Lorca y la cultura popular marroquí Ahmed El Gamoun,1995 *Lorca y la cultura popular marroquí* Ahmed El Gamoun,1998 **Federico Garcia Lorca and the Culture of Male Homosexuality** Ángel Sahuquillo,2007-05-31 Spain in the twentieth century gave birth to an array of astounding artistic and literary talent including the passionately iconoclastic writer Federico Garcia Lorca But his works were ill received in the homophobic atmosphere of institutionalized Spanish criticism Because of this atmosphere even today s critics have effectively marginalized and disavowed intimations of homo affectivity and homoeroticism in the great Spanish works This book first appeared in Spain in 1991 as counter discourse against those prevailing ideological structures Before its appearance no significant work had focused on the position of Spanish culture towards homosexuality or on how homosexuality could affect the works of canonical writers Engaging with homosexuality as an imperative source of meaning in artistic work this volume rigorously studies the works of Federico Garcia Lorca and several of his marginalized homosexual contemporaries including Emilio Prados Luis Cernuda Juan Gil Albert and Salvador Dali The study relies on the textual evidence presented by these authors to define the homosexual culture as one plagued by the realities of rejection fear of the law self doubts the lack of an authorized language with which to convey emotions the awareness of disgust around the individual the need to accept marginality to find sexual or emotional satisfaction and the knowledge of one s own social divergence all of which have an enormous influence on any artist s work With this new and updated translation this work offers English speaking readers the opportunity to focus on formal aspects of literary expressions of homosexuality Historia y memoria de las relaciones hispano-marroquíes Bernabé López García,Miguel Hernando de Larramendi,2007

Irving's Dialogism in the Alhambra Mohamed Dellal,2024-12-06 Cross culture and or multiculturalism have become catchwords and phrases in certain studies within academia but they have mostly become battle grounds for contestation and convergence with contestation of identity cultural authenticity and or supremacy and hegemony Yet over and above all these skirmishes convergence tends to win the day as it struggles for a cosmopolitan culture and polity albeit very difficult to achieve The present work follows the same line of thought by trying to bring a new perspective into what it calls cultural dialogism inherent in the corpus of texts borrowed from The Alhambra by W Irving The texts selected display a dual characteristic the first is addressed as organic in the sense that the texts reflect some eight hundred years of natural copulation between Muslim culture brought up by Muslim conquerors to the Andalusian Christendom the second underlines a volition on the part of the author to merge the culture by intruding into the structures of the language and the texts The present works intends to show that these characteristic hybridities transgress the generic boundaries as well as the cultural one producing a brassage breaking the fixity of the boundaries cultural and other causing brisures and sutures This endows the texts with a certain liminality that makes it difficult to authenticate them as belonging to either culture

a lo largo de sus obras literarias arquitectónicas y filosóficas más significativas en la filosofía de Ramón Llull y en el misticismo de Teresa de Ávila en la crítica teológico-política de Las Casas o en la novela y el teatro de Cervantes. Esta revisión del pasado que al mismo tiempo es la clave de una crítica del presente son dos razones para no olvidar la obra del exiliado Américo Castro. Este libro aborda una serie de cuestiones políticas. Unas tienen que ver con las formas de este diálogo lingüístico y cultural entre la España musulmana y la España cristiana. Otras con las estrategias de limpieza exclusiva y exterminio de la población bereber y morisca y con la destrucción de sus legados intelectuales y artísticos. Un tercer grupo de ensayos es una crítica del tradicionalismo español y sus estrategias de falsificación histórica desde Unamuno a Ortega y aboga por una revisión multiculturalista del pasado y del presente.
