## HOW TO GET THE MOST OUT OF THIS BOOK

### Chapter Organization

Each chapter has the following elements to guide you during review and study:

- Chapter Objectives** describe what you will be able to know or do after learning the material covered in the chapter
- OBJECTIVES** Review basic principles of growth and development Describe major physical expectations for each developmental age group Identify developmental milestones for various age groups Discuss the reactions to illness and hospitalization for children at various stages of development
- Review at a Glance** contains a glossary of key terms used in the chapter with definitions provided up front and available at your fingertips to help you stay focused and make the best use of your study time
- Pretest** this 10 question multiple choice test provides a sample overview of content covered in the chapter and helps you decide what areas need the most or the least review
- Practice to Pass** questions these are open ended questions that stimulate critical thinking and reinforce mastery of the chapter content
- NCLEX Alerts** the NCLEX icon identifies information or concepts that are likely to be tested on the NCLEX licensing examination Be sure to learn the information flagged by this type of icon
- Case Study** found at the end of the chapter it provides an opportunity for you to use your critical thinking and clinical reasoning skills to put it all together it describes a true to life client case situation and asks you open ended questions about how you would provide care for that client and/or family
- Posttest** a 10 question multiple choice test at the end of the chapter provides new questions that are representative of chapter content and provide you with feedback about mastery of that content following review and study All pretest and posttest questions contain rationales for the correct answer and are coded according to the phase of the nursing process used and the NCLEX category of client need called the Test Plan

The Test plan codes are:

- PHYS** Physiological Integrity
