Greeley Elizabeth Harrison, 1994 A needed and timely scholarly resource beneficial as a major resource for anyone studying Greeley's life and thought a masterful collation of Greeley materials God Game Andrew M. Greeley, 2025-08-22 Andrew M Greeley the phenomenally popular novelist and priest is best known and loved for his understated Catholic morality and compassionate understanding of human foibles In The God Game now available in a brand new trade paperback edition Father Greeley takes a new and fascinating twist on an old cliche What if by using a sophisticated computer game with a healthy dose of heavenly intervention you really could play God What if you actually had the power to control other people's lives This is the dilemma that faces our hero who quickly finds that being given the kingdom the power and the glory is dangerous but addictive The troubles of the people he sees flashing on his computer screen are all too real and his troubles are just beginning At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied **Human Comedy of Andrew M. Greeley** Allienne R. Becker, 2000-08-30 The volume approaches Greeleys novels by comparing him to the 19th century French writer Honor de Balzac A prolific and popular author Balzac recorded his milieu in tremendous detail created a fictional universe peopled by hundreds of characters and explored the role of Catholicism in his world Because of his training as a sociologist Greeley brings to his novels a thorough knowledge of popular culture and social theory And because of his experience as a Roman Catholic priest he has gained special knowledge of vice virtue and the workings of the Church Like Balzac now a major canonical author Greeley has created a world of numerous fictional persons mapped the details of his culture and explored the place of Catholicism in contemporary life Fallina into Grace: the Fiction of Andrew Greeley R. W. Carstens, 2008-10-07 Falling into Grace is a study of Andrew Greeley's fiction and the message behind his words revealing many timeless political and theological ideas Professor R W Carstens shares the findings of his deep exploration into Greeley's novels as evidence of a set of ancient values and key political ideas that are needed today more than ever As a great storyteller Greeley's message is significant that grace sustains us unites us comforts us and sometimes overwhelms us but it is also evidence of our freedom Carstens careful examination into the deeper meaning behind the stories demonstrates that Greeley's characters and the world in which they live portray life as acts of faith hope and love and prove that God is alive and well in the hearts of many in the world As Carstens discusses Greeley s imagination and his political and theological concepts he develops his own theories about how these ideas can be applied in today s world by creating freedom limiting authority and building communities where people are united by common goals In the end Carstens study demonstrates that Greeley's fiction shows us a way to go home to the images that appeal to the best in us and
