Looking At Mans Past 1965:

A Story of the Fifth Longest Held Pow in Us History Ray Vohden, 2012-11 **The Rolling Stone Illustrated History of Rock & Roll** Anthony ed DeCurtis, James Henke, Holly George-Warren, 1992 Discusses the evolution of rock music from its earliest origins to today's most influential musical styles and performers **Look** Andrew L. Yarrow, 2021 Andrew L Yarrow tells the story of Look magazine one of the greatest mass circulation publications in American history and the very different United States in which it existed The all but forgotten magazine had an extraordinary influence on mid twentieth century America not only by telling powerful thoughtful stories and printing outstanding photographs but also by helping to create a national conversation around a common set of ideas and ideals Yarrow describes how the magazine covered the United States and the world telling stories of people and trends injustices and triumphs and included essays by prominent Americans such as Martin Luther King Jr and Margaret Mead It did not shy away from exposing the country's problems but it always believed that those problems could be solved Look which was published from 1937 to 1971 and had about 35 million readers at its peak was an astute observer with a distinctive take on one of the greatest eras in U S history from winning World War II and building immense increasingly inclusive prosperity to celebrating grand achievements and advancing the rights of Black and female citizens Because the magazine shaped Americans beliefs while guiding the country through a period of profound social and cultural change this is also a story about how a long gone form of journalism helped make America better and assured readers it could be better still Provided by publisher **An Historical Syntax of the English Language** F.Th. Visser, 2023-05-08 Frederik Theodor Visser's An Historical Syntax of the English Language published in four massive volumes between 1963 and 1973 is certainly one of the cornerstones of research in English linguistics Visser's achievements can hardly be overestimated Before the advent of modern corpus linguistics he compiled a remarkable wealth of detailed philological data from all periods of English and combined this with current grammatical analyses of his time This has made this publications an indispensable resource for anyone investigating the history of English syntax This reproduction of Visser's volumes is more than welcome and timely as the volumes have been out of print for quite some time and were sometimes a little bit difficult to navigate Having a searchable and easy to use online version although maybe not perfect available now means a revival for scholarship that celebrates its fiftieth birthday without losing any of its relevance *The Hidden History of Jack Quinn* Mike Robertson, 2017-07-18 A letter written by a seriously ill middle aged man facing the end of his life is found in a safety deposit box after he passes away The document immediately thought to be Jack Quinns last will and testament sends his oldest friend on a quest to find his birth parents his adoption only revealed to him shortly before he died The search for the identity of the decedents birth parents takes Mark Purchell a man who has been Quinns friend for over forty years from his hometown of Ottawa to a small town on Cape Breton Island in Nova Scotia Along the way Purchell encounters and is assisted by a number of intriguing characters including a seedy but well meaning neighbour a stern librarian a retired police

officer members of the clergy a newspaper editor a haughty hotel maitre d and a spirited waitress named Elaine His investigation of The Hidden History of Jack Quinn eventually leads to a newspaper archive and a surprising answer to a departed friend's last request

Psychodynamic Psychotherapy Research Raymond A. Levy, J. Stuart Ablon, Horst Kächele, 2011-12-27 Psychodynamic Psychotherapy Research Evidence Based Practice and Practice Based Evidence continues the important work of the first book published in 2009 by Humana Press Handbook of Evidence Based Psychodynamic Psychotherapy Bridging the Gap Between Science and Practice This landmark title presents in one volume significant developments in research including neuroscience research in psychodynamic psychotherapy by a team of renowned clinician researchers The demand for ongoing research initiatives in psychodynamic psychotherapy from both internal and external sources has increased markedly in recent years and this volume continues to demonstrate the efficacy and effectiveness of a psychodynamic approach to psychotherapeutic interventions in the treatment of psychological problems The work in this volume is presented in the spirit of ongoing discussion between researchers and clinicians about the value of specific approaches to specific patients with specific psychiatric and psychological problems Multiple forms of treatment interventions have been developed over the past fifty years and this volume makes clear with firm evidence the authors support for the current emphasis on personalized medicine Groundbreaking and a major contribution to the psychiatric and psychological literature Psychodynamic Psychotherapy Research Evidence Based Practice and Practice Based Evidence provides firm grounding for advancing psychodynamic psychotherapy as a treatment paradigm

The Brief and Turbulent Life of Modernising Conservatism Stuart Mitchell, 2008-12-18 The Brief and Turbulent Life of Modernising Conservatism is an examination of government tensions and frustrations during a time of economic and social flux It concentrates on the development of domestic industrial policy in the Conservative Party between 1945 and 1964 with particular emphasis on Harold Macmillan's and Sir Alec Douglas Home's administrations Between the general elections of 1959 and 1964 the Conservative Government effected a series of striking and dangerously controversial policy transformations in response to its recognition of Britain's relative economic decline These adjustments were both practical and strategic The administration's aim was extraordinarily ambitious It sought to fashion a recognisably modern and dynamic yet socially stable nation that could retain its place in the international arena Thereby the Party hoped to ensure its own continuation in power The author considers policy innovations

that included an ill starred attempt to join the European Community the development of macro economic planning and the abolition of resale price maintenance an exploit which roused the Tory Party to unusual heights of passion The book does not simply regurgitate an orthodox high political narrative Instead it investigates topics of interest to modern historians and political scientists alike It will be of value to anyone interested in questions of modern political ideology social and economic change the nature of popular political support or the constraints on state power in the post war world **Echoing Events**

Tina van der Vlies,2022-12-12 Echoing Events questions the perpetuation actualization and canonization of national narratives in English and Dutch history textbooks wide reaching media that tendentially inspire a sense of meaning memory and thus also identity The longitudinal study begins in the 1920s when the League of Nations launched several initiatives to reduce strong nationalistic visions in textbooks and ends in the new millennium with the revival of national narratives in both countries The analysis shows how and why textbook authors have narrated different histories which vary in terms of context epoch and place as echoing events by using recurring plots and the same combinations of historical analogies This innovative and original study thus investigates from a new angle the resistance of national narratives to change **New York**
