world how to live His desire is for us to follow His rules His way will get all of us into heaven when our time comes through Him Jesus Christ He gave us the freedom to make choices and shows us how we should follow Him I feel the need to tell all who read my story how very simple life can be when we follow these rules I was the 11th born in a family of 12 children This story gives most of the details in regard to the way I grew up and the choices I made I also tell about the influence of my brothers and sisters For the most part my family thought I turned out to be a rather unusual individual I believe very strongly that I was led by God in the choices that I made I do not profess to be perfect by any means but I did have a beautiful and happy life To this very day I still feel the same way All I can say is read my story and give it a try I think you will be very happy with your choice However it s not like trying on clothes to see how they fit You need the Bible to give you all the rules and regulations My story is only the map

Whatever Makes You Happy Lisa Grunwald,2006-08-08 What does it take to be happy How happy is happy enough And what does happy mean anyway So asks Sally Farber wife mother daughter friend working woman and lover in this wise and funny novel about a woman s search for happiness in some of the right and a few of the wrong places Summer in the city looms long for Sally Farber when she sends her two daughters off to camp for the first time Suddenly freed of her usual patterns in a city that becomes a grown up s playground she embarks on a journey unlike any she s ever had filled with guilty pleasures and guilty pains Caught between the past cleaning out her childhood apartment as her demanding mother offers edicts from South Carolina and the future facing her first semi empty nest Sally finds herself unexpectedly involved with a powerful unpredictable man And as she researches a book whose very topic is happiness she must weigh the relative merits of prescriptions for its attainment offered by Aristotle and the Dalai Lama Freud and Charles Schulz scented candles and Zolof her mother and her best friend The answer comes in the end from a surprising discovery in this rich and original novel about how we can find and ultimately embrace both happiness and love *Nations are Built of Babies* Cynthia R.

Comacchio,1993-12-09 Nations Are Built of Babies documents a national campaign by Ontario physicians to reduce infant and maternal mortality in the early twentieth century Armed with a secure faith in science and aided by the increasingly important position of experts in Canadian society the medical profession tackled the national tragedy of infant and maternal mortality by advocating scientific motherhood Canadian mothers were believed to be handicapped by an ignorance that could be remedied only through expert tutoring and supervision of child rearing duties Working within a Marxist feminist framework Cynthia Comacchio demonstrates that the campaign was part of a conscious plan to modernize Canadian families to meet the ideological imperatives of industrial capitalism Doctors reasoned that if infants could be saved and their physical mental and moral health regulated the benefits in socio economic terms would more than offset any individual or state investment
