Selected Chapters From Classical Cases In Medical Ethics

**Anthony E. Hartle, Edmund D.
Pelegriño**

Selected Chapters From Classical Cases In Medical Ethics:

Case Studies in Medical Ethics Robert M. Veatch, 1977 Case Studies in Pharmacy Ethics Robert M. Veatch, Amy Haddad, E.J. Last, 2017-06-16 Pharmacists constantly face ethical choices sometimes dramatic matters of life and death decisions but more often subtle less conspicuous choices that are nonetheless important *Case Studies in Pharmacy Ethics* identifies and discusses the broad range of ethics issues pharmacists confront in practice Ranging from situations faced in direct patient care to broader issues this book uses cases to explore topics and the ethical framework within which practitioners make decisions about such issues as assisted suicide conscientious refusal pain management and confidentiality as well as the equitable distribution of drug resources within institutions or managed care organizations and clinical studies on vulnerable populations As the scope of the pharmacist's role expands pharmacists find themselves facing new ethical challenges This third edition accounts for some of the many changes in pharmacy practice and in the delivery of health care since the second edition It includes an entirely new chapter on health insurance and health system planning and a discussion of the impact of the Affordable Care Act and cases that are updated to reflect current pharmacy practice models It serves as a valuable resource regarding topics that are both specific to pharmacy practice and those that involve the health care system more generally **The Bloomsbury Research Handbook of Indian Ethics** Shyam Ranganathan, 2016-11-17 Featuring leading scholars from philosophy and religious studies *The Bloomsbury Research Handbook of Indian Ethics* dispels the myth that Indian thinkers and philosophers were uninterested in ethics This comprehensive research handbook traces Indian moral philosophy through classical scholastic Indian philosophy pan Indian literature including the Epics Ayurvedic medical ethics as well as recent traditionalist and Neo Hindu contributions Contrary to the usual myths about India that Indians were too busy being religious to care about ethics moral theory constitutes the paradigmatic differentia of formal Indian philosophy and is reflected richly in popular literature Many of the papers make this clear by an analytic explication that draws critical comparisons and contrasts between classical Indian moral philosophy and contemporary contributions to ethics By critically addressing ethics as a sub discipline of philosophy and acknowledging the mistaken marginalization of Indian moral philosophy this handbook reveals how Indian contributions can illuminate contemporary philosophical research on ethics Unlike previous approaches to Indian ethics this volume is organized in accordance with major topics in moral philosophy The volume contains an extended introduction exploring topics in moral semantics the philosophy of thought metaethical and normative ethical theory and the politics of scholarship which serve to show how the diversity of Indian moral philosophy is a contribution to the discipline of ethics With an overview of Indian moral theory and a glossary this is a valuable guide to understanding the past present and future research directions of a central component of Indian philosophy *Medical Ethics and Humanities* Frederick Paola, Robert Walker, Lois Nixon, 2010-03-09 *Medical Ethics and Humanities* is a survey of medical ethics and humanities that addresses ethical and legal issues of concern to health care

