**Sexual Revolutions in Cuba** Carrie Hamilton, 2012-03-12 In *Sexual Revolutions in Cuba* Carrie Hamilton delves into the relationship between passion and politics in revolutionary Cuba to present a comprehensive history of sexuality on the island from the triumph of the Revolution in 1959 into the twenty first century Drawing on an unused body of oral history interviews as well as press accounts literary works and other published sources Hamilton pushes beyond official government rhetoric and explores how the wider changes initiated by the Revolution have affected the sexual lives of Cuban citizens She foregrounds the memories and emotions of ordinary Cubans and compares these experiences with changing policies and wider social political and economic developments to reveal the complex dynamic between sexual desire and repression in revolutionary Cuba Showing how revolutionary and prerevolutionary values coexist in a potent and sometimes contradictory mix Hamilton addresses changing patterns in heterosexual relations competing views of masculinity and femininity same sex relationships and homophobia AIDS sexual violence interracial relationships and sexual tourism Hamilton s examination of sexual experiences across generations and social groups demonstrates that sexual politics have been integral to the construction of a new revolutionary Cuban society

*Sex and Revolution* Alec Craig, 1934 *Sex and Sexuality in Latin America* Daniel Balderston, Donna Guy, 1997-02 Organized around three central themes control and repression the politics and culture of resistance and sexual transgression as affirmation of marginalized identity this intriguing collection will challenge and inform conceptions of Latin American sexuality

*Women and Revolution* Lydia Sargent, 1981 Women and

Revolution deals with contemporary feminist political theory and practice. It is a debate concerning the importance of patriarchy and sexism in industrialized societies, sexual differences and kin relations as critical to social outcome as economic relations. What is the dynamic between class and sex? Is one or the other dominant? How do they interact? What are the implications for social change? In *The Unhappy Marriage of Marxism and Feminism*, Hartmann argues that class and patriarchy are equally important and that neither a narrow feminism nor an economist Marxism will suffice to help us understand or change modern society; instead, we need a theory that can integrate the two analyses.

*Women and Revolution* Marie Josephine Diamond, 2013-06-29

Taking its starting point from women's contributions to the French revolution, this important anthology goes far beyond any particular historical European or American context and expands its scope in space and time to an all-inclusive global theme: namely, the contributions of radical women towards an ever-changing world and its revolutionary transformations everywhere. The superbly edited essays by diverse contributors from various continents and disciplines explore a wide platform of women's revolutionary involvements and elucidate the broad range of contributions by women scholars, scientists, and activists to movements of social transformation as well as to a reexamination of established methods of cultural analysis, from enlightened liberalism to Marxism. The contributions of women scholars and activists from Africa, Asia, and Latin America are particularly significant in that they transcend and expand European North American feminism as relevant primarily to its own socio-cultural context and focus on women acting in terms of their own non-Western traditions and cultures, that is, on non-Western models based on indigenous strategies of social transformation. This rich anthology shuns any postulation of a single global model for revolution. Yet, despite the emergence of a problematic relationship between Western or Western-educated theorists and the causes of the oppressed women's diverse social, cultural, and historical experiences, and strategies are united in this edition as in their common causes, as emphasized by the following statement in the introduction: the female body has become a privileged site for social analysis in the context of international capitalism as well as in the critique of traditional socialism.

Films *Women and Revolution* covers an enormous socio-historical space: four continents (Europe, Africa, Asia, and Latin America) and quite a few countries within them. This huge field of human experience is looked at from the focal point which runs explicitly and implicitly through all nineteen chapters: the active if not revolutionary role women have played individually and collectively in various determining social situations, a role regularly suppressed by the coercive power of institutionalized domination. The impetus for this endeavor was the commemoration of the bicentennial of the French Revolution, an occasion to take an in-depth look at its less obvious agendas through a focus on the activity of women and on Olympe de Gouges in particular. But as Olympe de Gouges became acquainted with Mr. Guillotine, the considerable role of women became suppressed, not only actually but as a kind of *damnatio memoriae*, which the old Romans had already invented. As this work shows, there have been multiple forms and contents through which women have taken history into their own hands and have participated in emancipatory struggles.

throughout the world They are at their best in their use of the resources of local village traditions of dense social contexts of mutual aid and in turning such grassroots resources into radical democratic struggles for the future A fascinating and timely book Wolf Dieter Narr Freie Universität Berlin The vital role played by women in struggles for social transformation has scarcely been appreciated and with the sense of defeat that hangs over the revolutionary project stands to be further forgotten That is why the publication of *Women and Revolution* is both welcome and necessary on intellectual and scholarly grounds but also because these are stories which have to be told if we are to resume the march toward a better world Joel Kovel Bard College

**Women and Revolution in Africa, Asia, and the New World** Mary Ann Tétreault, 1994 The contributors use a variety of theoretical approaches to analyze how women as a class have experienced specific twentieth century revolutions They identify the issues that prompted women to participate in the struggles the roles they played the contributions they made and their hopes for better lives for themselves as women in the post revolutionary society

**Sex and Punishment** Eric Berkowitz, 2013-04-03 *Sex and Punishment* tells the story of the struggle throughout millennia to regulate the most powerful engine of human behaviour sex From the savage impalement of an Ancient Mesopotamian adulteress to the imprisonment of Oscar Wilde for gross indecency in 1895 Eric Berkowitz evokes the entire sweep of Western sex law The cast of *Sex and Punishment* is as varied as the forms taken by human desire itself royal mistresses gay charioteers medieval transvestites lonely goat lovers prostitutes of all stripes and London rent boys Each of them had forbidden sex and each was judged and justice as Berkowitz shows rarely had anything to do with it

