Lost Love Letters Of Heloise And Abelard Perceptions Of Dialogue In Twelfth Century France:

The Lost Love Letters of Heloise and Abelard Constant J. Mews, 2016-09-23 This new edition offers fascinating insights into one of the most celebrated love affairs of the Middle Ages A new chapter charts the debate about the letters and offers fresh evidence to attribute them to Abelard and Heloise The complete Latin text is reproduced with an annotated The Lost Love Letters of Heloise and Abelard C. J. Mews, 1999 translation by Chiavaroli and Mews Women in Twelfth-century Convents Vera Petch Morton, 2003 These translated letters and texts composed for younger and older women in twelfth century convents illuminate the powerful medieval ideals of virginity and chastity They show that the literature of virginity and chastity could offer a wide range of role models and precedents for women in the medieval church both in their spiritual formation and in the practical concerns of their monastic lives Abelard s history of women s roles in the church and his letter on women's education both written for Heloise in her work as abbess are seen here alongside previously untranslated letters and texts for abbesses and nuns in England and France Osbert of Clare Goscelin of St Bertin and the women of Barking together with Peter the Venerable and the women of Marcigny offer fresh comparisons and contexts for the famous correspondence of Heloise and Abelard as well as insight into the rich literary and cultural life of other women and men in religion An interpretive essay explores the practical and spiritual engagement of women s convents with medieval commemorative and memorial practices showing that the professional concern of women religious with death goes far beyond the stereotype of nuns as dead to the world or enclosed in living death VERA MORTON gained an MA in Medieval Studies at the University of Liverpool in 1994 JOCELYN WOGAN BROWNE is Professor of English at Fordham Making Love in the Twelfth Century ,2016-04-29 New sparkling translations of the Letters of Two Lovers University NY the Tegernesee Letters and selections from the Regensburg Songs Nine hundred years ago in Paris a teacher and his brilliant female student fell in love and chronicled their affair in a passionate correspondence Their 116 surviving letters some whole and some fragmentary are composed in eloquent highly rhetorical Latin Since their discovery in the late twentieth century the Letters of Two Lovers have aroused much attention because of their extreme rarity They constitute the longest correspondence by far between any two persons from the entire Middle Ages and they are private rather than institutional which means that according to all we know about the transmission of medieval letters they should not have survived at all Adding to their mystery the letters are copied anonymously in a single late fifteenth century manuscript although their style and range of reference place them squarely in the early twelfth century Can this collection of correspondence be the previously lost love letters of Abelard and Heloise And even if not what does it tell us about the lived experience of love in the twelfth century Barbara Newman contends that these teacher student exchanges bear witness to a culture that linked Latin pedagogy with the practice of ennobling love and the cult of friendship during a relatively brief period when women played an active part in that world Newman presents a new translation of these extraordinary letters along with a full commentary

and two extended essays that parse their literary and intellectual contexts and chart the course of the doomed affair Included too are two other sets of twelfth century love epistles the Tegernsee Letters and selections from the Regensburg Songs Taken together they constitute a stunning contribution to the study of the history of emotions by one of our most prominent medievalists Women Writing Latin Laurie J. Churchill, Phyllis R. Brown, Jane E. Jeffrey, 2013-10-11 This book is part of a 3 volume anthology of women's writing in Latin from antiquity to the early modern era Each volume provides texts contexts and translations of a wide variety of works produced by women including dramatic poetic and devotional writing Volume Two covers women s writing in Latin in the Middle Ages A History of Western Philosophy of Education in the Middle Ages and Renaissance Kevin H. Gary, 2021-01-28 This volume traces the history of Western philosophy of education from the Medieval through the Renaissance period 500 1550 This vast expanse of time includes the rise of Christian monasticism one of the most enduring and revolutionary models of education in the history of the West the birth of Islam with its advances in mathematical scientific and philosophical reasoning the rise of the university as an emerging force distinct from ecclesiastical and state control and the dawn of the Enlightenment It includes chapters on the educational thought of Benedict Abelard Heloise Aguinas Maimonides the prophet Mohammaed Hrosvitha of Ganderscheim Hildegard of Bingen among others It also considers the educational impact of Reformation thinkers like Erasmus and Luther and Renaissance thinkers such as Montaigne About A History of Western Philosophy of Education An essential resource for researchers scholars and students of education this five volume set that traces the development of philosophy of education through Western culture and history Focusing on philosophers who have theorized education and its implementation the series constitutes a fresh dynamic and developing view of educational philosophy It expands our educational possibilities by reinvigorating philosophy s vibrant critical tradition connecting old and new perspectives and identifying the continuity of critique and reconstruction It also includes a timeline showing major historical events including educational initiatives and the publication of noteworthy philosophical works Saving Paradise Rebecca Ann Parker, Rita Nakashima Brock, 2008-07-01 A fascinating theological study of how early Christianity's message of love and community has evolved into one of punishment and empire During their first millennium Christians filled their sanctuaries with images of Christ as a living presence as a shepherd teacher healer or an enthroned god He is serene and surrounded by lush scenes depictions of this world as paradise Yet once he appeared as crucified dying was virtually all Jesus seemed able to do and paradise disappeared from the earth Saving Paradise turns a fascinating new lens on Christianity from its first centuries to the present day asking how its early vision of beauty evolved into a vision of torture and what changes in society and theology marked that evolution It also retrieves for today a life affirming Christianity that the world sorely needs The Permeable Self Barbara Newman, 2021-09-17 The Permeable Self offers medievalists new insight into the appeal and dangers of the erotics of pedagogy the remarkable influence of courtly romance conventions on hagiography and mysticism and the unexpected

