Nuestra America Tomo Ii:

Nuestra América Carlos Octavio Bunge, 1926 *Nuestra América inventada. Imágenes de América Latina en los pensadores chilenos* , **Of Summits and Sacrifice** Thomas Besom, 2010-01-01 In perhaps as few as one hundred years the Inka Empire became the largest state ever formed by a native people anywhere in the Americas dominating the western coast of South America by the early sixteenth century Because the Inkas had no system of writing it was left to Spanish and semi indigenous authors to record the details of the religious rituals that the Inkas believed were vital for consolidating their conquests Synthesizing these arresting accounts that span three centuries Thomas Besom presents a wealth of descriptive data on the Inka practices of human sacrifice and mountain worship supplemented by archaeological evidence Of Summits and Sacrifice offers insight into the symbolic connections between landscape and life that underlay Inka religious beliefs In vivid prose Besom links significant details ranging from the reasons for cyclical sacrificial rites to the varieties of mountain deities producing a uniquely powerful cultural history *El Partido Democrático de Chile* Sergio Grez Toso, Este libro reconstruye minuciosamente la trayectoria de la primera organización política popular chilena el Partido Democrático desde su nacimiento en 1887 hasta la instauración de la dictadura de Ibáñez en 1927 periodo durante el cual alcanzó su máxima influencia antes de iniciar su largo y definitivo ocaso Presenta una visión de conjunto a la vez que detallada de la época más importante de la vida de este partido ofreciendo explicaciones tanto sobre su desarrollo y auge como sobre su integración al sistema parlamentarista su creciente corrupción distanciamiento con los movimientos sociales emergentes en la segunda y tercera década del siglo XX e inevitable decadencia **Reconocimiento. ¿Un nuevo paradigma de la Filosofía Política y Social?** Sauerwald, Gregor, 2014-06-27 Han sido comprendidas las relaciones entre Europa y América Latina en el campo de la filosofía como un legado bien o aporte cuya recepción fue siempre favorable o positivamente acogido sin contratiempos rupturas o diferencias mayores Para más de un autor América Latina ha recurrido a esta fuente de inspiración de la cultura occidental en forma permanente No han faltado autores que han mostrado más bien los diversos cortes resistencias y oposiciones que se habrán levantado en nuestro quehacer filosófico contra la imposición europea contra la herencia de recetas y fórmulas que permanentemente exporta el viejo continente A esta constructiva y ya centenaria tarea a este reconocimiento y diálogo que en algunos casos alcanzó nivel intercultural no exento de limitaciones y dificultades se suma en la actualidad la obra de Gregor Sauerwald quien destaca tanto por generar un clima de diálogo intercultural como por la continuidad sustentabilidad y la profundidad del diálogo entre la filosofía alemana y latinoamericana que él ha sabido impulsar como pocos Junto a los desarrollos últimos de la teoría crítica Sauerwald enfrenta en crítica y diálogo una de las escuelas filosóficas latinoamericanas de mayor resonancia a partir de la decadencia de los setenta la filosofía de la liberación Sauerwald insiste en la necesidad del diálogo entre el Sur y el Norte y el Norte y el Sur por el mismo hecho de que estamos viviendo en un global village compartiendo los mismos enemigos y problemas Mito suyo también ha sido mostrar la palpitante vigencia de

la categoría del reconocimiento clave en la filosofía política actual en el Norte y que también ha ocupado lugar eminente en la discusión filosófica en el Sur dentro de la problemática de la filosofía y la praxis de la liberación En uno y otro caso los conflictos económicos políticos y sociales de acuerdo a su gramática podrán deletrearse como una lucha por el reconocimiento De ser así el espacio y el tiempo del reconocimiento podrán unirse y transformarse ahora sí en un diálogo que enriquezca a ambas partes

Dream Nation María Acosta Cruz, 2014-03-19 Over the past fifty years Puerto Rican voters have roundly rejected any calls for national independence Yet the rhetoric and iconography of independence have been defining features of Puerto Rican literature and culture In the provocative new book *Dream Nation* María Acosta Cruz investigates the roots and effects of this profound disconnect between cultural fantasy and political reality Bringing together texts from Puerto Rican literature history and popular culture *Dream Nation* shows how imaginings of national independence have served many competing purposes They have given authority to the island's literary and artistic establishment but have also been a badge of countercultural cool These ideas have been fueled both by nostalgia for an imagined past and by yearning for a better future They have fostered local communities on the island and still helped define Puerto Rican identity within U S Latino culture In clear accessible prose Acosta Cruz takes us on a journey from the 1898 annexation of Puerto Rico to the elections of 2012 stopping at many cultural touchstones along the way from the canonical literature of the Generación del 30 to the rap music of Tego Calder *Dream Nation* thus serves both as a testament to how stories symbols and heroes of independence have inspired the Puerto Rican imagination and as an urgent warning about how this culture has become detached from the everyday concerns of the island's people A volume in the American Literature Initiatives series

