Lost Debate German Socialist Intellectuals And Totalitarianism

William David Jones

Lost Debate German Socialist Intellectuals And Totalitarianism:

The Lost Debate William David Jones, 1999 Brings to light critiques of modern tyranny written by German socialist intellectuals before and during World War II about the definition origins nature and means of overcoming totalitarianism

French Intellectuals Against the Left Michael Scott Christofferson, 2004 Christofferson argues that French anti totalitarianism was the culmination of direct democratic critiques of communism revisions of the revolutionary project after 1956 He offers an alternative interpretation for the denunciation of communism Marxism by the French intellectual left in the late 1970s *Intellectuals and their Publics* Christian Fleck, 2016-05-23 How do intellectuals engage with and affect their publics What is the role of the public intellectual in the new age of political uncertainties What challenges face female intellectuals and those speaking from an ethnic national or class position This exciting collection responds to these questions by offering a broad ranging account of the changing role of intellectuals in public life The volume opens with provocative essays on the idea and role of the public intellectual from Alexander Evans and Zulaika Chapters from Rabinbach on intellectuals responses to totalitarianism Outhwaite on what it means to be a European intellectual and Auer s discussion of the dissident intellectual in the collapse of communism lead onto vigorous debate of earlier points discussed through specific intellectual case studies from Tocqueville to Hayek *Intellectuals and their Publics* will attract a broad readership interested in the role of the intellectual with particular appeal for sociologists political theorists and historians of ideas **German**

Scholars in Exile Axel Fair-Schulz, Mario Kessler, 2011-05-26 German Scholars in Exile deals with intellectuals who fled Nazi Germany and found refuge in either the United States or in American Services in Great Britain and post WWII Germany The volume focuses on scholars who were outside the commonly known Max Horkheimer Hannah Arendt circles who are less well known but not less important Their experiences ranged from an outstanding career at an Ivy League university to a return to the German Democratic Republic and a position as an economic advisor to East Berlin s party leadership None had actual political power but many asserted some degree of influence Their intellectual legacies can still be seen in today s political culture **British Subversive Propaganda during the Second World War** Kirk Robert Graham, 2021-08-11 This book

offers the first in depth intellectual and cultural history of British subversive propaganda during the Second World War Focussing on the Political Warfare Executive PWE it tells the story of British efforts to undermine German morale and promote resistance against Nazi hegemony Staffed by civil servants journalists academics and anti fascist European exiles PWE oversaw the BBC European Service alongside more than forty unique clandestine radio stations they maintained a prolific outpouring of subversive leaflets and other printed propaganda and they trained secret agents in psychological warfare British policy during the occupation of Germany stemmed in part from the wartime insights and experiences of these propagandists Rather than analyse military strategy or tactics *British Subversive Propaganda during the Second World War* draws on a wealth of archival material from collections in Germany and Britain to develop a critical genealogy of British ideas

about Germany and National Socialism British propagandists invoked discourses around history morality psychology sexuality and religion in order to conceive of an audience susceptible to morale subversion Revealing much about the contours of mid century European thought and the origins of our own heavily propagandised world this book provides unique insights for anyone researching British history the Second World War or the fight against fascism *The Global Revolution* Silvio Pons,2014-08-28 *The Global Revolution A History of International Communism 1917 1991* establishes a relationship between the history of communism and the main processes of globalization in the past century Drawing on a wealth of archival sources Silvio Pons analyses the multifaceted and contradictory relationship between the Soviet Union and the international communist movement to show how communism played a major part in the formation of our modern world The volume presents the argument that during the age of wars from 1914 to 1945 the establishment of the Soviet state in Russia and the birth of the communist movement had an enormous impact because of their promise of world revolution and international civil war Such perspective appeared even more plausible in the aftermath of the Second World War and of revolution in China which paved the way for the expansion of communism in the post colonial world Communism challenged the West in the Cold War by means of anti capitalist modernization and anti imperialist mobilization showing itself to be a powerful factor in the politicization of global trends However the international legitimacy of communism declined rapidly in the post war era Soviet power exposed its inability to exercise hegemony as distinct from domination The consequences of Sovietization in Europe and the break between the Soviet Union and China were the primary reasons for the decline of communist influence and appeal Since communism lost its political credibility and cultural cohesion its global project had failed The ground was prepared for the devastating impact of Western globalization on communist regimes in Europe and the Soviet Union

