## Looking For Ilyriand:

**The Great Illyrian Revolt** Jason R. Abdale, 2019-06-30 The little known story of a fierce rebellion against the Romans A very good read for anyone interested in ancient military history and historiography The NYMAS Review In the year AD 9 three Roman legions were crushed by the German warlord Arminius in the Battle of the Teutoburg Forest This event is well known but there was another uprising that Rome faced shortly before which lasted from AD 6 to 9 and was just as intense This rebellion occurred in the western Balkans an area roughly corresponding to modern Croatia Bosnia and Herzegovina Slovenia Montenegro and parts of Serbia and Albania and it tested the Roman Empire to its limits For three years fifteen legions fought in the narrow valleys and forest covered crags of the Dinaric Mountains in a ruthless war of attrition against an equally ruthless and determined foe and yet this conflict is largely unknown today The Great Illyrian Revolt is believed to be the first book ever devoted to this forgotten war of the Roman Empire Within its pages we examine the history and culture of the mysterious Illyrian people the story of how Rome became involved in this volatile region and what the Roman army had to face during those harrowing three years in the Balkans **Forsaken Series** Nancy Veneau, 2011 **Ithaca** Claire North, 2022-09-06 From the multi award winning author Claire North comes a daring reimagining that breathes life into ancient myth and gives voice to the women who stand defiant in a world ruled by ruthless men It s time for the women of Ithaca to tell their tale North brings a powerful fresh and unflinching voice to ancient myth Breathtaking Jennifer Saint author of Ariadne Seventeen years ago King Odysseus sailed to war with Troy taking with him every man of fighting age from the island of Ithaca None of them has returned and the women of Ithaca have been left behind to run the kingdom Penelope was barely into womanhood when she wed Odysseus While he lived her position was secure But now years on speculation is mounting that her husband is dead and suitors are beginning to knock at her door No one man is strong enough to claim Odysseus empty throne not yet But as everyone waits for the balance of power to tip Penelope knows that any choice she makes could plunge Ithaca into bloody civil war This is the story of Penelope of Ithaca famed wife of Odysseus as it has never been told before Beyond Ithaca s shores the whims of gods dictate the wars of men But on the isle it is the choices of the abandoned women and their goddesses that will change the course of the world Illyria in Shakespeare's England Lea Puljcan Juric, 2019-06-12 Illyria in Shakespeare s England is the first extended study of the eastern Adriatic region often referred to in the Renaissance by its Graeco Roman name Illyria in early modern English writing and political thought At first glance the absence of earlier studies may not be surprising that area may seem significant only to critics pursuing certain specialized questions about Shakespeare s Twelfth Night which is set in Illyria But in fact it is not only often misrepresented in the discussions of that play but also typically ignored in the critical conversation on English prose romances poems and other plays that feature Illyria or its peoples some rarely read others well known including Shakespeare s Comedy of Errors 2 Henry VI Measure for Measure and Cymbeline Lea Puljcan Juric explores the reasons for such views by engaging with larger

questions of interest to many critics who focus on subjects other than geographic regions such as othering religion race and the development of national identity among other issues She also broadens the conversation on these familiar problems in the field to include the impact of post Renaissance notions of the Balkans on the erasure of Illyria from Shakespeare studies Puljcan Juric studies the encounters of the English with the ancient and early modern Illyrians through their Greek and Roman heritage geographies histories and travelogues written in a variety of European polities including Illyria itself religious conflict after the Reformation and the threat of Islam and international politics and commerce These considerations show how Illyria s geopolitical position among the Ottoman Empire Habsburg Empire and Venice its national struggles as well as its cultural heterogeneity figured in English interests in the eastern Mediterranean and informed English ideas about ethnicity nationhood and religion In Shakespeare studies however critics have consistently cast Twelfth Night s Illyria as a utopia an enigma or a substitute for England Italy or Greece Arguing that twentieth century politics and negative conceptions of the eastern Adriatic as part of the Balkans have underwritten this erasure of Illyria from our perspective on the field Puljcan Juric shows how entrenched cultural hierarchies tied to elitism and colonial politics still inform our analyses of literature She invites scholars to recognize that for Shakespeare and his contemporaries Illyria is the site of important socio political and cultural struggles during the period some shared with neighboring areas others geographically specific that invite dynamic historical and literary scrutiny [Love Amidst Power: Beyond the Cinderella Tale 4](#) Valentine