ways that pregnancy often devalued in mothers could be positively ascribed to men virgins and God **Women In Dark** Age And Early Medieval Europe c.500-1200 Helen Jewell, 2006-10-04 The period 1200 1550 opened in a time of population expansion but went on to suffer the demographically cataclysmic effects of the plague beginning with the Black Death of 1347 51 The period dawned with a confident papacy and the Albigensian crusade against heretics and ended with the Catholic church torn apart by the Protestant Reformation Huge challenges were affecting society in various ways but they did not always affect men and women in the same ways Helen M Jewell provides a lively survey of western European women's activities and experiences during this timeframe. The core chapters investigate The function of women in the countryside and towns The role of women in the ruling and landholding classes Women within the context of religion This practical centre of the book is embedded in an analysis of the gender theories inherited from the earlier Middle Ages which continued to underpin laws which restricted women s activity an education system which offered them inferior institutional provision and a church which denied them ministry Three individuals who vastly exceeded these expectations crashing through the glass ceilings of their day are brought together in a fascinating final chapter Combining a historiographical survey of trends over the last thirty years with more recent scholarship this is as indispensable introduction for anyone with an interest in women's history from the late Medieval period through to the Reformation A Companion to Bernard of Clairvaux Brian Patrick McGuire, 2011-03-21 Bernard of Clairvaux emerges from these studies as a vibrant challenging and illuminating representative of the monastic culture of the twelfth century In taking on Peter Abelard and the new scholasticism he helped define the very world he opposed and thus contributed to the renaissance of the twelfth century

Friendship Barbara Caine,2014-09-11 There has been an increasing interest in the meaning and importance of friendship in recent years particularly in the West However the history of friendship and the ways in which it has changed over time have rarely been examined Friendship A History traces the development of friendship in Europe from the Hellenistic period to today The book brings together a range of essays that examine the language of friendship and its significance in terms of ethics social institutions religious organizations and political alliances The essays study the works of classical and contemporary authors to explore the role of friendship in Western philosophy Ranging from renaissance friendships to Christian and secular friendships and from women s writing to the role of class and sex in friendships Friendship A History will be invaluable to students and scholars of social history Theories and Practices of Psychoanalysis in Central Europe Agnieszka Sobolewska,2023-10-13 Theories and Practices of Psychoanalysis in Central Europe explores the close relationship between psychoanalysis psycho medical discourses literature and the visual arts of the late 1800s and early 1900s in Central Europe Agnieszka Sobolewska addresses the issue of theories and practices of psychoanalysis in Central Europe and the need to undertake interdisciplinary reflection on the specificity of psychoanalytic literary genres and fin de si cle psycho medical discourses With a focus on the circulation of Freudianism in the territories of present day Austria

