suggesting some evocative poststructuralist pedagogical practices the author focuses on diagnosing the fault lines of composition s refusal of poststructuralism rather than on providing solutions in the form of teaching templates Upsetting Composition Commonplaces addresses the need to more effectively engage in poststructuralist concepts in composition in an accessible and engaging voice that will advance the conversation about relations between the theory and teaching of writing

Donald Trump in Historical Perspective Michael Harvey, 2022-04-11 Donald Trump in Historical Perspective Dead Precedents is a collection of chapters that utilizes the thinking of historians philosophers and political scientists to explore historical parallels to the presidency of Donald J Trump the 45th President of the United States of America This collection provides an extensive analysis on the ways Trump s impulsiveness breaking of norms and disregard for longstanding democratic pieties caused him to represent a definitive end to the American century an era when American self confidence steadiness and leadership even in the face of titanic challenges were almost universally taken for granted Yet this book also argues how in the longer sweep of history Trump is a familiar figure in the turbulent life of democracies These in depth chapters reveal the ways Trump represents the anti institutionalist the populist demagogue the would be authoritarian who exploits electoral and political vulnerabilities to gain and hold power Through these detailed evaluations these chapters suggest that Trump is not radically unique but that democracies have produced many previous versions of the Trump phenomenon This book is essential reading for scholars and students in political science political theory history and leadership This book is also noteworthy for readers interested in key developments in contemporary American democracy One of its greatest appeals is its extensive look into leadership on an international scale from Donald Trump's global significance to various explorations of non American leaders and the comparisons that can be made Thinkina Critically in College Louis Newman, 2023-03-07 Finally a college prep book that actually prepares students for college Almost all first year college students discover that college courses are more academically challenging than they expected and certainly harder than classes in high school Professors expect students not just to absorb material but to analyze and synthesize it consider multiple perspectives evaluate conflicting evidence and then apply what they ve learned in new contexts Thinking Critically in College explains how to do all this and more Louis E Newman draws on decades of experience as a professor at Carleton College and Dean of Academic Advising and Associate Vice Provost for Undergraduate Education at Stanford offering the guidance you need to succeed both in college and in life post graduation Unique among college prep books Thinking Critically in College builds on the latest research in learning spells out the key critical thinking skills you need shows you how to tackle actual college assignments and provides exercises throughout to reinforce the lessons Written in a personal engaging style Thinking Critically in College explains how to do the work your professors will require exactly the preparation you need no matter what your academic background Practical accessible comprehensive and interactive Thinking Critically in College is the definitive guide not only for those in college or headed there but for everyone who needs a refresher on

<u>Insights into Ethical Theory and Practice</u> Francis Fallon,2022-02-06 Ethical issues hold great importance for all of us but expert accounts of them are difficult to access for those outside academics. This volume bridges that gap by framing a variety of essays within the field in a way that renders them accessible to experts and non experts alike Many collections on ethics re publish classic essays and offer contextualization and analysis while other volumes of emerging innovative work presuppose a background in the field This book uniquely borrows from both approaches offering emerging innovative work carefully curating its order for sense and presenting the work so that non experts may understand it The field of ethics is an eclectic one Where other collections on ethics may intimidate the reader by representing the field as an organized monolith or as impenetrable to outsiders this volume is designed to give readers confidence and enthusiasm in approaching a diverse and lively subject Writing and Developing Your College Textbook Mary Ellen Lepionka, 2008 This is the comprehensively revised second edition of a popular professional book on textbook writing and finding one s way in the higher education publishing world for academic authors and editors college instructors and instructional designers The second edition has two new chapters on the latest industry trends such as the pricing revolt open access movement and wiki textbook phenomenon and on the use of learning objectives to structure textbook package development Every chapter features new sections links forms models or examples from an even greater range of college courses Contains updated and expanded appendices glossary entries references bibliography entries and index BISAC Language Arts Disciplines Authorship and Publishing