Counter-Enlightenments Graeme Garrard,2004-08-02 This book discusses the Counter Enlightenment from its origins in Rousseau s *Discourse on the Arts and Sciences* through to contemporary debates about postmodernism and the relationship between liberalism and Enlightenment

Beyond Totalitarianism Michael Geyer,Sheila Fitzpatrick,2009 These essays rethink the nature of Stalinism and Nazism and establish a new methodology for viewing their histories that goes well beyond outdated twentieth century models of totalitarianism ideology and personality They offer a new understanding of the intertwined trajectories of socialism and nationalism in European and global history

Toward a Concrete Philosophy Mikko Immanen,2020-11-15 *Toward a Concrete Philosophy* explores the reactions of Theodor Adorno Max Horkheimer and Herbert Marcuse to Martin Heidegger prior to their dismissal of him once he turned to the Nazi party in 1933 Mikko Immanen provides a fascinating glimpse of the three future giants of twentieth century social criticism when they were still looking for their philosophical voices By reconstructing their overlooked debates with Heidegger and Heideggerians Immanen argues that Adorno Horkheimer and Marcuse saw Heidegger s 1927 magnum opus *Being and Time* as a serious effort to make philosophy relevant for life again and as the most provocative challenge to their nascent

materialist diagnoses of the discontents of European modernity Our knowledge of Adorno's Frankfurt discussion with Frankfurt Heideggerians remains anecdotal even though it led to a proto version of Dialectic of Enlightenment's idea of the entwinement of myth and reason Similarly Horkheimer's enthusiasm over Heidegger's legendary post World War I lectures and criticism of Being and Time have escaped attention almost entirely And Marcuse's intriguing debate with Heidegger over Hegel and the origin of the problematic of being and time has remained uncharted until now Reading these debates as fruitful intellectual encounters rather than hostile confrontations Toward a Concrete Philosophy offers scholars of critical theory a new thought provoking perspective on the emergence of the Frankfurt School as a rejoinder to Heidegger's philosophical revolution

Degeneration and Revolution Robert Heynen, 2015-03-31 In Degeneration and Revolution Radical Cultural Politics and the Body in Weimar Germany Robert Heynen explores the impact of conceptions of degeneration exemplified by eugenics and social hygiene on the social cultural and political history of the left in Germany 1914-33 Hygienic practices of bodily regulation were integral to the extension of modern capitalist social relations and profoundly shaped Weimar culture Heynen's innovative interdisciplinary approach draws on Marxist and other critical traditions to examine the politics of degeneration and socialist communist and anarchist responses Drawing on key Weimar theorists and addressing artistic and cultural movements ranging from Dada to worker produced media this book challenges us to rethink conventional understandings of left culture and politics and of Weimar culture more generally *Iron Lazar* E. A. Rees, 2013-10-15 The first English language biography of Lazar Kaganovich one of Stalin's leading deputies Iron Lazar investigates the life of a man of key importance to the shaping of the Stalinist state With its insight into the political and personal relations of the Stalin group as well as its examination of this aspiring politician's policy making role during the Stalinist regime Iron Lazar investigates the previously undocumented life of Lazar Kaganovich the last surviving member of the Stalin government and one time heir apparent to the Soviet Union

International Bibliography of Political Science Compiled by the British Library of Political and Economic Science, 2000-02 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge on the social sciences

The SAGE Handbook of Frankfurt School Critical Theory Beverley Best, Werner Bonefeld, Chris O'Kane, 2018-06-04 The SAGE Handbook of Frankfurt School Critical Theory expounds the development of critical theory from its founding thinkers to its contemporary formulations in an interdisciplinary setting It maps the terrain of a critical social theory expounding its distinctive character vis a vis alternative theoretical perspectives exploring its theoretical foundations and developments conceptualising its subject matters both past and present and signalling its possible future in a time of great uncertainty Taking a distinctively theoretical interdisciplinary international and contemporary perspective on the topic this wide ranging collection of chapters is arranged thematically over three volumes Volume I Key Texts and Contributions to a Critical Theory of Society Volume II Themes Volume III Contexts This

