*The Literary World*, 1890      *Literature for Young Adults* Joan L. Knickerbocker, 2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives and the books discussed throughout *Literature for Young Adults* have the potential to make that connection and motivate them to read It explores a great variety of works genres and formats but it places special emphasis on contemporary works whose nontraditional themes protagonists and literary conventions make them well suited to young adult readers It also looks at the ways in which contemporary readers access and share the works they re reading and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs In addition to traditional genre chapters *Literature for Young Adults* includes chapters on literary nonfiction poetry short stories and drama cover art picture books illustrated literature and graphic novels and film It recognizes that while films can be used to complement print literature they are also a literacy format in their own right and one that young adults are particularly familiar and comfortable with The book s discussion of literary language including traditional elements as well as metafictional terms enables readers to share in a literary conversation with their students and others when communicating about books It will help readers teach young adults the language they need to articulate their responses to the books they are reading      **Imagining the Holocaust** Daniel R. Schwarz, 1999 From Elie Wiesel s *Night* to Art Spiegelman s fantastic *Maus* this book presents a thought provoking look at the ways in which writers in the late 20th century have shaped the way readers understand and respond to the events surrounding the Holocaust      *The Columbia Guide to Asian American Literature Since 1945* Guiyou Huang, 2006-08-08 The Columbia Guide to Asian American Literature Since 1945      **Film and Knowledge** Kevin L. Stoeckert, 2015-10-03 Film has become such an underpinning of art and pop culture that its potential for inspiring serious thought is often overlooked Our intellectual involvement with film has been minimized as more in the audience want to be merely amazed and entertained Essays written by both established and cutting edge philosophers of film concentrate in this work on the value of film in general and the value of certain films in particular for the study and teaching of ideas The essays explore such topics as the significance of narrative unity for self knowledge in David Lynch s *Lost Highway* and in Paul Schrader s *Affliction* ambiguity and responsibility in Akira Kurosawa s *Rashomon* consciousness and cognition in Orson Welles s *Citizen Kane* skepticism in Alfred Hitchcock s *Suspicion* and David Cronenberg s *Naked Lunch* language and gender in Neil Jordan s *The Crying Game* Platonic idealism in Chris Marker s *La Jetée* race in Spike Lee s *Summer of Sam* the concept of the imagination in cognitive film theory and the role of ideology in feminist film theory Instructors considering this book for use in a course may request an examination copy here      *The Canadian Short Story* Reingard M. Nischik, 2007 Beginning in the 1890s reaching its first

full realization by modernist writers in the 1920s and brought to its heyday during the Canadian Renaissance starting in the 1960s the short story has become Canada's flagship genre. It continues to attract the country's most accomplished and innovative writers today among them Margaret Atwood, Mavis Gallant, Alice Munro, Carol Shields and many others. Yet in contrast to the stature and popularity of the genre and the writers who partake in it, surprisingly little literary criticism and theory has been devoted to the Canadian short story. This collection redresses that imbalance by providing the first collection of critical interpretations of a range of thirty well-known and often anthologized Canadian short stories from the genre's beginnings through the twentieth century. A historical survey of the genre introduces the volume and a timeline comparing the genre's development in Canada, the US and Great Britain via representative examples completes it. The collection is geared both to specialists in and to students of Canadian literature. For the latter it is of particular benefit that the volume provides not only a collection of interpretations but a comprehensive introduction to the history of the Canadian short story.

Reingard M Nischik is professor and chair of American Literature at the University of Constance, Germany.

Chronicling the struggles of a fallen South she pioneered a poetic realism that influenced a generation of southern writers: Robert Penn Warren, Eudora Welty and William Faulkner among them and shaped the course of American letters. In *Ellen Glasgow: A Biography* Susan Goodman vividly brings to life the famously secretive writer, penetrating the myths, half-truths and lies that have swirled around Glasgow since the publication of her first novel *The Descendent* in 1896. Drawing on previously unpublished papers and personal interviews Goodman uncovers the engrossing details of Glasgow's family history, social milieu, personal tragedies and literary career.      Books Ireland, 1981      *The Publishers Weekly*, 1892      **Publishers' Circular and Booksellers' Record of British and Foreign Literature**, 1908      **The National Advocate**, 1898
