Nutrition Against Disease:

Nutrition Against Disease Roger J. Williams, 1981 Nutrition Against Disease, 1973 Clinical Nutrition Using the Seven Lines of Defense Against Disease Robert J. Peshek, 1980 **The Best of Health** Sheldon Zerden, 2004 The Best of Health is a compilation and condensation of the best and most important health and nutrition books of the last 50 years. It shows the evolution of views on holistic health practices. It presents a balanced view of the natural health phenomenon including diet, exercise, vitamins, and minerals, specific diseases, and the mind-body connection. Its format of short synopses acts as a guide to the many books on nutrition available. This saves the consumer time and money; they read the condensations in *The Best of Health* and use them to evaluate which approaches they wish to study in more depth.

Nutrition Against Disease Roger J. Williams, 1973-03-01 **Diet Related to Killer Diseases** United States Congress. Senate. Select Committee on Nutrition and Human Needs, 1977 The Complete Guide to Health and Nutrition Gary Null, Ph.D., 2009-09-23 The ultimate sourcebook from America's leading alternative health expert. Yes, you can feel better, look better, and extend the best years of your life through proper nutrition and exercise. And there is no better guide to optimum health than this classic reference and sourcebook. Compiled by Gary Null, Ph.D., America's leading health and fitness expert, a TV regular and host of his own nationally syndicated radio program, this invaluable resource offers a comprehensive overview of protein, carbohydrates, lipids, vitamins, and minerals, with the facts about their role in maintaining and restoring health. Learn what's in the food you eat and what it can do for and to you. Discover the pros and cons of supplements, which to take, how to take them, and safe and effective dosages for each. Find out the best way to lower high blood pressure and lose weight. How to know if you're getting enough or too much protein. The role of sugar in cardiovascular disease. The best foods and supplements to meet changing nutritional needs. Why exercise is more important than diet for weight control, and which exercise is best of all. The vitamin that slows down the aging process. Why you may be inviting heart disease when you eliminate all cholesterol-containing foods from your diet. Gary Null cuts through the myths and hype and presents the facts everything you need to know about living well every day of your life.