Handbook is essential reading for scholars and students in the field showcasing the scholarly rigor intellectual acuteness and negative force of critical social theory past and present

Circles of Resistance John M. Cox, 2009 *Circles of Resistance* Jewish Leftist and Youth Dissidence in Nazi Germany analyzes resistance networks of young German Jews and other young dissidents during the Nazi dictatorship Young German Jewish radicals created an intellectually and politically vibrant subculture in Berlin the geographical focus of this study The youths analyzed here were reacting not only to Nazi oppression they were also driven to develop new modes of action and politics by their estrangement not only from German society but also from the traditional left parties and their post 1933 underground organizations and even from large segments of Berlin's Jewish community where radical activism was often regarded as counterproductive and needlessly provocative At the center of this study are the Herbert Baum groups led by members of Germany's Communist Party KPD While the Baum groups were the largest they were but one of several resistance operations that were situated partially within the milieu created by Communists Socialists Trotskyists and radical Jewish youths Based on archival research in Germany Paris Amsterdam and Jerusalem and interviews with veterans of the anti-Nazi resistance *Circles of Resistance* analyzes the overlap of these diverse social and political dimensions among dissident circles and offers a reconsideration of traditional thinking on leftist and Jewish resistance and youth subcultures of the Third Reich *Circles of Resistance* will be useful for undergraduate as well as graduate courses on Jewish history Nazi Germany and the Holocaust as well as courses devoted to the history of European socialism

Reinventing Liberalism Ola Innset, 2020-01-29 In April 1947 a group of right-leaning intellectuals met in the Swiss Alps for a ten-day conference with the aim of establishing a permanent organization Named an army of fighters for freedom by Friedrich Hayek they would at times use neoliberalism as a description of the philosophy they were developing Later many of them would opt for classical liberalism or other monikers Was their liberalism classical or was it new All new creeds build on previous ones but the intellectuals in question were involved in an explicit attempt to change liberalism and move beyond both past laissez-faire ideals and the social liberalism popular at the time This book provides a contextual historical understanding of the development of neoliberal ideas by studying its evolution from the first socialist calculation debates in Red Vienna to the founding meeting of the Mont Pelerin Society in 1947 The author examines key neoliberal conceptions of totalitarianism market mechanisms and states and presents a detailed study of the discussions during the first meeting of the Mont Pelerin Society Offering a new perspective on the ideas that have influenced economics and politics since the 1970s this study appeals to scholars interested in modern and political history political theory and the history of economic thought What is neoliberalism In search of an answer Innset's innovative intellectual history takes us to a grand hotel overlooking Lake Geneva and inside the first meeting of the Mont Pelerin Society Our journey leaves us with a deeper understanding of the new form of liberalism that is the legacy of this closed society Edward Nik Khah Professor of Economics Roanoke College *Reinventing Liberalism* will put an end to endless debates around whether neoliberalism exists or not Ola

