Legal Tech and the Future of Civil Justice David Freeman Engstrom, 2023-02-09 New digital technologies from AI fired legal tech tools to virtual proceedings are transforming the legal system But much of the debate surrounding legal tech has zoomed out to a nebulous future of robo judges and robo lawyers This volume is an antidote Zeroing in on the near to medium term it provides a concrete empirically minded synthesis of the impact of new digital technologies on litigation and access to justice How far and fast can legal tech advance given regulatory organizational and technological constraints How will new technologies affect lawyers and litigants and how should procedural rules adapt How can technology expand or curtail access to justice And how must judicial administration change to promote healthy technological development and open courthouse doors for all By engaging these essential questions this volume helps to map the opportunities and the perils of a rapidly digitizing legal system and provides grounded advice for a sensible path forward This book is available as Open Access on Cambridge Core

Sex, Preference, and Family David M. Estlund, Martha C. Nussbaum, 1998-06-18 The public furor over issues of same sex marriages gay rights pornography and single parent families has erupted with a passion not seen since the 1960s This book gathers seventeen eminent philosophers and legal scholars who offer commentary on sexuality including sexual behavior sexual orientation and the role of pornography in shaping sexuality on the family including both same sex and single parent families and on the proper role of law in these areas The essayists are all fiercely independent thinkers and offer the reader a range of bold and thought provoking proposals Susan Moller Okin argues for instance that gender ought to be done away with that differences in biological sex ought to have no more social relevance than one's eye color or the length of one's toes and she urges that we look to same sex couples as a model for households and families in a gender free society And Cass Sunstein suggests that the Supreme Court case *Loving vs Virginia* which overthrew the ban on interracial marriages in Virginia might be a precedent for overturning laws that bar same sex marriage just as *Loving* overturned miscegenation laws because they were at the service of white supremacy Sunstein shows the laws against same sex marriages and homosexuality are at the service of

male supremacy and might also be overturned Of vital importance to anyone interested in sexuality homosexuality gender feminism and the family Sex Preference and the Family both clarifies the current debate and points the way toward a less divisive future **The Advocate** ,2001-08-14 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States *Religion Index One* ,2007 **The Compact Edition of the Oxford English Dictionary** Sir James Augustus Henry Murray,1971 Micrographic reproduction of the 13 volume Oxford English dictionary published in 1933 **The Law of Sex** George Briggs Starkweather,1883
