**Unlock The SexCode To Better Sex Life** Kristy Jenkins, 2019-11-26 Are you in a relationship If you are are you pleased with the amount of sex and intimacy that you are receiving Are you unsure For many men and women this question is a lot harder to answer than it looks If you are unsure as to whether or not your sex life is good it may be time for you to find out Why because if you are pleased with the amount of intimacy that you receive you should be sure to tell your partner on occasion Doing so can help to improve your relationship On the other hand if you are not pleased with the level of intimacy received it may be time for you to make a change Like try Unlocking the SexCode to Better Sex Life As for why you should set the goal of being intimate on a frequent basis you will find that doing so is healthy for your relationship As stated couples who have intimacy on a frequent basis often have the healthiest relationships When in a serious relationship intimacy is important Yes your relationship should not be based on sex but it is a huge component of it Connecting intimately shows your partner that you truly love them So

why not take steps to express your love everyday Your chances of experimenting are also likely to increase when you have sexual relations on a daily basis Why Because if you have sex frequently you may honestly get bored with that you are doing However instead of opting to reduce the frequency of intimacy many couples decide to experiment instead This is something that may provide you with excitement or a source of motivation Check out here to Unlock the SexCode Sex is also good for your health That is just another one of the many reasons why you may want to set a daily goal Those who have healthy sex lives are less likely to suffer from stress and depression This may improve your relationship by limiting the amount of disagreements you and your partner have It is also important to note that sex burns calories What could be better than working to lose weight while being adventurous with the man or woman you love Unlock the Sexcode to Better Sex Life is designed for men and women who are in exclusive relationships such as a marriage If you are not involved with anyone right now daily sex may not be a wise idea for you This is because you may end up with a different partner each and every night As fun and as exciting as this may sound you may end up putting your health at risk Remember that your risk of developing a sexually transmitted disease increases with each additional sex partner you have You may be surprised just how unlocking the Sexcode can help you as intense intimacy can help to improve your relationship
