A History of War Crimes Trials in Post 1945 Asia-Pacific Zhaoqi Cheng, 2019-06-06 Written by the Director of the Tokyo Trial Research Centre at China's Shanghai Jiao Tong University this book provides a unique analysis of war crime trials in Asia Pacific after World War II It offers a comprehensive review of key events during this period covering preparations for the Trial examining the role of the War Crimes Commission of the United Nations as well as offering a new analysis of the trial itself Addressing the question of conventional war crimes crimes against humanity crimes against peace such as the Pearl Harbor Incident and violations of warfare law it follows up with a discussion of post trial events and the fate of war criminals on trial Additionally it examines other Japanese war crime trials which happened in Asia as well as considering the legacy of the Tokyo trial itself and the foundation of a new Post War International Order in East Asia

Morpho-Syntactic Patterns in Spoken Korean English Sofia Rüdiger, 2019-07-15 Morpho Syntactic Patterns in Spoken Korean English presents fundamental research on the use of English by South Korean speakers Despite the extraordinary and vibrant status of the English language in South Korean society demonstrated for example by the notion of English Fever research on the forms of English in the South Korean context has been sadly neglected in the study of World Englishes This monograph is the first to provide a rich and contextualized description of the Korean English morpho syntactic repertoire It draws on the specifically compiled Spoken Korean English SPOKE corpus to shed light on Korean uses of plural marking articles pronouns prepositions and verbs in spoken English and demonstrates that English is indeed the language of those who use it This volume will be highly relevant for researchers interested in Expanding Circle Englishes Asian Englishes spoken language corpora and morpho syntactic variation

Ygua,2025-08-19 Traditional methods of studying the past have always given greater importance to nationalist religious and moral interests which subordinated the historical fact to the System point of view That s how we have been educated The time has come to simplify and show respect for our ancestors striving to know what really happened in the past and not just what they want to inform us about After so many years of studying History I came to the conclusion that the best study system is through an impartial objective Chronology that just put each event in its exact place in time revealing History without manipulation This Chronology contains not only purely political facts such as the foundation of cities the birth of kingdoms and empires scientific and geographical discoveries natural disasters and epidemics it also includes information on the most different fields of human activity chemistry astronomy geography mathematics and so on In parallel the chronology is complemented by data that do not belong to a specific date but to an entire epoch they are each society generalities curiosities customs the religion of each civilization inventions or discoveries that cannot be placed in an exact date etc The result of all this set is one of the most complete chronologies within its reach periodically updated with the latest archaeological and scientific discoveries and that transforms the reader into an eyewitness of the past understanding the relation of geographically distant facts to each other but closely connected in time and influencing unexpected consequences This is something that traditional history has generally ignored when it was not usable A work of this magnitude could not be published in a single book so I have divided it into several collections and the Spanish originals are being translated into French English Italian and Portuguese The chronology goes from prehistory to the present day year by year as far as possible For those who prefer a deeper and more detailed study I have prepared a second chronology day by day this for now covers from 1789 to 1946 divided into five collections **Dictionaries, Encyclopedias, and Other Word-related Books** Annie
