This book helps readers develop a form of assertiveness that emphasizes collaboration, negotiation, and compromise. It focuses on speaking up for the benefit of others and speaking up for the relationship, not just one's own needs. In this way, readers learn to assert their needs in ways that match their compassionate value systems. This book is the ideal assertiveness guide for those who are afraid of rejection, have a deep concern for how others perceive them, often feel judged by others, or have difficulty expressing their feelings and needs. Negativity will bring unhappiness in your life Be positive think positive and be happy The feeling of negative unhappiness or sadness is within us It is said that negative unhappiness is purely our own matter Though it has got something to do with our external circumstances But there are certainly some positive factors within us that keep us happy and there is something negative within us also which keep us unhappy Happy living through positive and good thoughts is nothing more than that of living a normal life free from undue pressures problems and tensions If we want to live a good and happy life then we need to get rid of the negativity within us which makes us unhappy Negative approach always complicates the problems and increases unhappiness Most of us do the fatal mistake of looking outwards for happiness rather than looking inwards Be positive be strong be bold and be courageous you are sure to find the feeling of happiness within you Even if we are having a bad day think of some good things that may come our way either later that day tomorrow next week or next moment When everything seems to be beyond our control it s almost too easy for us to slip into the grasp of negativity and unhappiness To avoid sadness we must strive to abolish this sort of thinking through the power of thinking positively and generate the feeling of happiness within us The art of sweet living is not a complicated kind of art difficult to learn rather a simple art of happy living feeling well eating well and thinking well What we need to do is just to tune up our mind to enjoy every moment of life and let the sweet happiness follow us This is something that needs to be looked into thoroughly We need to focus on the positive aspects of lives rather than on the negative setbacks and enjoy every moment of life happily and merrily Enjoy your life with cheerful talks Be happy and cheerful We must remember that happy living is the reward of sweet and positive thinking We ought to remember only the positive thinking can bring happiness in our lives If we cannot think positively you cannot live happily Be our own teacher or adviser we ought to look everything with a positive angle Let us find something good even in most critical moments of our life and let us make positive thinking the basis of our happy living *I Believe in Life Before Death!* Ronny Håkerud,2019-02-14 I want my life to be read like a good story a story that is eventful I want my life to be so much more than just survival I will not feel cheated on my deathbed and think Is this all there is I would hope you feel the same I would also like to be the author of my own story This is the exact opposite of being a victim who must live a life authored by others Statistics show that we grow older and older but I question the content in many people s lives It s not the years in your life that count it s the life in your years Many people live their lives based on old hypothesis which have been proven wrong Through new neuroscience you will be guided to get an understanding on how the body and mind cooperates so you can be able to fulfill your wishes and desires Join me on a journey towards how you can create your own future Psychic Wisdom on Love and Relationships Pamela Cummins,2012-12-19 Read how a psychic s insights into the spirit world give knowledge to transform your love life Pamela noticed patterns with the questions her clients asked Will I ever find love When is he going to call How can I get my mate to open up You may have similar questions Maybe you re sick