**Gender, Sex and the Shaping of Modern Europe** Annette F. Timm, Joshua A. Sanborn, 2022-01-13 At a time when issues of gender and sexuality are as prominent as they have ever been *Gender Sex and the Shaping of Modern Europe* provides an authoritative exploration of the history of these deeply connected subjects over the last 250 years Incorporating a blend of history and historiography Annette F Timm and Joshua A Sanborn write engagingly on gender and sexuality in a way that illuminates our understanding of historical change and individual experience throughout Europe The new and improved 3rd edition of this textbook now includes Personal vignette textboxes which shed light on key themes through individual life stories Added material on Russia Eastern Europe the Holocaust and the 21st century Historiographical updates throughout that bring the text up to date with new scholarship 30 new images and maps Through 6 thematic chapters that cover democracy capitalism imperialism and war Timm and Sanborn trace the social construction of gender roles consider gender's influence on political and economic developments during the period and reflect on where European society's relationship with gender will go both now and in the future

**Writing Revolution: Representation, Rhetoric, and Revolutionary Politics** Sheila Delany, 2023-09-20 Revolutionary and writer how do they fit together in one person's work Using literary texts from French German Russian and American pro revolutionary writers Sheila Delany examines the synergy of politics and rhetoric art and social commitment The writers she considers gave voice to the hopes of their time Some led the events in person as well as

through their writing others worked to build a movement Marx Engels Lenin Trotsky Luxemburg Mao Sylvain Mar chal Boris Lavrenov Bertolt Brecht and others are here consummate rhetoricians all not necessarily on the same page politically but for the revolutions of their day

*Sexual Revolution in Bolshevik Russia* Gregory Carleton, 2010-06-15 Gregory Carleton offers a comprehensive literary and cultural history of sex and society in the Soviet Union during the 1920s The Bolshevik Revolution promised a total transformation of Russian society down to its most intimate details But in the years immediately following 1917 it was by no means clear how this would come about Sex and sexuality became a crucial battleground for debates about the Soviet future and literature emerged as a primary domain through which sex could be imagined and discussed Despite optimistic claims that bolshevism would overcome bourgeois depravity the writings of the 1920s in all genres were awash in sexual adventure promiscuity various chauvinisms date and gang rape unwanted pregnancy and sexually transmitted diseases as well as sex related alcohol abuse depression and suicide In discussions about sex party officials contradicted themselves sociologists grappled with difficult social problems and writers experimented in fictional form with modern identities and relationships Drawing on an uncommonly varied body of sources including novels journals diaries sociological research public health brochures surveys and party documents many examined here for the first time in English Carleton reveals the dramatic bizarre and intriguing ways the sexual revolution was discussed and represented Amidst this chaos he discerns a historical process of codification and reaction leading ultimately to the quelling of debate in the 1930s through the harsh dictates of Stalinism *Sexual Revolution in Bolshevik Russia* challenges Western writers who portray revolutionary Russia as either prudish or hedonistic by reconstructing a fuller picture of what circulated in Bolshevik culture and why Carleton brings a complex human dimension to the subject demonstrating that this controversy should not be viewed as a sideshow curiosity but rather as a central aspect of the dramatic debates on early Soviet literature and culture

*Rewriting Revolution* Immanuel Kim, 2018-04-30 North Korea the Democratic People s Republic of Korea DPRK is firmly fixed in the Western imagination as a barbaric vestige of the Cold War a rogue nation that refuses to abide by international norms It is seen as belligerent and oppressive a poor nation bent on depriving its citizens of their basic human rights and expanding its nuclear weapons program at the expense of a faltering economy Even the North s literary output is stigmatized and dismissed as mere propaganda literature praising the Great Leader Immanuel Kim s book confronts these stereotypes offering a more complex portrayal of literature in the North based on writings from the 1960s to the present The state seeking to write revolution prescribes grand narratives populated with characters motivated by their political commitments to the leader the Party the nation and the collective While acknowledging these qualities Kim argues for deeper readings In some novels and stories he finds the path to becoming a revolutionary hero or heroine is no longer a simple matter of formulaic plot progression instead it is challenged disrupted and questioned by individual desires decisions doubts and imaginations Fiction in the 1980s in particular exhibits refreshing story lines and deeper character development along with

creative approaches to delineating women sexuality and the family These changes are so striking that they have ushered in what Kim calls a Golden Age of North Korean fiction *Rewriting Revolution* charts the insightful literary frontiers that critically portray individuals negotiating their political and sexual identities in a revolutionary state In this fresh and thought provoking analysis of North Korean fiction Kim looks past the ostensible state propaganda to explore the dynamic literary world where individuals with human emotions reside His book fills a major lacuna and will be of interest to literary scholars and historians of East Asia as well as to scholars of global and comparative studies in socialist countries

Caldwell, 2009-06-22 The philosopher of religion and critic of idealism Ludwig Feuerbach had a far reaching impact on German radicalism around the time of the Revolution of 1848 This intellectual history explores how Feuerbach's critique of religion served as a rallying point for radicals and how they paradoxically sought to create a new post religious form of religiosity as part of the revolutionary aim At issue for the Feuerbachian radicals was the emergence of a humanity emancipated from the constraints of mere institutions able to express itself freely and harmoniously Caldwell also touches on Moses Hess Louise Dittmar and Richard Wagner in his discussion of the time This book reconstructs the nature of Feuerbach's radicalism and shows how it influenced early works of socialism feminism and musical modernism