Guide to College Writing Assessment Peggy O'Neill, Cindy Moore, Brian Huot, 2009-04-15 While most English professionals feel comfortable with language and literacy theories assessment theories seem more alien English professionals often don't have a clear understanding of the key concepts in educational measurement such as validity and reliability nor do they understand the statistical formulas associated with psychometrics But understanding assessment theory and applying it by those who are not psychometricians is critical in developing useful ethical assessments in college writing programs and in interpreting and using assessment results A Guide to College Writing Assessment is designed as an introduction and source book for WPAs department chairs teachers and administrators Always cognizant of the critical components of particular teaching contexts O Neill Moore and Huot have written sophisticated but accessible chapters on the history theory application and background of writing assessment and they offer a dozen appendices of practical samples and models for a range of common assessment needs Because there are numerous resources available to assist faculty in assessing the writing of individual students in particular classrooms A Guide to College Writing Assessment focuses on approaches to the kinds of assessment that typically happen outside of individual classrooms placement evaluation exit examination programmatic assessment and faculty evaluation Most of all the argument of this book is that creating the conditions for meaningful college writing assessment hinges not only on understanding the history and theories informing assessment practice but also on composition programs availing themselves of the full range of available assessment practices The Cumulative Book Index ,1994 A world list of books in the English language Resources in Education ,2001 Generation 1.5 in College Composition Mark Roberge, Joel Spring, 2008 **Literacy in Grades 4-8** Nancy L. Edwards, Alexandria Lockett, 2020-07-01 Learning from the Lived Experiences of Graduate Student Writers is a timely resource for understanding and resolving some of the issues graduate students face particularly as higher education begins to pay more critical attention to graduate student success Offering diverse approaches for assisting this demographic the book bridges the gap between theory and practice through structured examination of graduate students narratives about their development as writers as well as researched approaches for enabling these students to cultivate their craft The first half of the book showcases the voices of graduate student writers themselves who describe their experiences with graduate school literacy through various social issues like mentorship access writing in communities and belonging in academic programs Their narratives illuminate how systemic issues significantly affect graduate students from historically oppressed groups The second half accompanies these stories with proposed solutions informed by empirical findings that provide evidence for new practices and programming for graduate student writers Learning from the Lived Experiences of Graduate Student Writers values student experience as an integral part of designing approaches that promote epistemic justice This text provides a fresh comprehensive and essential perspective on graduate writing and communication support that will be useful to administrators and faculty across a range of disciplines and institutional contexts Contributors Noro Andriamanalina LaKela Atkinson Daniel V Bommarito Elizabeth Brown Rachael Cayley Amanda E Cuellar Kirsten T Edwards Wonderful Faison Amy Fenstermaker Jennifer Friend Beth Godbee Hope Jackson Karen Keaton Jackson Haadi Jafarian Alexandria Lockett Shannon Madden Kendra L Mitchell Michelle M Paquette Shelley Rodrigo Julia Romberger Lisa Russell Pinson Jennifer Salvo Eaton Richard S v re Cecilia D Shelton Pamela Strong Simmons Jasmine Kar Tang Anna K Willow Trevi o Maurice Wilson Anne Zanzucchi **Crises of the Sentence** Jan

Mieszkowski, 2019-04-02 There are few forms in which so much authority has been invested with so little reflection as the sentence Though a fundamental unit of discourse it has rarely been an explicit object of inquiry often taking a back seat to concepts such as the word trope line or stanza To understand what is at stake in thinking or not thinking about the sentence Jan Mieszkowski looks at the difficulties confronting nineteenth and twentieth century authors when they try to explain what a sentence is and what it can do From Romantic debates about the power of the stand alone sentence to the realist obsession with precision and revision to modernist experiments with ungovernable forms Mieszkowski explores the hidden allegiances behind our ever changing stylistic ideals By showing how an investment in superior writing has always been an ethical and a political as well as an aesthetic commitment Crises of the Sentence offers a new perspective on our love hate relationship with this fundamental compositional category Dynamics of News Reporting and Writing Vincent F.