students and providers Authored by experts in medical ethics and humanities the book explains the various approaches to ethical analysis and illustrates their application through the use of cases and examples Key features of the book include chapter learning objectives chapter summaries illustrative case studies and review questions Medical Ethics and Humanities also covers important topics include moral rules confidentiality pediatric ethics and medical malpractice This is a valuable text for all health care students and professionals Ethics and Medical Decision-Making Michael Freeman,2017-10-05 This title was first published in 2001 Ethical thinking about medical decision making has roots deep in history This collection of contemporary essays by leading international scholars traces the development of modern bioethics and explores the theory and current issues surrounding this widely contested field **Military Medical Ethics, Volume 1** , *Case Studies in Pharmacy Ethics* Robert Veatch,Amy Haddad,2010-04-10 Pharmacists face ethical choices constantly sometimes dramatic life and death decisions but more often subtle less conspicuous choices that are nonetheless important Among the topics confronted are assisted suicide conscientious refusal pain management equitable distribution of drug resources within institutions and managed care plans confidentiality and alternative and non traditional therapies Veatch and Haddad s book first published in 1999 was the first collection of case studies based on the real experiences of practicing pharmacists for use as a teaching tool for pharmacy students The second edition accounts for the many changes in pharmacy since 1999 including assisted suicide in Oregon the purchasing of less expensive drugs from Canada and the influence of managed care on prescriptions The presentation of some cases is shortened most are revised and updated and two new chapters have been added The first new chapter presents a new model for analyzing cases while the second focuses on the ethics of new drug distribution systems for example hospitals where pharmacists are forced to choose drugs based on cost effectiveness and internet based pharmacies *Medical Ethics Through the Ages* Andreas Sofroniou,2003 Ethics are a set of human rules which morally allow an individual to interact in or live freely within a group of people This may be in society at large a team a professional body or a group of people with similar interests Historically ethics or moral philosophy are as old as human comprehension These can be traced back to the pre historic prohibited and accepted patterns of attitudes Through the ages attempts were made by thinkers to clarify the way people behave share things mix in numbers and maintain standards In modern times the catalogue of such values and rules become part of all professions Ethical contacts change with the advent of a new belief codes of practice and reliance on each other The brief historical survey of Western ethics from Socrates to the 21st century has shown constant themes Each of these major questions is considered by this book in terms of meta ethics normative ethics and applied ethics **Clinical Bioethics** James F. Drane,1994-03 Medical practice is an inherently ethical enterprise More than ever before medical practice requires that medical professionals develop and exercise high ethical standards Health care practitioners who ignore basic concepts of medical ethics risk exposing their patients to serious harm and open themselves and their institutions to charges of malpractice Clinical Bioethics provides for the busy clinical

professional a concise comprehensive treatment of the basics in this complex new field **Military Medical Ethics**

Anthony E. Hartle, Edmund D. Pellegrino, 2003 2 volumes sold as a set Textbooks of Military Medicine Section editors Edmund D Pellegrino Anthony E Hartle and Edmund G Howe et al Addresses medical ethics within a military context **Psychiatric Ethics**

Sidney Bloch, Stephen A. Green, 2021-01-05 Ethical issues inherent in psychiatric research and clinical practice are invariably complex and multi faceted Well reasoned ethical decision making is essential to deal effectively with patients and promote optimal patient care Drawing on the positive reception of Psychiatric Ethics since its first publication in 1981 this highly anticipated 5th edition offers psychiatrists and other mental health professionals a coherent guide to dealing with the diverse ethical issues that challenge them This edition has been substantially updated to reflect the many changes that have occurred in the field during the past decade Its 25 chapters are grouped into three sections which cover 1 clinical practice in child and adolescent psychiatry consultation liaison psychiatry psychogeriatrics community psychiatry and forensic psychiatry 2 relevant basic sciences such as neuroethics and genetics and 3 philosophical and social contexts including the history of ethics in psychiatry and the nature of professionalism Principal aspects of clinical practice in general such as confidentiality boundary violations and involuntary treatment are covered comprehensively as is a new chapter on diagnosis Given the contributors expertise in their respective fields Psychiatric Ethics will undoubtedly continue to serve as a significant resource for all mental health professionals whatever the role they play in psychiatry It will also benefit students of moral philosophy in their professional pursuits The Penn Center Guide to Bioethics Vardit Ravitsky, Autumn Fiester, Arthur L. Caplan, 2009-04-16 Named an Outstanding Academic Title for 2009 by Choice A set of almost 70 essays all well informed and many with attitude Harold Shapiro PhD Professor Emeritus and Professor of Economics and Public Affairs Princeton University Former Chair National Bioethics Advisory Board This most noteworthy and authoritative collection of 67 essays represents the Penn way of doing bioethics The Penn Center is widely known for multidisciplinary scholarship that emphasizes empirical inquiry on bioethical issues coupled with practical applications The book provides excellent coverage of both classical topics e g informed consent infertility eugenics and emerging issues e g cloning nonprofessional caregiving privacy of thought in the age of brain imaging The contributors including the three editors are either well established or emerging scholars Each essay offers historical background an overview of relevant issues a conclusion and a list of references Summing Up Highly recommended Choice Current Reviews for Academic Libraries This well written book addresses a wide ranging assortment of traditional bioethics issues that persist in the field as well as contemporary bioethics concerns that have evolved with new technologies and medical advances This is a great resource for scholars in bioethics as well as various other relevant disciplines concerned with bioethical issues Score 96 4 stars Doody's Medical Reviews The Center for Bioethics at the University of Pennsylvania is the internationally recognized leader in bioethical education and research Its interdisciplinary faculty is drawn from the fields of medicine law nursing education philosophy psychology and

