*A Cultural History of*

*Sexuality in the Middle Ages* Ruth Evans, 2012-03-01 Historians of sexuality have often assumed that medieval people were less interested in sex than we are But people in the Middle Ages wrote a great deal about sex in confessors manuals in virginity treatises and in literary texts This volume looks afresh at the cultural meanings that sex had throughout the period presenting new evidence and offering new interpretations of known material Acknowledging that many of the categories that we use today to talk about sexuality are inadequate for understanding sex in premodern times the volume draws on important recent work in the historiography of medieval sexuality to address the conceptual and methodological challenges the period presents A Cultural History of Sexuality in the Middle Ages presents an overview of the period with essays on heterosexuality homosexuality sexual variations religious and legal issues health concerns popular beliefs about sexuality prostitution and erotica

**Humour in Anglo-Saxon Literature** Jonathan Wilcox, 2000 Essays lay the groundwork for a theory of humour in Old English literature Humour is rarely seen to raise its indecorous head in the surviving corpus of Old English literature yet the value of reading that literature with an eye to humour proves considerable when the right questions are asked Humour in Anglo Saxon Literature provides the first book length treatment of the subject In all new essays eight scholars employ different approaches to explore humor in such works as Beowulf and The Battle of Maldon the riddles of the Exeter Book and Old English saints lives An introductory essay provides a survey of the field while individual essays push towards a distinctive theory of Anglo Saxon humour Through its unusual focus this collection will provide an appealing introduction to both famous and lesser known works for those new to Old English literature while those familiar with the usual contours of Old English literary criticism will find here the value of a fresh approach Contributors JOHN D NILES T A SHIPPEY RAYMOND P TRIPP JR E L RISDEN D K SMITH NINA RULON MILLER SHARI HORNER HUGH MAGENNIS JONATHAN WILCOX is Associate Professor of English at the University of Iowa and editor of the Old English Newsletter Although the question of humour in the surviving corpus of Old English literature has

rarely been discussed the potential for analyzing this literature in terms of its humor is in fact considerable In the essays especially commissioned for this volume the first book length treatment of Anglo Saxon humor eight of the foremost scholars in the field use different approaches to explore humor in the surviving literature of Anglo Saxon England in such works as Beowulf and The Battle of Maldon the riddles of the Exeter book and Old English saints lives The articles are prefaced with an introduction surveying the field Through its unusual focus this collection will provide an appealing introduction to both famous and lesser known works for those new to Old English literature while those familiar with the usual contours of Old English literary criticism will find here the value of a fresh approach JONATHAN WILCOX is Associate Professor of English at the University of Iowa and editor of the Old English Newsletter Between Medieval Men David Clark, 2009-02-26 Between Medieval Men argues for the importance of synoptically examining the whole range of same sex relations in the Anglo Saxon period revisiting well known texts and issues as well as material often considered marginal from a radically different perspective The introductory chapters first lay out the premises underlying the book and its critical context then emphasise the need to avoid modern cultural assumptions about both male female and male male relationships and underline the paramount place of homosocial bonds in Old English literature Part II then investigates the construction of and attitudes to same sex acts and identities in ethnographic penitential and theological texts ranging widely throughout the Old English corpus and drawing on Classical Medieval Latin and Old Norse material Part III expands the focus to homosocial bonds in Old English literature in order to explore the range of associations for same sex intimacy and their representation in literary texts such as Genesis A Beowulf The Battle of Maldon The Dream of the Rood The Phoenix and Ifric s Lives of Saints During the course of the book s argument David Clark uncovers several under researched issues and suggests fruitful approaches for their investigation He concludes that in omitting to ask certain questions of Anglo Saxon material in being too willing to accept the status quo indicated by the extant corpus in uncritically importing invisible because normative heterosexist assumptions in our reading we risk misrepresenting the diversity and complexity that a more nuanced approach to issues of gender and sexuality suggests may be more genuinely characteristic of the period Chaucerotics Geoffrey W. Gust, 2018-07-12 Chaucerotics examines the erotic language in Chaucerian literature through a unique lens utilizing the tools of pornographic literary theory to open up Chaucer s ribald poetry to fresh modes of analysis By introducing and applying the notion of Chaucerotics this study argues for a more historically nuanced and theoretically sophisticated understanding of the obscene content in Chaucer s fabliaux and Troilus and Criseyde This book demonstrates that the sexually suggestive language of this magisterial Middle English poet could stimulate and titillate various literary audiences in late medieval England and even goes so far as to suggest that Chaucer might well be understood as the Father of English pornography for playing a notable liminal role in the development of porn as a literary genre In making this case Geoffrey W Gust presents an insightful account of an important intellectual issue and opens up the subject of premodern pornography to consideration in a

