teamed up with Victoria historian and preservationist Gary Dunnam to present these rich images along with brief historical sketches of the houses and where possible the persons who occupied them when they were newly constructed The result is an understated and elegant suggestion of what life may have been like for the merchants bankers agriculturalists and others who built and lived in these homes during the late nineteenth and early twentieth centuries Designed to appeal to those with a love for old houses and especially for the preservation of historic structures All the Houses Were Painted White offers its readers a stately appreciation of these homes and their place in the South Texas landscape It is also a tribute to the architects owners and anonymous craftspeople who built the houses to their vision skill ingenuity imagination creativity and endurance
