Taking Medicine Kristin Burnett, 2011-07-01 The buffalo hunter the medicine man and the missionary continue to dominate the history of the North American west even though historians have recognized women s role as both colonizer and colonized since the 1980s Kristin Burnett helps to correct this imbalance by investigating the convergence of Aboriginal and settler therapeutic regimes in the Treaty 7 region from the perspective of women Although the imperial eye focused on medicine men Aboriginal women played important roles as healers and caregivers and the knowledge and healing work of both Aboriginal and settler women brought them into contact But as settlement increased and the colonial regime hardened informal encounters in domestic spaces gave way to more formal one sided interactions in settler run hospitals and nursing stations By revealing Aboriginal and settler women s contributions to the development of health care in southern Alberta *Taking Medicine* challenges traditional understandings of colonial medicine and nursing in the contact zone

Alcohol, Gender and Culture Dimitra Gefou-Madianou, 2002-01-04 Europeans constitute 12 and a half per cent of the world's population but consume 50 per cent of the recorded world production alcohol and this consumption plays a significant role in the cultural religious and social identities of these countries. The contributors show how different groups define the proper use of alcohol how State policies may effect drinking behaviour and highlight how beverages and comestibles must be seen in relation to each other. From this it is shown how important socio cultural distinctions are made between and within communities gender relations ethnic groups and socio economic groups and within religious ideologies what one drinks how one drinks with whom and where all influence not how alcoholic substances are regarded but how social relations are experienced. Alcohol Gender and Culture clearly demonstrates how the social construction of drinking may provide an analytical tool with which to approach different socio cultural groups and illustrates how any cultural group can be compared to another by its attitudes to alcohol.
