## **Lost In America:**

*Lost in America* Sherwin B. Nuland, 2007-12-18 A writer renowned for his insight into the mysteries of the body now gives us a lambent and profoundly moving book about the mysteries of family At its center lies Sherwin Nuland's Rembrandtesque portrait of his father Meyer Nudelman a Jewish garment worker who came to America in the early years of the last century but remained an eternal outsider Awkward in speech and movement broken by the premature deaths of a wife and child Meyer ruled his youngest son with a regime of rage dependency and helpless love that outlasted his death In evoking their relationship Nuland also summons up the warmth and claustrophobia of a vanished immigrant New York a world that impelled its children toward success yet made them feel like traitors for leaving it behind Full of feeling and unwavering observation *Lost in America* deserves a place alongside such classics as *Patrimony* and *Call It Sleep* **Lost in America**

Marilyn Sachs, 2005-04 Follows the experiences of Nicole a teenaged French Jew from 1943 to 1948 as she loses her parents and sister to the concentration camps and then leaves her native France to make a new life for herself in New York City

**Lost in America** Pe Ph D Saroj K Joshi, 2008-03-28 *Lost in America* is a story of Kabin a young guy who comes to America with full of dreams and hopes for the future Kabin struggles a lot to adjust to the American system and goes through the ordeals of a first generation immigrant After seventeen years he finds himself trapped in America within his intricate personal and family life He shows his strong desire to return back to his homeland shows frustrations that he could not contribute anything to his country and starts doubting that his patriotism was actually an illusion On the other aspect Kabin acquires a strong personality positive attitude self confidence and strength to face the challenges This book tries to bring the reader closer to understanding the process of transformation bringing the issue of changing from what the person was before to a new realized person in a new culture This process is identified as to how little time an immigrant gets to experience the opportunity of change rather once his attention is able to be a focus of his personal intention then anything is possible The story reflects upon the creative process that comes with self mastery and in this the writer assures himself a place in the history books as one person who by personal diligence achieves that which many of us dream about a transformed self
