*Mentalligence* Kristen Lee,2018-02-06 One of the greatest gifts we can give to ourselves is rethinking what we ve been taught because thoughts become behaviors The same mind that gets us stuck is the same one that can set us free It s time to rip up the script society hands us breathe deep and reclaim a healthy definition of success that doesn t compartmentalize your mind body and soul We need a new organizing framework that allows more flexibility and moral grounding one that lets science emotion and spirit to fuse Too often life s disorienting moments can leave us tumbling into messy downward spirals We lose clarity and are held hostage by blind spots that keep us from thriving We fall into common mindless behavioral traps

which lead to perpetual patterns of shutting down numbing out binding up and staying stuck In this uniquely liberating book Dr Kristen Lee teaches us how to apply a process of behavioral change using a series of different lenses to steer our brains to overcome blind spots and cultivate Upward Spiral habits A leading expert on resilience and behavioral science Dr Kristen Lee developed this new psychology of thinking model from over twenty years of clinical practice the latest neuroscience and her own research findings Mentalligence men tel i juh ns is a sage guide that will help you build meta awareness by emphasizing an impact driven rather than a performance obsessed mindset and adopt a model of collective efficacy that is less I focused and more we focused to facilitate positive social impact at a time when it s desperately needed This is what psychologists call The Good Life living mindfully and consciously Rather than falling for predominant definitions of success that leave us boxed in depleted and oblivious to ways we can work together Mentalligence helps us find the thinking and behavioral agility to work towards better outcomes for all

Tadpoles & Fireflies Diana Vistein,2020-07-07 This story takes you from the recollections of a four year old through the years to a baby boomer s senior years A glimpse of elementary school junior high and high school to college and beyond She shares her relationships lets us know her family friends teachers and colleagues You will learn to know her and those who were and are part of her life the ones who changed her life There are loves and loses all portrayed in a sincere honest and many times humorous way It is written in a stream of consciousness manner so you need to pay attention to keep up or you ll miss some of the laughs and some of the tears possibly all of the fun and all of the memories The beginning is a bit like Happy Days meets A Christmas Story without the bunny suit or BB gun Through all of this is the emotional story of the person living it and you ll feel it the joy and the pain the friendships and hardships and the great love of her life The theme of this tale told from a senior point of view is the leap from childhood to puberty to adulthood and trying to negotiate all the changes physically mentally and strategically The author leads you along the way in a manner that pushes you turn to the next page Moving along with this small town Midwestern firstborn tomboy through her senior years the time when the realization hits that most of her life has gone by Time to now assess all the choices the decisions the mistakes and the victories and maybe devise a plan for the remaining future Wanting to leave a story for her daughters and their children Diane opens up her heart and lets you in pulls you in A journal becomes a novel and the story is told It is overwhelmingly a feel good story with a bit of heartbreak thrown in the story of a life

Rebirth from Anxious Ashes Yasmeen Amer,2021-01-05 Writing is my emotional outlet When my walls are closing in on me so much that I can t breathe anymore I grab my pen and start putting everything in words Writing about my feelings and thoughts to me makes them real and thus helps me identify them address them talk about them and sometimes even accept them Although I am aided majorly by therapy and proper medication I firmly believe that writing is as significant to my stability and high functionality as they are It makes me feel in control of my monsters even if temporarily This is basically why I am releasing this book into the universe I ve always kept my writings private and rarely shared then with anyone but I decided I want

others similar to or different from myself to connect to it and benefit from it If I can help one person feel less alone or more encouraged after reading any of my pieces then I can honestly and happily declare that this book has served its purpose in full If I am able through my writing to help one person reach out to someone who has mental difficulties and genuinely try to help them have an easier life then I can confidently say that all the pain that ensued from the process is definitely totally and utterly worth it Whoever and wherever you are I do not pray that you find your passion but that you find what can help you keep your demons tame and quiet for as long as possible      **Farces** Richard Harding Davis,1906
