Sex Nation And Dissent In Irish Writing:

Sex, Nation, and Dissent in Irish Writing Eibhear Walshe, 1997 This pioneering collection of essays sets out to examine the relationship between nationalism and sexual identity and argues that literary expressions of sexual dissidence in Ireland cannot be abstracted from Ireland's experience of colonization

Sex, Nation and Dissent in Irish Writing Eibhear Walshe, 1995

Sex, Nation, and Dissent in Irish Writing Eibhear Walshe, 1997 This original collection of essays explores how literary voices articulate key tensions within the mainstream tradition of Irish Literature and shows how the works of Lesbian and gay writers are no exception The essays concentrate on figures such as Oscar Wilde Somerville and Ross Eva Gore Booth Forrest Reid Kate O'Brien Michael MacLiammoir Mary Dorcey and Elizabeth Bowen Areas such as popular fiction Gaelic poetry Irish cinema and theatre are also explored The book covers an area neglected in Irish Studies but absolutely central to academic and political debate The contributors include Declan Kiberd Patricia Coughlan Anne Fogarty and David Alderson

Liffey and Lethe Patrick R. O'Malley, 2017-03-01 Focusing on literary and cultural texts from the late eighteenth century to the early twentieth Patrick R O Malley argues that in order to understand both the literature and the varieties of nationalist politics in nineteenth century Ireland we must understand the various modes in which the very notion of the historical past was articulated He proposes that nineteenth century Irish literature and culture present two competing modes of political historiography one that eludes the unresolved wounds of Ireland's violent history through the strategic representation of a unified past that could be the model for a liberal future and one that locates its roots not in a culturally triumphant past but rather in an account of colonial and specifically sectarian bloodshed and insists upon the moral necessity of naming that history From myths of pre-Christian Celtic glories to medieval Catholic scholarship to the rise of the Protestant Ascendancy to narratives of colonial violence against Irish people by British power Irish historiography strove to be the basis of a new nationalism following the 1801 Union with Great Britain and yet it was itself riven with contention

Wilde Style Neil Sammells, 2014-07-22 This new study of the major prose and plays of Oscar Wilde argues that his dominant aesthetic category is not art but style It is this major emphasis on style and attitude which helps mark Wilde so graphically as our contemporary Beginning with a survey of current Wilde criticism the book demonstrates the way his own critical essays anticipate much contemporary cultural theory and inform his own practice as a writer

History and Heritage Simon Ditchfield, John Arnold, Kate Davies, 2015-12-22 Just what is it that we want from the past History offers us true stories about the past heritage sells or provides us with the past we appear to desire The dividing line between history and heritage is however far from clear This collection of papers addresses the division between history and heritage by looking at the ways in which we make use of the past the way we consume our yesterdays Looking at a wide variety of fields including architectural history museums films novels and politics the authors examine the ways in which the past is invoked in contemporary culture and question the politics of drawing upon history in present day practices In topics ranging from

Braveheart to Princess Diana the Piltdown Man to the National History Curriculum war memorials to stately homes History and Heritage explores the presence of the past in our lives and asks how and to what end are we using the idea of the past Who is consuming the past and why
