the relevance for Russians in the post-Soviet period of issues that remained unresolved in the pre-Revolutionary period, such as the question of private property in land and the relationship between state regulation and private initiative in the economy. *Spetsnaz* Tor Bukkvoll, 2024-12-12. In January 1951, Lieutenant Evgeniy Borisov was sent to the headquarters of the Soviet 5th Army in

Spassk Dalnii a small city in the Russian Far East Borisov was there on a secret mission Together with his superior Major Rusinov his job was to establish the 91st Special Forces Company The 91st was to be one of forty six similar units spread out across the Soviet Union The new forces were called spetsnaz short for spetsnialnoe naznachenie which translates to special purpose In Spetsnaz Tor Bukkvoll presents the first in depth history of the Soviet and later Russian special operations forces from their establishment until today He focuses on three broad topics Soviet and later Russian thinking on the use of special operations forces the actual process of constructing these forces and how this was facilitated or hampered by other agencies of the Soviet and Russian states and the use of these forces in combat Bukkvoll uses a variety of sources but the most important are the recollections of former spetsnaz soldiers and officers themselves which allow an understanding of the history of these forces as the men of spetsnaz see and have seen it Bukkvoll also draws upon observations and judgments from other parts of the Soviet and Russian militaries from a number of KGB sources and from independent Russian experts and journalists Spetsnaz is essential reading for anyone interested in special operations forces or Russian military history