Hungary the Czech Republic Poland and Germany the book considers the creative transformations that psychoanalytic thought underwent in these countries and reflects on the specificity of psychoanalytic literary genres and the pivotal role of lifewriting genres in the psychoanalytic movement Sobolewska's work both fills a visible gap in research on the history of psychoanalysis in Central Europe before the outbreak of World War II and offers the first insightful analysis of the role of life writing in the development of psychoanalytic thought Theories and Practices of Psychoanalysis in Central Europe will be of great interest to psychoanalysts in practice and in training as well as scholars of the history of psychoanalysis the history of Before Emotion: The Language of Feeling, 400-1800 Juanita psychology literature cultural anthropology and modernism Ruys, Michael Champion, Kirk Essary, 2019-02-07 Before Emotion The Language of Feeling 400 1800 advances current interdisciplinary research in the history of emotions through in depth studies of the European language of emotion from late antiquity to the modern period Focusing specifically on the premodern cognates of affect or affection such as affectus affectio affectioun etc an international team of scholars explores the cultural and intellectual contexts in which emotion was discussed before the term emotion itself came into widespread use By tracing the history of key terms and concepts associated with what we identify as emotions today the volume offers a first time critical foundation for understanding pre and early modern emotions discourse charts continuities and changes across cultures time periods genres and languages and helps contextualize modern shifts in the understanding of emotions Nuns' Priests' Tales Fiona J. Griffiths, 2025-02-01 During the Middle Ages female monasteries relied on priests to provide for their spiritual care chiefly to celebrate Mass in their chapels but also to hear the confessions of their nuns and give last rites to their sick and dying These men were essential to the flourishing of female monasticism during the eleventh and twelfth centuries yet they rarely appear in scholarly accounts of the period Medieval sources are hardly more forthcoming Although medieval churchmen consistently acknowledged the necessity of male spiritual supervision in female monasteries they also warned against the dangers to men of association with women Nuns Priests Tales investigates gendered spiritual hierarchies from the perspective of nuns priests ordained men often local monks who served the spiritual needs of monastic women Celibacy misogyny and the presumption of men s withdrawal from women within the religious life have often been seen as markers of male spirituality during the period of church reform Yet as Fiona J Griffiths illustrates men s support and care for religious women could be central to male spirituality and pious practice Nuns priests frequently turned to women for prayer and intercession viewing women s prayers as superior to their own since they were the prayers of Christ's brides Casting nuns as the brides of Christ and adopting for themselves the role of paranymphus bridesman or friend of the bridegroom these men constructed a triangular spiritual relationship in which service to nuns was part of their dedication to Christ Focusing on men s spiritual ideas about women and their spiritual service to them Nuns Priests Tales reveals a clerical counter discourse in which spiritual care for The Idea of the Theater in Latin women was depicted as a holy service and an act of devotion and obedience to Christ

Christian Thought Donnalee Dox, 2009-12-18 Through well informed and nuanced readings of key documents from the fourth through fourteenth centuries this book challenges historians long held beliefs about how concepts of Greco Roman theater survived the fall of Rome and the Middle Ages and contributed to the dramatic triumphs of the Renaissance Dox s work is a significant contribution to the history of ideas that will change forever the standard narrative of the birth and development of theatrical activity in medieval Europe Margaret Knapp Arizona State University an elegantly concise survey of the way classical notions of theater have been interpreted in the Latin Middle Ages Dox convincingly demonstrates that far from there being a single medieval attitude towards theater there was in fact much debate about how theater could be understood to function within Christian tradition even in the so called dark ages of Western culture This book makes an innovative contribution to studies of the history of the theater seen in terms of the history of ideas rather than of practice Constant Mews Director Centre for the Study of Religion Theology University of Monash Australia In the centuries between St Augustine and Bartholomew of Bruges Christian thought gradually moved from a brusque rejection of classical theater to a progressively nuanced and positive assessment of its value In this lucidly written study Donnalee Dox adds an important facet to our understanding of the Christian reaction to and adaptation of classical culture in the centuries between the Church Fathers and the rediscovery of Aristotle Philipp W Rosemann University of Dallas This book considers medieval texts that deal with ancient theater as documents of Latin Christianity's intellectual history As an exercise in medieval historiography this study also examines biases in modern scholarship that seek links between these texts and performance practices The effort to bring these texts together and place them in their intellectual contexts reveals a much more nuanced and contested discourse on Greco Roman theater and medieval theatrical practice than has been acknowledged The book is arranged chronologically and shows the medieval foundations for the Early Modern integration of dramatic theory and theatrical performance The Idea of the Theater in Latin Christian Thought will be of interest to theater historians intellectual historians and those who work on points of contact between the European Middle Ages and Renaissance The broad range of documents discussed liturgical treatises scholastic commentaries philosophical tracts and letters spanning many centuries renders individual chapters useful to philosophers aestheticians and liturgists as well as to historians and historiographers For theater historians this study offers an alternative reading of familiar texts which may alter our understanding of the emergence of dramatic and theatrical traditions in the West Because theater is rarely considered as a component of intellectual projects in the Middle Ages this study opens a new topic in the writing of medieval intellectual history