Morris Innset clearly shows that it does and presents a definitive argument for what neoliberalism is This book is a must read for all those who want to have a solid understanding of the ideology that is framing and increasingly visibly endangering our world Marie Laure Salles Djelic Sciences Po Paris *Rosa Luxemburg* J. Shulman,2013-12-18 Collection with new contributions to the debate from New Politics concerning the legacy of Rosa Luxemburg Publishing Stephen Eric Bronner s essay *Red Dreams and the New Millennium* along with the numerous responses to the piece a new introduction and an interview with Bronner stimulates the discussion around Luxemburg s legacy *New Lefts* Terence Renaud,2021-09-07 A groundbreaking history of Europe s new lefts from the antifascist 1920s to the anti establishment 1960s In the 1960s the radical youth of Western Europe s New Left rebelled against the democratic welfare state and their parents antiquated politics of reform It was not the first time an upstart leftist movement was built on the ruins of the old This book traces the history of neoleftism from its antifascist roots in the first half of the twentieth century to its postwar reconstruction in the 1950s to its explosive reinvention by the 1960s counterculture Terence Renaud demonstrates why the left in Europe underwent a series of internal revolts against the organizational forms of established parties and unions He describes how small groups of militant youth such as New Beginning in Germany tried to sustain grassroots movements without reproducing the bureaucratic hierarchical and supposedly obsolete structures of Social Democracy and Communism Neoleftist militants experimented with alternative modes of organization such as councils assemblies and action committees However Renaud reveals that these same militants decades later often came to defend the very institutions they had opposed in their youth Providing vital historical perspective on the challenges confronting leftists today this book tells the story of generations of antifascists left socialists and anti authoritarians who tried to build radical democratic alternatives to capitalism and kindle hope in reactionary times **The Remnants of the Rechtsstaat** Jens Meierhenrich,2018-02-22 This book is an intellectual history of Ernst Fraenkel s *The Dual State* 1941 reissued 2017 one of the most erudite books on the theory of dictatorship ever written Fraenkel s was the first comprehensive analysis of the rise and nature of Nazism and the only such analysis written from within Hitler s Germany His sophisticated not to mention courageous analysis amounted to an ethnography of Nazi law As a result of its clandestine origins *The Dual State* has been hailed as the ultimate piece of intellectual resistance to the Nazi regime In this book Jens Meierhenrich revives Fraenkel s innovative concept of the dual state restoring it to its rightful place in the annals of public law scholarship Blending insights from legal theory and legal history he tells in an accessible manner the remarkable gestation of Fraenkel s ethnography of law from inside the belly of the behemoth In addition to questioning the conventional wisdom about the law of the Third Reich Meierhenrich explores the legal origins of dictatorship elsewhere then and now The book sets the parameters for a theory of the authoritarian rule of law a cutting edge topic in law and society scholarship with immediate policy implications *Adorno's Gamble* Mikko Immanen,2025-02-15 Adorno s *Gamble* offers a startling reinterpretation of the evolution of Theodor W Adorno s thought

usually seen as a mix of critical Marxism Freudian psychoanalysis aesthetic modernism and Jewish tradition Mikko Immanen argues for another previously unacknowledged source of Adorno's thinking on instrumental reason dialectic of enlightenment and frailty of democracy the intellectual underpinnings of Germany's conservative revolutionary movement of the 1920s In a dramatic reappraisal of the leading light of the Frankfurt School Immanen follows Adorno's path of philosophical development from the late Weimar era through years in exile to the postwar period establishing his debt to thinkers of radical conservative bent In particular he focuses on Adorno's enduring and daring effort to harness two of the most infamous works from this tradition Oswald Spengler's *Decline of the West* and Ludwig Klages's *The Spirit as Adversary of the Soul* and to repurpose their reactionary teachings for emancipatory ends *Political Thought From Machiavelli to Stalin* E. A. Rees, 2004-03-12 This is the first book in English to explore the relationship between Stalin's ideas and methods and the practices advocated by Machiavelli and those associated with Machiavellian politics It advances the concept of revolutionary Machiavellism as a way of understanding a particular strand of revolutionary thought from the Jacobins through to Leninism and Stalinism By providing a wide ranging survey of European political thought in the Nineteenth and early Twentieth century E. A. Rees locates the Bolshevik tradition within the wider European tradition

Thank you completely much for downloading **Lost Debate German Socialist Intellectuals And Totalitarianism**. Maybe you have knowledge that, people have look numerous times for their favorite books in imitation of this Lost Debate German Socialist Intellectuals And Totalitarianism, but end going on in harmful downloads.

Rather than enjoying a fine ebook similar to a cup of coffee in the afternoon, otherwise they juggled taking into account some harmful virus inside their computer. **Lost Debate German Socialist Intellectuals And Totalitarianism** is friendly in our digital library an online entry to it is set as public for that reason you can download it instantly. Our digital library saves in multiple countries, allowing you to get the most less latency era to download any of our books past this one.
