Como el aire que respiramos Antonio Monegal, 2022-05-17 Qué es y para qué sirve la cultura Más allá de definiciones simplistas e inveteradas que hacen de ella ora el mero producto intelectual y artístico de la elite ora la manifestación de la humanidad en sentido antropológico este iluminador ensayo pone el foco en la dimensión colectiva de los fenómenos culturales

These textual sources challenge established understandings of black Africans and black African history in early modern Spain. They show how black Africans exerted significant cultural agency by collectively contributing to and shaping the literary texts of the period including those of the popular genre villancicos de negros and by developing artistic traditions as musicians, dancers and poets. As both creators and consumers of cultural forms, black African men and women navigated a restrictive, coercive slave society yet negotiated their own physical and cultural spaces.