The Unfinished Song of Francisco Urondo Hernan Fontanet, 2014-10-24 The Unfinished Song of Francisco Urondo When Poetry is Not Enough is a comprehensive well written documented and carefully developed study of the literary work and life of Francisco Urondo an Argentine poet intellectual activist cultural promoter revolutionary and clandestine guerilla member who died in 1976 fighting for a cause in which he believed against the oppressive Argentine Military Junta This methodical but never mechanistic work shows how life events cultural milieu political movements and world circumstances interacted and impacted Urondo s temperament to produce his poetic voice his prose and his theatrical works By studying the man we get closer to his poetry With his poetry the author makes a compelling case for understanding the man Francisco Urondo s life work and praxis were varied agonizing at times and always marked by imperatives This book fills a significant lacuna in the scholarship on the work of this worthy yet neglected and under studied writer Readers of this book will come away with not only a deepened understanding of the man and his writings but also of a key period in recent Argentine political social and intellectual history

Constellation Caliban , 2023-12-11 We are now in the Age of Caliban rather than in the Time of Ariel or the Era of Prospero Harold Bloom claimed in 1992 Bloom was specifically referring to Caliban s rising popularity as the prototype of the colonised or repressed subject especially since the 1980s However already earlier the figure of Caliban had inspired artists from the most divergent backgrounds Robert Browning Ernest Renan Aim C saire and Peter Greenaway to name only some of the better known Much has already been published on Caliban and there exist a number of excellent surveys of this character s appearance in literature and the other arts The present collection does not aim to trace Caliban over the ages Rather Constellation Caliban intends to look at a number of specific refigurations of Caliban What is the Caliban figure s role and function within a specific work of art What is its relation to the other signifiers in that work of art What interests are invested in the Caliban figure what values does it represent or advocate Whose interests and values are these These and similar questions guided the contributors to the present volume In other words what one finds here is not a study of origins not a genealogy not a reception study but rather a fascinating series of case studies informed by current theoretical debate in areas such as women s studies sociology of literature and of the intellectuals nation formation new historicism etc Its interdisciplinary approach

and its attention to matters of multi culturalism make Constellation Caliban into an unusually wide ranging and highly original contribution to Shakespeare studies The book should appeal to students of English Literature Modern European Literature Comparative Literature Drama or Theatre Studies and Cultural Studies as well as to anyone interested in looking at literature within a broad social and historical context while still appreciating detailed textual analyses

Centenary Subjects Shawn McDaniel, 2021-12-15 Centenary Subjects examines the ideological debates and didactic exercises in subject formation during the centenary era of independence the decade of the 1910s the peak of arielismo and proposes a new reading of the arielista archive that brings into focus the racial anxieties epistemological and spiritual fissures and iconoclastic agendas that structure and at times smother the ethos of that era Arielismo takes its name from Jos Enrique Rod s foundational essay Ariel 1900 a wide ranging gospel dedicated to Latin American youth that incited a cultural awakening under the banner of the spirit throughout the Americas at an ominous juncture when the US co opted the Cuban War of Independence in 1898 effectively rebranding it as the Spanish American War Rod s optimistic message of transcendence as an antidote to the encroaching empire quickly became one of the most pervasive and malleable paradigms of regional empowerment reverberating throughout a range of Latin Americanist projects in the twentieth and twenty first centuries Centenary Subjects recovers a series of important but understudied essays penned by arielista writers radicals pedagogues prophets and politicians of diverse stripes in the early twentieth century and analyzes how under the auspices of the arielista platform young people emerged as historical subjects invested with unprecedented cultural capital increasing political power and an urgent mandate to break with the past and transform the sociopolitical and cultural landscape of their countries But their respective designs harbor racial epistemological aesthetic and anarchistic strains that bring into sharper relief the conflicting signals that the centenary subject had to parse with respect to race reason and rupture
