Servicelearning In Higher Education Critical Issues And Directions:

Service-Learning in Higher Education D. Butin, 2005-07-14 Advocates have positioned service learning as a real world real time opportunity for students to encounter academic knowledge in a meaningful and relevant manner Service learning in higher education settings offers a powerful alternative to traditional models of teaching and learning Students are encouraged to develop links to local institutions volunteer their time and create a special bond between the university and the community in which they live Service learning has become a very popular alternative to standard courses in higher education and is gaining significant popularity This book takes a serious look at the unintended consequences and alternative conceptualizations of this mode of learning and explores what it could offer us in the future **Service-Learning in Higher**

Education in Africa Titus O. Pacho, 2019-01-15 This book will help stakeholders in higher education appreciate service learning as an innovative and active approach with the potential to enrich students learning experiences while adding value to the service mission of higher education The approach not only links academic learning to everyday life but also exposes students to a variety of opportunities for the development of life and career skills The book will serve to bring university teaching out of the clouds and restore in students minds the connection between what they are learning and the people their education is meant to help The approach advocated here will serve to have a long term and salutary effect on the whole nature of university learning When students are given the opportunity to participate actively in the learning process which includes civic engagement they will be able to learn not only theoretically but also experientially through practice as experience is generally one of the best ways to learn Critical Perspectives on Service-Learning in Higher Education S.

Deeley, 2014-11-25 Through innovative analysis of theory and practice this book offers refreshing critical perspectives on service learning in higher education It constructs a theoretical paradigm for service learning which extends to critical pedagogy and investigates critical reflection and academic reflective writing supported throughout by empirical evidence

Reflecting on Service-Learning in Higher Education M. Gail Hickey, 2016-05-12 Reflecting on Service Learning in Higher Education Contemporary Issues and Perspectives examines forms of pedagogy such as service learning experiential learning and problem based learning in order to determine how students make connections between and among abstract academic concepts and real life issues This edited collection is divided into three sections Reflecting on Community Partnerships Reflecting on Classroom Practice and Reflecting on Diversity so as to represent interdisciplinary subjects diverse student populations and differing instructional perspectives about service learning in higher education Contributors provide service learning programs and plans that can be replicated or adapted at other institutions of higher education This book is recommended for scholars and practitioners of education Critical Issues in Higher Education Michael Kompf, Pamela M. Denicolo, 2013-02-11 The ideas and papers in this volume primarily showcase the work of a group of new scholars who will lead the next generation of educational practise and inquiry While the topics explored are critical issues the

ways in which these new scholars have chosen to address them illustrates the diversity of voice venue and value that has led them to present their work Education and what it means has entered a new era in which the primary focus on education for the sake of education is strained An educational free for all in the sense of a no holds barred fight seems in place as competition for market share effective branding exercises and movement towards a client based delivery of educational services on demand as demanded has been fuelled and compounded by litigation accreditation transfer credits and matters of patents copyrights ownership and monopoly The link between education and financial well being has been co opted as the key to personal success Unfortunately the degree pursuit often called the paper chase has become competitive for learners seeking scholarships awards and entry into graduate school This transition indicates movement from becoming well educated to employability potential paralleling much institutional retooling and sustenance of enhanced reputation and fiscal viability
