La nueva política de partidos en la Argentina Ernesto Calvo, Marcelo Escolar, 2005 Party Politics in New Democracies Paul Webb, Stephen White, 2007-09-20 Comparative Politics is a series for students and teachers of political science that deals with contemporary government and politics The General Editors are Professor Alfio Mastropaolo University of Turin and Kenneth Newton University of Southampton and Wissenschaftszentrum Berlin The series is published in association with the European Consortium for Political Research The sister volume to Political Parties in Advanced Industrial Democracies this book offers a systematic and rigorous analysis of parties in some of the world's major new democracies Drawing on a wealth of expertise and data the book assesses the popular legitimacy organizational development and functional performance of political parties in Latin America and postcommunist Eastern Europe It demonstrates the generational differences between parties in the old and new democracies and reveals contrasts among the latter Parties are shown to be at their most feeble in those recently transitional democracies characterized by personalistic candidate centred forms of politics but in other new democracies especially those with parliamentary systems parties are more stable and institutionalized enabling them to facilitate a meaningful degree of popular choice and control Wherever party politics is weakly institutionalized political inequality tends to be greater commitment to pluralism less certain clientelism and corruption more pronounced and populist demagoguery a greater temptation Without party democracy's hold is more tenuous **La política después de los partidos** Isidoro Cheresky, 2006 La nueva política en América Latina Carlos Moreira, Diego Raus, Juan Carlos Gómez Leyton, 2008 **Latin American Social Movements in the Twenty-first Century** Richard Stahler-Sholk, Glen David Kuecker, Harry E. Vanden, 2008-04-18 This clearly written and comprehensive text examines the uprising of politically and economically marginalized groups in Latin American societies Specialists in a broad range of disciplines present original research from a variety of case studies in a student friendly format Part introductions help students contextualize the essays highlighting social movement origins strategies and outcomes Thematic sections address historical context political economy community building and consciousness ethnicity and race gender movement strategies and transnational organizing making this book useful to anyone studying the wide range of social movements in Latin America *Los tiempos de la memoria en las agendas políticas de Argentina y Chile* Juan Mario Solís Delgadillo, 2016-06-01 Cu les son las razones por las que los presidentes argentinos y chilenos creen importante seguir afrontando el pasado político de sus países Por qué ningún mandatario se ha resistido a la tentación de injerir en el tema de las políticas públicas de la memoria a través de distintas estrategias con costos políticos variables Este libro se basa en el argumento central de que a pesar de las particularidades de cada país los presidentes siguen estimando a la memoria como un problema que merece la atención gubernamental a través de instrumentos oficiales como son las políticas públicas Pero en ese proceso también es cierto que no todos los mandatarios comparten una visión homogénea sobre las herencias recibidas por parte de los regímenes no democráticos previos por lo que

sus intervenciones pueden ser políticas o contradictorias frente a los intereses de los organismos de derechos humanos que se han erigido como los principales promotores de esas políticas. Este trabajo aporta una manera distinta de acercarse al fenómeno de las políticas de la memoria más allá del mero análisis histórico que ha predominado hasta la actualidad.

Procesos políticos y electorales en América latina (2010-2013) Manuel Alcántara Sáez, María Laura Tagina, 2016-06-01 Este libro toma como objeto de análisis las elecciones llevadas a cabo en catorce países de América Latina entre 2010 y 2013 y pone en evidencia la existencia de una gran heterogeneidad de la región a pesar de que los países mantienen algunas pautas constantes como por ejemplo el presidencialismo. Junto con ello el trabajo también examina los procesos políticos que enmarcaron los procesos electorales contemplados y da cuenta de los actores, comportamientos y normas involucrados. En total la obra abarca treinta y tres comicios de nivel nacional entre elecciones legislativas y presidenciales concebidos según un marco de análisis preestablecido lo que facilita la comparación entre los casos. Su extensa cobertura territorial ofrece un panorama completo de la realidad política institucional de la región en clave comparada.

Argentina's Right-Wing Universe During the Democratic Period (1983-2023) Gisela Pereyra Doval, Gastón Souroujon, 2023-12-01 Argentina's Right Wing Universe During the Democratic Period provides a comprehensive analysis of the course of right wing politics in the country in the last 40 years. In 1983 after the fall of a violent military regime Argentina began the longest period of democratic stability in its history 40 years marked by economic institutional social and political crises. This book examines the trajectory of the different right wing organisations and ideological developments during these years seeking to understand both the distinctions and the continuities that lie beneath its metamorphoses. Argentina has always acted as a laboratory in which to appreciate how the major problems and questions that concern those who have studied the right wing in recent decades are translated into a particular political culture. In an international scenario marked by the social and political growth of different right wing movements some of which pose a
