## **Selected Cantos Of Ezra Pound:**

*Guide to Ezra Pound's Selected Cantos* George Kearns,1980      **Selected Cantos of Ezra Pound** Ezra Pound,1970 This selection from the Cantos was made by Ezra Pound himself in 1965 It is intended to indicate main elements in the long poem his personal epic with which he was engaged for more than fifty years His choice includes of course a number of the Cantos most admired by critics and anthologists such as Canto XIII Kung Confucius walked by the dynastic temple Canto XLV With usura hath no man a house of good stone and the passage from The Pisan Cantos LXXXI beginning What thou lovest well remains the rest is dross and so the book is an ideal introduction for newcomers to the great work But it has too particular interest for the already initiated reader and the specialist in its revelation through Pound s own selection of main elements of the relative importance which he himself placed on various motifs as they figure in the architecture of the whole poem

recent research by numerous scholars Furia traces the arcane documents Pound unearthed from libraries around the world and shows how he transmuted this documentary mass into poetry first by framing passages of prose to highlight their poetic texture and then by weaving these shards and fragments into a collage of intricate structure Among the documents Furia declassifies are Chinese edicts Italian bank charters British factory commission reports Byzantine guild regulations American Presidential papers municipal records judicial writs parliamentary statutes legislative codes contracts deeds mandates treaties diary entries and correspondence by such diverse figures as Lorenzo de Medici Martin Van Buren Napoleon Eleanor of Aquitaine Mustapha Kemal and Kubla Khan Pound's Cantos Declassified traces the poet's struggle to shape the content of the epic poem that absorbed most of his creative life [An Analysis of the Rhythmic Structure of Selected Cantos of Ezra Pound](#) Elizabeth Hartley Walsh, 1959 **Selected Poems - Exultations** Ezra Pound, Alexandre Zanca Bacich, 2016-05-04 27

including many online resources      *The Cambridge Companion to Ezra Pound* Ira B. Nadel, 1999-02-11 This Companion contains fifteen chapters by leading international scholars who together reflect diverse but complementary approaches to the study of Ezra Pound's poetry and prose. They consider the poetics, foreign influences, economics, politics, and publication history of Pound's entire corpus and reveal his importance in developing some of the key movements in twentieth-century poetry. The book also situates Pound's work in the context of Modernism, illustrating his influence on contemporaries like T. S. Eliot and James Joyce. Taken together, the chapters offer a sustained examination of one of the most versatile, influential, and certainly controversial poets of the modern period      **A Companion to Twentieth-Century Poetry** Neil

Roberts, 2008-04-15 In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history, and this Companion strives to make sense of this crowded poetical era. The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth-century poetry were exhausted and finite. However, the volume also looks forward to the poetry and readings that the new century will bring. The Companion embraces the extraordinary development of poetry over the century in twenty English-speaking countries, a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post-colonialism. Representation of the canonical and the marginal is therefore balanced, including the full integration of women poets and feminist approaches, and the in-depth treatment of post-colonial poets from various national traditions. Discussion of context, intertextualities, and formal approaches illustrates the increasing self-consciousness and self-reflexivity of the period, whilst a Readings section offers new readings of key selected texts. The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century      The Cambridge

Companion to American Poets Mark Richardson, 2015-10-15 This Companion brings together essays on some fifty-four American poets from Anne Bradstreet to contemporary performance poetry. This book also examines such movements in American poetry as modernism, the Harlem or New Negro Renaissance, confessional poetry, the Black Mountain School, the New York School, the Beats, and L A N G U A G E poetry      **The Columbia History of American Poetry** Jay

Parini, 1993-12-23 New York Times Book Review      **Incredible Modernism** John Attridge, 2016-05-23 With the twentieth century came a new awareness of just how much an individual was obliged to accept on trust, and this heightened awareness of social trust in turn prompted new kinds of anxiety about fraudulence and deception. Beginning with the premise that the traditional liberal concept of trust as a bond of society entered a period of crisis around the turn of the twentieth century, this collection examines the profound influence of this shift on a wide range of modernist writers, including James Joyce, Marcel Proust, Gertrude Stein, Ezra Pound, Wyndham Lewis, H. D., Ford Madox Ford, Samuel Beckett, Ralph Ellison, and Wallace Stevens. In examining the importance of trust and fraudulence during the period, the contributors take up a diverse set of topics related to reception, the institutions of modernism, the history of authorship, the nature of representation, authenticity, genre,

social order and politics Taken as a whole Incredible Modernism provides concrete historical coordinates for the study of twentieth century trust while also arguing that a problem of trust is central to the institutions and formal innovations of modernism itself
