## Los Toros Bullfighting:

**Bullfighting**, 196? Bulls, Bullfighting, and Spanish Identities Carrie B. Douglass, 2022-05-10 The matador flourishes his cape the bull charges the crowd cheers this is the image of Spain best known to the world But while the bull has long been a symbol of Spanish culture it carries more meaning than has previously been recognized In this book anthropologist Carrie B Douglass views bulls and bullfighting as a means of discussing fundamental oppositions in Spanish society and explains the political significance of those issues for one of Europe's most regionalized countries In talking about bulls and bullfighting observes Douglass one ends up talking not only about differences in region class and politics in Spain but also about that country's ongoing struggle between modernity and tradition She relates how Spaniards and outsiders see bullfighting as representative of a traditional irrational Spain contrasted with a more civilized Europe and she shows how Spaniards ambivalence about bullfighting is actually a way of expressing ambivalence about the loss of traditional culture in a modern world To fully explore the symbolism of bulls and bullfighting Douglass offers an overview of Spain's fiesta cycle in which the bull is central She broadly and meticulously details three different fiestas through ethnographic fieldwork conducted over a number of years delineating the differences in festivals held in different regions She also shows how a cycle of these fiestas may hold the key to resolving some of Spain's fundamental political contradictions by uniting the different regions of Spain and reconciling opposing political camps the right which holds that there is one Spain and the left which contends that there are many Bulls Bullfighting and Spanish Identities is an intriguing study of symbolism used to examine the broader anthropological issues of identity and nationhood Through its focus on the political discourse of bulls and bullfighting it makes an original contribution to understanding not only Spanish politics but also Spain's place in the modern world

**Bullfight** Garry Marvin, 1994 In this book the author examines the character of the fighting bull how it is bred the career of the matador and what actually happens during bullfights relating these facts to deeply rooted cultural concerns including the relationship between human and animal and the concern with masculine identity

*Bullfighting*, Ernest Hemingway best known to layman and aficionado alike in his fiction described bullfighting or toreo as a cross between romantic risk and a drunken party or as an elaborate substitute for war ending in wounds or death Although his descriptions of the beauty in toreo are lyrical they are short on imaginative creation of how such beauty through techniques and discipline comes about Hemingway may have sculpted a personal mystique of toreo but in the opinion of some he ignored or slighted the full unique nature of the subject In *Bullfighting Art Technique and Spanish Society* John McCormick sorts through the complexities of toreo to suggest the aesthetic social and moral dimensions of an art that is geographically limited but universal when seen in round While having felt the attraction of Hemingway's approach McCormick knew that he was being seduced by elements that had little to do with toreo To try to right Hemingway's distortions he named the first edition of this book *The Complete Aficionado* but then realized that the volume was directed at more than just the spectator *Bullfighting* is written from the point of view of the torero as opposed to the usual spectator's impressions and enthusiasm With the help of a retired matador de toros Mario Sevilla Mascarenas who taught McCormick the rudiments of toreo as well as the emotions and discipline essential to survival the authors rescue toreo from romantic clichés They probe the anatomy of the matador's training and technique provide a past and present survey of the traditions of the corrida and furnish dramatic portraits of such famous figures as Manolete Joselito Belmonte and Ordóñez Here then is an informed analysis and critique of the origins and myths of toreo and a survey of the novels it has inspired Defending the faith in a lively as well as clear and discerning manner this volume provides a committed and vivid approach to the rich history ritual and symbolism of the bullfight as it currently exists

Leone,Shanna Lino,2023-10-02 Chronicling sixteenth century Spain to the present day *Beyond Human* aims to decentre the human and acknowledge the material historicity of more than human nature The book explores key questions relating to ecological equity justice and responsibility within and beyond Spain in the Anthropocene Examining relations between Iberian cultural practices historical developments and ecological processes Maryanne L Leone Shanna Lino and the contributors to this volume reveal the structures that uphold and dismantle the non human human dichotomy and nature culture divide The book critiques works from the Golden Age to the twenty first century in a wide range of genres including comedia royal treatises agricultural reports paintings satirical essays horror fiction and film young adult and speculative literature poetry graphic novels and television series The authors contend that Spanish cultural studies must expose the material historicity that entangles today's ecological crises and ecosocial injustices with previous future and contemporary entities The book argues that this will require the simultaneous decentring of the human and of the Anthropocene as an ecocritical framework By standardizing ecosocial analysis and widening avenues for ecopedagogical approaches *Beyond Human* participates in the ecocentric transformation of Hispanic cultural studies      *Women and Bullfighting* Sarah Pink,2020-07-12 This book investigates the popularity and success of contemporary women performers in bullfighting culture which has been framed by a discourse of traditionalist masculinity This examination of the changing situation of women in the bullfighting world is used to explore the ways in which gender is represented enacted and negotiated in contemporary Spain The bullfight in the 1990s is in an ambiguous position it is a traditional performance in a changing consumer society In order to survive it needs to adapt itself to a wider social context and in particular to

international media coverage It is in this context that the current success of women performers is located However women performers are a contested phenomenon in the bullfighting world there is heated debate over their acceptability much of which focuses on the body Moreover the entry of women into the bullfight questions existing definitions of the sport s ritual structure and of gender relations in Spain Thoroughly researched and compelling to read *Women and Bullfighting* addresses these issues and argues that existing traditionalist approaches to gender bullfighting and ritual in Spain need to be revised in order to locate women bullfighters in the context of a richly varied culture which is increasingly affected by the media and contemporary patterns of consumption This provocative book will be of interest to researchers and students of anthropology gender studies sociology cultural studies media studies and Spanish studies *Death and the Sun* Edward Lewine, 2014-07-15 Part sports writing part travelogue this is a portrait of Spain its people and their passion for a beautiful yet deadly spectacle A brilliant observer in the tradition of Adam Gopnik and Paul Theroux Edward Lewine reveals a Spain few outsiders have seen There s nothing more Spanish than bullfighting and nothing less like its stereotype For matadors and aficionados it is not a blood sport but an art an ancient subculture steeped in ritual machismo and the feverish attentions of fans and the press Lewine explains Spain and the art of the bulls by spending a bullfighting season traveling Spanish highways with the celebrated matador Francisco Rivera Ord nez following Fran as he s known through every region and social stratum Fran s great grandfather was a famous bullfighter and the inspiration for Hemingway s matador in *The Sun Also Rises* Fran s father was also a star matador until a bull took his life shortly before Fran s eleventh birthday Fran is blessed and haunted by his family history Formerly a top performer himself Fran s reputation has slipped and as the season opens he feels intense pressure to live up to his legacy amid tabloid scrutiny in the wake of his separation from his wife a duchess But Fran perseveres through an eventful season of early triumph serious injury and an unlikely return to glory A New York Times Editor s Choice Praise for *Death and the Sun* May be the most in depth incisively written guide to bullfighting available in English Every drunken sophomore riding the rails to Pamplona this summer ought to keep a volume in his backpack New York Times Book Review Lewine demonstrates knowledge of and respect for the matador s dangerous profession E also explores the history of Spaine and the charms and contradictions evident within the country s exceptionally varied cultures and people Boston Globe *Interwar Itineraries* Emily O.
