Looking At Cars:

Cars George Bowering, Ryan Knighton, 2002 It's not where you're going but how you get there Everyone's got a good story to tell about cars a funny fender bender a bad cab ride awkward amorous acrobatics But the stories we tell about cars tell even more about ourselves You'll see what we mean in *Cars* George Bowering one of Canada's Grand Prix writers and Ryan Knighton a young writer just entering the race realized that they could tell the stories of their lives and friendship through the automobiles that have driven them Now these aren't your ordinary boys and cars stories There's no drag racing or cruising for chicks In fact George likes to drive pretty slowly and Ryan who is now blind doesn't drive at all But they take turns in the literary driver's seat bantering and fender nudging so their stories curve and tangle like a BC highway until what emerges is a poignant hilarious conversation Boiling fish in the radiator jousting with a forklift cabbing with Doris Lessing in one hundred panels that's fifty each George and Ryan tell the tales of their friendship families friends and loves all illuminated by the dashboard light *Cars* is an auto biography that'll chauffeur you through the intersection of the lives of two of Canada's most exciting writers

Cars We Love Brian Earnest, 2011-06-23 From the foreword these cars aren't rare or unique but they have other things going for them Sometimes they were the subject of amazing restorations or rescue efforts Sometimes against all odds they remained in one family for generations or were babied to extremes and today have ridiculously low totals on their odometers These are the cars that have stories They might not have been amazing when they were new but they are unique now because of the lives they've lived and the owners who have sat in their driver's seats They've got history and if they could talk what amazing tales they could tell us

Wild About Muscle Cars J. Poolos, 2007-07-15 Introduces the powerful midsize cars from the late 1950s through the 1970s known as muscle cars and discusses what they look like their history the three most popular models muscle car events and related topics

Great Cars of All Time Irving Robbin, 2015-12-29 For enthusiasts of every age here is a gallery of great cars from the beginning to the present day Each of these machines has its own claim to fame some for fabulous styling some for technical developments that changed the course of automotive history some for racing prowess and some for sheer personality For each chapter there is a beautiful full page color portrait of the car in its proper setting The text is no mere description of the machines With authority enthusiasm and wit the author traces the history of each make illuminating the characters of both cars and men with spine tingling racing adventures and inside anecdotes While the story of each make is complete in itself and may be read alone the book as a whole provides a panorama of automotive history The story of cars is of course also the story of men some of the most colorful figures of the modern world drivers such as Nuvolari Oldfield Fangio engineers such as Bugatti Ford and Porsche But cars are the real heroes of this book in these words and pictures they emerge not as mere collections of nuts and bolts and sheet metal but as creatures with a kind of life of their own A life that embodies the urge to freedom and adventure the pride and love of beauty of both their creators and their users New York 1960

rooted in irrational and often unconscious motivation which can usually be uncovered if the correct approach is used In his consumer research he analyzes the nonutilitarian importance of objects in everyday life as well as how products and materials become bound with emotional resonance or acquire different meanings from different contexts or points of view Dichter shows that success depends on the satisfaction of desires and a movement beyond the ethic of work and saving Arguing that in an increasingly technological world progress and social harmony are materially based he advocates a morality of the good life in which prosperity and leisure lead to greater human self assurance in the face of change First published in 1960 *The Strategy of Desire* is especially timely in the age of the Internet and ever increasing effect of sophisticated computer technology on consumer culture Ernest Dichter 1907 1991 was consulting psychologist for the Columbia Broadcasting System from 1943 to 1946 president of the Institute for Motivational Research and founder of Ernest Dichter Associates International His books include *The Psychology of Everyday Life* *Handbook of Consumer Motivation* *Motivating Human Behavior* and *The Naked Manager* Arthur Asa Berger is professor of broadcast and electronic communication arts at San Francisco State University *The Godfather of New England Stock Car Racing* Adrienne J Venditti, 2019-05-18 This book is dedicated to the man whose life inspired me to tell his story His name is D Anthony Venditti widely known as the Godfather of Stock Car Racing in New England It is also dedicated to my mother with her eternal love and devoted support of her beloved Anthony her family and racing She and the Godfather enabled and empowered our family to persevere in the sport This is to all those with unending convictions in the Godfather and to the Seekonk Fraternity of racing This book is a pictorial and a closer look at the life of the Godfather He was the youngest promoter in motor sports in the United States in the 1940s And as a twenty five year old he planned engineered and built his speedway He was young and full of ambition It was his dream an American dream to build open and operate his speedway at the end of World War II in 1946 Yet when in his advanced years he then became known as the oldest living promoter in stock car racing He consecutively ran his race plant each year faithfully opening his facility without fail He never missed a season under his reign an unheard of feat of forty five years as a stock car racing promoter Seekonk Speedway continues to run without any ambiguity by the same family The speedway is proudly still in business all these seventy three consecutive years of racing in the books Anthony is celebrated and acclaimed for his pioneering in the American sport of auto racing awarded RPM s 1978 Promoter of the Year It was with great adoration of the sports community that he is acknowledged for his forethought and far reaching ideas of innovation pertaining to mechanical engineering safety features in facility construction and administrative procedures Mr Venditti is attributed to numerous awards for his devotion for the betterment of the sport of auto racing