religious studies Arthur L Caplan the Center's founding director is recognized as one of the most influential experts in bioethics He has authored numerous books and articles and served as the Chair of the Advisory Committee to the United Nations on human cloning The Penn Center's leading fellows Autumn Fiester and Vardit Ravitsky have combined their expertise with Dr Caplan and over 80 other contributors to create The Penn Center Guide to Bioethics the foremost authority on both traditional and cutting edge bioethical issues The Penn Guide navigates uncharted ethical terrains undoubtedly shaping both academic and public discourses on the challenging controversies generated by new technologies theories and medical advances This volume represents the Penn Center's distinct pioneering approach to bioethics one that emphasizes empirical treatment of bioethical issues and the integration of bioethical scholarship with practical application Learn what the Penn Center has to say about Neuroethics and brain imaging Is my mind mine Choosing future people reproductive technologies and identity Eugenics and survival of the fittest in the modern world Bioethics and national security Vaccination abortion nanotechnology organ transplantation end of life issues and more The Penn Guide will be the definitive text for policy makers health practitioners researchers and students This book will also inform the general public patients and family members as they seek answers to the bioethical issues of the day [Clinical Reproductive Medicine and Surgery E-Book](#) Tommaso Falcone, William Hurd, 2007-04-26 Clinical Reproductive Medicine and Surgery is the new definitive resource in reproductive medicine This unique text offers detailed discussion on both the medical and surgical management of reproductive disorders as well as coverage of associated imaging modalities Included are chapters on Reproductive Genetics Management of Endometriosis including interventional radiology Ultrasonography and Sonohysterography Preservation of Fertility and Recurrent Pregnancy Loss A resource every practitioner interested in Reproductive Endocrinology and Infertility needs Offers detailed discussion of medical and surgical management of reproductive disorders No other text offers coverage of both medical and surgical management in one resource Covers gynecologic disorders that impact fertility an important aspect of identifying fertility issues not included in major competition Section on basic reproductive biology Not overly detailed Written for a clinician to understand how to practice reproductive medicine Section on reproductive imaging Unique to this text includes US and MRI of the reproductive organs Algorithm in each chapter 4 color throughout Demonstrates the appropriate clinical investigation and management Offers attractive layout and best views of surgical procedures **A History and Theory of Informed Consent** Ruth R. Faden, Tom L. Beauchamp, Nancy M. P. King, 1986 Clearly argued and written in nontechnical language this book provides a definitive account of informed consent It begins by presenting the analytic framework for reasoning about informed consent found in moral philosophy and law The authors then review and interpret the history of informed consent in clinical medicine research and the courts They argue that respect for autonomy has had a central role in the justification and function of informed consent requirements Then they present a theory of the nature of informed consent that is based on an appreciation of its historical roots An important contribution to a

