## ANTICIPATION

How beautiful the earth is still,  
To thee—how full of happiness !  
How little fraught with real ill,  
Or unreal phantoms of distress !  
How spring can bring thee glory, yet,  
And summer win thee to forget  
December's sullen time !  
Why dost thou hold the treasure fast,  
Of youth's delight, when youth is past,  
And thou art near thy prime ?

When those who were thy own compeers,  
Equals in fortune and in years,  
Have seen their morning melt in tears,  
To clouded, smileless day ;  
Blest, had they died untried and young,  
Before their hearts went wandering wrong,—  
Poor slaves, subdued by passions strong,  
A weak and helpless prey !

‘ Because, I hoped while they enjoyed,  
And by fulfilment, hope destroyed ;  
As children hope, with trustful breast,  
I waited bliss—and cherished rest.  
A thoughtful spirit taught me soon,  
That we must long till life be done ;

## Long Poems:

Long Walks in the Afternoon Margaret Gibson, 1982-11-01 With a quiet eloquence the poems in Long Walks in the Afternoon follow the deep imagination's long tap into the dark inward toward the still and radiant center of the self But Margaret Gibson's poetry is not self-serving or isolationist She writes out of the firm conviction that our personal griefs held energies that can move is to reach beyond ourselves and join with others in common struggle Beginning with poems that struggle against illusion egotism and emptiness the collection progresses to poems that challenge violence social violence against women political violence in east Asia and Chile and in Radiation the violence that still reverberates from the bombings of Hiroshima and Nagasaki We made the scars and the radiant air We made people invisible as numbers We did this In a final section the desire to know and claim the self is transformed in a sequence of elegies into the passion to lose myself in work and in love and in the world to be no one The meditative mood of Gibson's poems becomes a movement against isolation a wrestle with our roots and common bonds and a way of challenging the self to be more openly aligned with creative forces and to speak out against dishonesty injustice chaos and war

On the Edge Kenneth Koch, 2009 In paperback for the first time Kenneth Koch's six masterly groundbreaking longer poems which contain some of the poet's most original work full of exclamation and exaggeration but graced as well with dry wit and sophistication Together they serve as the companion volume to the highly praised Collected Poems of Kenneth Koch

*Complexities of Motion* Steven P. Schneider, 1999 This volume gathers new essays on A R Ammons's long poems by many of the most influential critics of contemporary American poetry including Helen Vendler Marjorie Perloff and Willard Spiegelman It will serve for years to come as an important critical text on a vast body of work by one of the most prolific and innovative practitioners of the long poem in post World War II American poetry Complexities of Motion then is a collection of new critical articles on the entire range of Ammons's longer poems beginning with Tape for the Turn of the Year 1965 and culminating with Glare 1997

A Long Essay on the Long Poem Rachel Blau DuPlessis, 2023-03-21 For decades Rachel Blau DuPlessis has shown readers how genres forms and the literal acts of writing and reception can be understood as sites of struggle In her own words writing is a praxis in which the author disappears into a process into a community into discontinuities and into a desire for discovery It is cause for celebration then that we have another work of warm incisive explanatory writing from DuPlessis in A Long Essay on the Long Poem

The Great War, The Waste Land and the Modernist Long Poem Oliver Tearle, 2019-03-07 The Great War The Waste Land and the Modernist Long Poem explores how cultural responses to the trauma of the First World War found expression in the form of the modernist long poem Beginning with T S Eliot's The Waste Land Oliver Tearle reads that most famous example of the genre in comparison with lesser known long poems such as Hope Mirrlees's Paris A Poem Richard Aldington's A Fool in the Forest and Nancy Cunard's Parallax As well as presenting a new history of this neglected genre the book examines the ways in which the modernist long poem represented the seminal literary form for grappling with the

crises of European modernity in the wake of World War I      **Cawdor, a Long Poem** Robinson Jeffers, 1970 Here for a new generation of readers and students are two major poetic works of Robinson Jeffers 1887-1962      Reading the Modernist Long Poem Brendan C. Gillott, 2020-12-10 How do readers approach the enigmatic and unnavigable modernist long poem Taking as the form's exemplars the highly influential but critically contentious poetries of John Cage and Charles Olson this book considers indeterminacy the fundamental feature of the long poem by way of its analogues in musicology mycology cybernetics and philosophy It addresses features of these works that figure broadly in the long poem tradition such as listing typography archives mediation and mereology while articulating how both poets broke with the longform poetic traditions of the early 1900s Brendan C Gillott argues for Cage's and Olson's centrality to these traditions in developing critiquing and innovating on the longform poetics of the past their work revolutionized the longform poetry of the 20th and 21st centuries

*Wordsworth's Poems of Travel 1819-1842* J. Wyatt, 1999-06-03 There is a long held view that Wordsworth's inspiration dried up before the age of forty This book opposes that view by examining the substantial body of poetry written after his fiftieth year The argument is that in order to appreciate this work much of which was inspired by itineraries in Britain and in Europe we have to read the poems as they were first published By adopting the perspective of the contemporary reader Wordsworth's grand design can be appreciated      **The Poems of Dylan Thomas** Daniel Jones, 2003 The highlight of this complete edition of poems is a CD containing vintage recordings of Thomas reading eight of his works in his famous Welsh singing style

**T. S. Eliot: The Poems** Martin Scofield, 1988-03-10 The poems some of the poetic drama particularly Sweeney Agonistes and relevant sections of prose criticism are discussed in detail and placed in relation to the development of Eliot's oeuvre and more briefly to his life and a wider context of philosophical and religious enquiry Introduction      **Why are You So Long and Sweet?** David McFadden, 2010 A companion volume to *Why Are You So Sad* David W McFadden's book of selected poems shortlisted for the Griffin Poetry Prize this book finally brings together in one place all of McFadden's masterful long poems For some poets the long poem is an occasion to stretch one's lyrical legs try on different stylistic hats or work out ideas too complex for shorter poems For David McFadden the long poem is much more here is McFadden's prodigious imagination in overdrive his language always mischievous and mesmerizing spinning yarns both comic and cosmic