way that is new and highly provocative      **Seeing Sodomy in the Middle Ages** Robert Mills, 2024-05-31 During the Middle Ages in Europe some sexual and gendered behaviors were labeled sodomitical or evoked the use of ambiguous phrases such as the unmentionable vice or the sin against nature How though did these categories enter the field of vision How do you know a sodomite when you see one In *Seeing Sodomy in the Middle Ages* Robert Mills explores the relationship between sodomy and motifs of vision and visibility in medieval culture on the one hand and those categories we today call gender and sexuality on the other Challenging the view that ideas about sexual and gender dissidence were too confused to congeal into a coherent form in the Middle Ages Mills demonstrates that sodomy had a rich multimedia presence in the period and that a flexible approach to questions of terminology sheds new light on the many forms this presence took Among the topics that Mills covers are depictions of the practices of sodomites in illuminated Bibles motifs of gender transformation and sex change as envisioned by medieval artists and commentators on Ovid sexual relations in religious houses and other enclosed spaces and the applicability of modern categories such as transgender butch and femme or sexual orientation to medieval culture Taking in a multitude of images texts and methodologies this book will be of interest to all scholars regardless of discipline who engage with gender and sexuality in their work      *Christianity and Sexuality in the Early Modern World* Merry Wiesner-Hanks, 2014-05-22 The book surveys the ways in which Christian ideas and institutions shaped sexual norms and conduct from the time of Luther and Columbus to that of Thomas Jefferson It is global in scope and geographic in organization with chapters on Protestant Catholic and Orthodox Europe Latin America Africa and Asia and North America All the key topics are covered including marriage and divorce fornication and illegitimacy clerical sexuality same sex relations witchcraft and love magic moral crimes and inter racial relationships Each chapter in this second edition has been fully updated to reflect new scholarship with expanded coverage of many of the key issues particularly in areas outside of Europe Other updates include extra analysis of the religious ideas and activities of ordinary people in Europe and new material on the colonial world The book sets its findings within the context of many historical fields the history of sexuality and the body women s history legal and religious history queer theory and colonial studies and provides readers with an introduction to key theoretical and methodological issues in each of these areas Each chapter includes an extensive section on further reading surveying and commenting on the newest English language secondary literature      **The Oxford Handbook of Sex Offences and Sex Offenders** Teela Sanders, 2017 The Oxford Handbook on Sex Offenses and Sex Offenders provides comprehensive even handed analysis of the myriad of topics related to sex offenses including pornography sex trafficking criminal justice responses and the role of social media in sex crimes Extending beyond the existing scholarly research on the topic this volume teases out the key debates controversies and challenges involved in addressing sex crimes      **Castration and Culture in the Middle Ages** Larissa Tracy, 2013 Essays exploring medieval castration as reflected in archaeology law historical record and literary motifs Castration and castrati have always been facets of western culture from myth and legend

to law and theology from eunuchs guarding harems to the seventeenth and eighteenth century castrati singers Metaphoric castration pervades a number of medieval literary genres particularly the Old French fabliaux exchanges of power predicated upon the exchange or absence of sexual desire signified by genitalia but the plain literal act of castration and its implications are often overlooked This collection explores this often taboo subject and its implications for cultural mores and custom in Western Europe seeking to demystify and demythologize castration Its subjects include archaeological studies of eunuchs historical accounts of castration in trials of combat the mutilation of political rivals in medieval Wales Anglo Saxon and Frisian legal and literary examples of castration as punishment castration as comedy in the Old French fabliaux the prohibition against genital mutilation in hagiography and early modern anxieties about punitive castration enacted on the Elizabethan stage The introduction reflects on these topics in the context of arguably the most well known victim of castration in the middle ages Abelard

*Reconsidering Gender, Time and Memory in Medieval Culture* Elizabeth Cox, Liz Herbert McAvoy, Roberta Magnani, 2015 A consideration of the ways in which the past was framed and remembered in the pre modern world The training and use of memory was crucial in medieval culture given the limited literacy at the time but to date very little thought has been given to the complex and disparate ways in which the theory and practices of memory interacted with the inherently unstable concepts of time and gender at the time The essays in this volume drawing on approaches from applied poststructural and queer theory among others reassess those ideologies meanings and responses generated by the workings of memory within and over time Ultimately they argue for the inherent instability of the traditional gender time memory matrix within which men are configured as the recorders of history and women as the repositories of a more inchoate familial and communal knowledge showing the Middle Ages as a locus for a far more fluid conceptualization of time and memory than has previously been considered Elizabeth Cox is Lecturer in Old English at Swansea University Roberta Magnani is Lecturer in Medieval Literature at Swansea University Liz Herbert McAvoy is Professor of Medieval Literature at Swansea University Contributors Anne E Bailey Daisy Black Elizabeth Cox Fiona Harris Stoertz Ayoush Lazikani Liz Herbert McAvoy Pamela E Morgan William Rogers Patricia Skinner Victoria Turner
