

The background of the cover is a vibrant illustration of a sailing ship's deck. In the foreground, a young boy with blonde hair, wearing a white shirt and a blue vest, is smiling and holding a white plate. Behind him, several other people in period clothing are visible on the deck. A large seagull with a yellow beak and a small bell around its neck is in flight, its wings spread wide. Another seagull is visible in the distance. The ship's yellow sails are prominent in the upper half of the image, and the green sea is visible in the lower right corner.

explore the potential of the dwelling caves in Padang Bindu Departing from the experience of similar studies in the region namely in karst areas the research was accompanied by surveys in the rivers watershed as well as niche and other caves Harimau Cave became the focus of discussion in this monograph because the wealth and archaeological potentials contained therein enable a complete reconstruction both from the aspect of cultural character lifestyle and human adaptation or chronology The articles as well as some archaeological data contained in this monograph is based on research reports about OKU Roots of Civilization which has been prepared by the editors and contributors of the monograph in the last five years This monograph has deliberately been prepared on parts chapters in which there are one or more scientific articles This strategy is done so that the scientific information can be presented in a more concise and attractive particularly for nonacademic circles Archaeological data that have been through the stages of verification and in depth analysis presented in this monograph to be used as a reference for researchers and academics Each section begins with a description of the subject matter as well as some information as highlights Meanwhile the illustrations deliberately made as attractive as possible to be easily understood and pleasing It is true that richness remaining of Harimau Cave is very distinctive but it is not the only one Along with tens of other caves in the karst area of Ogan Komering Ulu OKU including river sites and other open sites with its remaining all of them reserve invaluable record of the long journey of OKU civilization

E. M. Forster's Material Humanism Nour Dakkak, 2023-12-22 Through attending to the nonhuman E M Forster s Material Humanism Queer Matters places Forster s fiction in conversation with contemporary debates concerned with the intersection of neomaterialism environmental humanities and queer ecology The book revisits Forster s liberal humanism from a materialist perspective by focusing on humans embodied activities in artificial and natural environments By examining the everyday embodied experiences of characters the book thus brings to the fore insignificant and sometimes overlooked aspects in Forster s fiction It also places importance on the texts treatment of queer intimacy as an embodied experience that can transcend sexual desire The book acknowledges nonhuman agency as central to our understanding of queerness in Forster s texts and studies the representation of formless matters such as dust as a way through which Forster s ecological concerns arise by linking the fate of oppressed humans with oppressed nonhuman others