witty account tells the life stories of some seventy individuals who made the Middle Ages There are kings and queens popes and politicians soldiers and merchants scholars authors and visionaries They range from the important such as El Cid or Frederick Barbarossa to the little known such as the dissolute Venetian nun Clara Sanuto Some were astonishingly successful the empire created by Chinggis Khan was one of the most extensive ever seen Some such as Charles the Bold the over ambitious 15th century duke of Burgundy were failures Contrary to modern myth medieval people did not believe the earth was flat torture was far less common than in later centuries and technological advances included guns printing blast furnaces spectacles stirrups and the compass Full of insights such as these this book shows how medieval people lived in an era that was more one of invention and innovation than of superstition and backwardness It will appeal to all those who want a truer picture of a world often erroneously portrayed by bestselling novelists of today Mary Hays's 'Female Biography' Mary Spongberg, Gina Luria Walker, 2020-06-04 The essays included in Mary Hays's Female Biography Collective Biography as Enlightenment Feminism emerge from the authors collaboration in producing the first modern edition of Hays s work in the Chawton House Library Edition 2013 2014 This book explores Hays's larger ambitions to lay the foundation for an encyclopaedic work by for and about women The scholars contributions to this volume engage with some of the multiple problems and possibilities that Female Biography presented Drawing on this effort individual scholars examine Hays s attempts to correct existing masculinist constructs which framed the universe of knowledge then and persist in our time Hays perceived that these had the cumulative effect of rendering women invisible She responded to such absence by providing examples of the extent of female worth across Western society Other contributions focus specifically on the subjects of Hays's entries looking at how she used source material and laid the groundwork for future biographical studies of women's lives Both Female Biography and Hays herself have continually presented difficulties in categorization not quite Enlightenment not quite Victorian either This book recontextualizes her work demonstrating the radicalism and originality of her feminism even in its post Wollstonecraftian phase as well as the longevity of her influence As such it will be of interest to those conducting research into Hays her subjects and the evolution of life writing by women This book was originally published as a special issue of Women's Writing Intellectual Culture in Medieval Paris Ian P. Wei, 2012-05-03 This book explores the ideas of theologians at the medieval University of Paris and their attempts to shape society Investigating their views on money marriage and sex Ian Wei reveals the complexity of what theologians had to say about the world around Essays exploring medieval castration as reflected in archaeology law historical record and literary motifs Castration and castrati have always been facets of western culture from myth and legend to law and theology from eunuchs guarding harems to the seventeenth and eighteenth century castrati singers Metaphoric castration pervades anumber of medieval literary genres particularly the Old French fabliaux exchanges of power predicated upon the exchange or absence of sexual

desire signified by genitalia but the plain literal act of castration and its implications are often overlooked This collection explores this often taboo subject and its implications for cultural mores and custom in Western Europe seeking to demystify and demythologize castration Its subjects includearchaeological studies of eunuchs historical accounts of castration in trials of combat the mutilation of political rivals in medieval Wales Anglo Saxon and Frisian legal and literary examples of castration as punishment castration as comedy in the Old French fabliaux the prohibition against genital mutilation in hagiography and early modern anxieties about punitive castration enacted on the Elizabethan stage The introduction reflects on these topics in the context of arguably the most well known victim of castration in the middle ages Abelard LARISSA TRACY is Associate Professor of Medieval Literature at Longwood University Contributors Larissa Tracy Kathryn Reusch Shaun Tougher Jack Collins Rolf H Bremmer Jr Jay Paul Gates Charlene M Eska Mary A Valante Anthony Adams Mary E Leech Jed Chandler Ellen Lorraine Friedrich Robert L A Clark Karin Sellberg LenaW nggren