topic of current legal and ethical debate this study is accessible to everyone with a serious interest in biomedical ethics including physicians philosophers policy makers religious ethicists lawyers and psychologists This timely analysis makes a significant contribution to the debate about the rights of patients and subjects Medical Ethics in the Ancient World Paul Carrick,2001-04-30 In this book Paul Carrick charts the ancient Greek and Roman foundations of Western medical ethics Surveying 1500 years of pre Christian medical moral history Carrick applies insights from ancient medical ethics to developments in contemporary medicine such as advance directives gene therapy physician assisted suicide abortion and surrogate motherhood He discusses such timeless issues as the social status of the physician attitudes toward dying and death and the relationship of medicine to philosophy religion and popular morality Opinions of a wide range of ancient thinkers are consulted including physicians poets philosophers and patients He also explores the puzzling question of Hippocrates identity analyzing not only the Hippocratic Oath but also the Father of Medicine s lesser known works Complete with chapter discussion questions illustrations a map and appendices of ethical codes Medical Ethics in the Ancient World will be useful in courses on the medical humanities ancient philosophy bioethics comparative cultures and the history of medicine Accessible to both professionals and to those with little background in medical philosophy or ancient science Carrick s book demonstrates that in the ancient world as in our own postmodern age physicians philosophers and patients embraced a diverse array of perspectives on the most fundamental questions of life and death Case Studies in Allied Health Ethics Robert M. Veatch,Harley Flack,1997 Distinguished ethics professors Veatch and Flack have teamed up to offer this remarkable collection of case studies based on the actual experiences of practicing allied health personnel in various fields **Research Handbook on Law and Utilitarianism** Guillaume Tusseau,2024-10-03 The Research Handbook on Law and Utilitarianism sheds light on contemporary legal culture and the ways in which it interacts with theories of justice Guillaume Tusseau brings together an interdisciplinary range of scholars to analyse the utilitarian standpoint on legal disciplines and legal governance as well as the contribution of utilitarian arguments to current legal debates *Leadership for Health Professionals: Theory, Skills, and Applications* () (Jerry) R. R. R. Ledlow,James H. Stephens,2017-02-09 *Leadership for Health Professionals* Third Edition is the first textbook of its kind to apply classical knowledge of leadership theory and time honored best practices of industry leaders to a health organization context This comprehensive and well organized text is grounded in real world applications of theoretical concepts and focuses on practical examples of leadership in actual healthcare scenarios **The Birth of Bioethics** Albert R. Jonsen,2003-08-28 Bioethics represents a dramatic revision of the centuries old professional ethics that governed the behavior of physicians and their relationships with patients This venerable ethics code was challenged in the years after World War II by the remarkable advances in the biomedical sciences and medicine that raised questions about the definition of death the use of life support systems organ transplantation and reproductive interventions In response philosophers and theologians lawyers and social scientists joined together with

physicians and scientists to rethink and revise the old standards Governments established commissions to recommend policies Courts heard arguments and legislatures passed laws This book is the first broad history of the growing field of bioethics Covering the period 1947 1987 it examines the origin and evolution of the debates over human experimentation genetic engineering organ transplantation termination of life sustaining treatment and new reproductive technologies It assesses the contributions of philosophy theology law and the social sciences to the expanding discourse of bioethics Written by one of the field s founders The Birth of Bioethics is based on extensive archival research into sources that are difficult to obtain and on interviews with many of the leading figures in the moral debates in medicine A very readable and comprehensive account of the evolution of bioethics this book stresses the history of ideas but does not neglect the social and cultural context and the people involved It will serve the information needs of philosophers ethicists social historians and everyone interested in the origins of some of today s most hotly debated issues Textbook of Healthcare Ethics Erich E.H. Loewy, Roberta Springer Loewy, 2006-01-16 1 Historical Introduction INTRODUCTION This chapter is mainly about the history of medicine and its ethics As usually conceived history is retrograde It is what happened yesterday and much as we may try it is what happened yesterday seen with a set of today s eyes Trying to understand yesterday s culture may help us put on a pair of corrective glasses but it fails in tirely correcting our vision Contemporary cultural anthropology may likewise help us understand the way today s events and cultural habits shape what we call history tomorrow Past events and the kaleidoscopic pattern of today s cultures may help guide us into a future that in at least some respects is ours to forge Learning about ethics yesterday and thinking about ethics as it expresses itself in various cultures today can help us shape the ethics of tomorrow This is true whether we are speaking of that part of social ethics called medical or of any other part of social ethics The social aspects of medical practice how the institution called medicine fits into and works within the greater society called culture shape the way its ethics ultimately must play itself out

This is likewise one of the factors by obtaining the soft documents of this **Selected Chapters From Classical Cases In Medical Ethics** by online. You might not require more grow old to spend to go to the book initiation as skillfully as search for them. Selected Chapters From Classical Cases In Medical Ethics Introduction

In the digital age, access to information has become easier than ever before. The ability to download Selected Chapters From Classical Cases In Medical Ethics has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Selected Chapters From Classical Cases In Medical Ethics has opened up a world of possibilities.

Downloading Selected Chapters From Classical Cases In Medical Ethics provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Selected Chapters From Classical Cases In Medical Ethics has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Selected Chapters From Classical Cases In Medical Ethics. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Selected Chapters From Classical Cases In Medical Ethics. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites

that prioritize the legal distribution of content. When downloading Selected Chapters From Classical Cases In Medical Ethics, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Selected Chapters From Classical Cases In Medical Ethics has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Selected Chapters From Classical Cases In Medical Ethics Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality?
