Communes and Despots in Medieval and Renaissance Italy John E. Law, 2016-12-05 Building on important issues highlighted by the late Philip Jones this volume explores key aspects of the city state in late medieval and Renaissance Italy particularly the nature and quality of different types of government It focuses on the apparently antithetical but often similar governmental forms represented by the republics and despotisms of the period Beginning with a reprint of Jones s original 1965 article the volume then provides twenty new essays that re examine the issues he raised in light of modern scholarship Taking a broad chronological and geographic approach the collection offers a timely re evaluation of a question of perennial interest to urban and political historians as well as those with an interest in medieval and Renaissance Italy *Lords of Renaissance Italy* John Law, 1998-12-01 *The Encyclopædia Britannica: Lord Chamberlain-Mecklenberg* , 1911 **General Series** Historical Association (Great Britain), 1981 **The Encyclopædia Britannica: L-Lord Advocate** , 1911 **The city guide for Rimini(Italy)** YouGuide Ltd, **Later Medieval Europe** Daniel Waley, Peter Denley, 2013-11-26 From the divine right of kings to the political philosophies of writers such as Machiavelli the medieval city states to the unification of Spain Daniel Waley and Peter Denley focus on the growing power of the state to illuminate changing political ideas in Europe between the thirteenth and sixteenth centuries Spanning the entire continent and beyond and using contemporary voices wherever possible the authors include substantial sections on economics religion and art and how developments in these areas fed into and were influenced by the transformation of political thinking The new edition takes the narrative beyond the confines of western Europe with chapters on East Central Europe and the teutonic knights and the Portuguese expansion across the Atlantic The third edition of this classic introduction to the period includes even greater use of contemporary voices full reading lists and new chapters on East Central Europe and Portuguese exploration Suitable as an introductory text for undergraduate courses in Medieval Studies and Medieval European History **The Lord of the Rings' Metaphors** , *Guide to the Italian Medals Exhibited in the King's Library ...* British Museum.
