Drama + Theory Peter Buse, 2001 Peter Buse illuminates the relationship between modern British drama and contemporary critical and cultural theory He demonstrates how theory allows fresh insights into familiar drama pairing well known plays with classic theory texts The theoretical text is more than applied to the dramatic text instead Buse shows how they reflect on each other Drama Theory provides not only provides new interpretations of popular plays but of the theoretical texts as well

1956 and All that Dan Rebellato, 1999 It is said that British Drama was shockingly lifted out of the doldrums by the revolutionary appearance of John Osborne's *Look Back in Anger* at the Royal Court in May 1956 But had the theatre been as ephemeral and effeminate as the Angry Young Men claimed Was the era of Terence Rattigan and Binkie Beaumont as repressed and closeted as it seems In this bold and fascinating challenge to the received wisdom of the last forty years of theatrical history Dan Rebellato uncovers a different story altogether It is one where Britain's declining Empire and increasing panic over the problem of homosexuality played a crucial role in the construction of an enduring myth of the theatre By going back to primary sources and rigorously questioning all assumptions Rebellato has rewritten the history of the Making of Modern British Drama

The Making of Theatrical Reputations Yael Zarhy-Levo, 2008-04-21 Today's successful plays and playwrights achieve their prominence not simply because of their intrinsic merit but because of the work of mediators who influence the whole trajectory of a playwright's or a theatre company's career Critics and academic writers are primarily considered the makers of reputations but funding organizations and various media agents as well as artistic directors producers and directors also pursue separate agendas in shaping the reputations of theatrical works In *The Making of Theatrical Reputations* Yael Zarhy-Levo demonstrates the processes through which these mediatory practices by key authority figures situate theatrical companies and playwrights within cultural and historical memory To reveal how these authorizing powers that be promote theatrical events companies and playwrights Zarhy-Levo presents four detailed case studies that reflect various angles of the modern London theatre In the case of the English Stage Company's production of John Osborne's *Look Back in Anger* she centers on a specific event She then focuses on the trajectory of a single company the Theatre Workshop particularly through its first decade at the Theatre Royal Stratford East London Next she explores the

complexities and ambiguities in the process of evolution and definition of the national identity It argues for the creation of a distinctive British national identity both in cinema and the wider culture But it also assesses the creation of alternative identities both ethnic and regional and examines the interaction of cinema and other cultural forms music literature and television

John Osborne John Heilpern, 2008-01-08 John Osborne the original Angry Young Man shocked and transformed British theater in the 1950s with his play Look Back in Anger This startling biography the first to draw on the secret notebooks in which he recorded his anguish and depression reveals the notorious rebel in all his heartrending complexity Through a working class childhood and five marriages Osborne led a tumultuous life An impossible father he threw his teenage daughter out of the house and never spoke to her again His last written words were I have sinned Theater critic John Heilpern's detailed portrait including interviews with Osborne's daughter scores of friends and enemies and his alleged male lover shows us a contradictory genius an ogre with charm a radical who hated change and above all a defiant individualist
